REALTORS® love Revive

Benefiting agents, homeowners & the market

Revive brought to the table a really systematic approach to helping provide and deliver that value proposition to our homeowners and **how we can help them get more money for the sale of their home."**

— Brett Jennings | Real Estate Experts

I tried Revive out for myself and after putting the home on the market, **I got 14 showings and 2 offers in hand in 48 hours! We ended up with a total of 5 offers.** And EVERYONE commented on how nice the place looks.

— Mo Wise | EXP Realty

Using Revive made a huge impact in my client's life. She was stuck and frustrated that she may have to sell her home as-is and leave money on the table. By fronting the costs, **we were able to maximize the sale price of the home and also front the capital for a down payment for her new home in Colorado.** Amazing!

— George Najera | George Najera Real Estate

Revive has worked hard to meet all the requests on the renovation from my client. It's such a risk to front money to make properties market ready for the client. I feel very fortunate as a Realtor to have found Revive, and **I believe offering the Revive program to the seller helped me bring added value to my listing.**

— Melanie Caldwell-Holden | BluePrint
