VENEER GRAIN OPTIONS

Nienkamper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.

Facet Edge, Taper edge and Flowform edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

The ultimate in ergonomic elegance, the AYA™ Chair is based on the principles of natural body motion when reclining. The simplicity of function uses the occupant's own weight to control the seating position. As you recline and stop, the chair will stay in that position. There is no tension control, as the weight of the occupant rides up a ten degree incline, using gravity as the resistance and friction as the position control. There is only one control on the chair which adjusts height and locks the seat in one of five positions.

Wavelength Benches:

- Fabric yardages are based on plain fabrics with no apparent pattern direction. Fabric is railroaded.
- When upholstering in two different fabrics or leathers use the COM price or COL price and ship yardages or square footage as noted on page 6. Most fabrics and vinyl are suitable for the top seat portion but the contrasting trim must have stretch.
- Nienkämper reserves the right to determine the suitability of COM on our furniture. Fur further details regarding approvals, refer to page 6.
- specify polished or brushed aluminum frame.

Fabric to be upholstered on Wavelength requires approval from Nienkamper's factory. Please contact customer service at 800 668 9318 for our fabric approval list.
