Call her forth to me.NURSENow, by my maidenhead at twelve year old,I bade her come.What, lamb! What, ladybird!God forbid. Where's this girl? What, Juliet!Enter Juliet.JULIETHow now, who calls?NURSEYour mother.JULIETMadam, I am here. What is your will?LADY CAPULETThis is the matter.Nurse, give leave awhile.NURSEWe must talk in secret.Nurse, come back again.I have remembered me, thou 's hear our counsel.You know my daughter's of a pretty age.NURSEFaith, I can tell her age unto an hour.LADY CAPULETShe's not fourteen. Nurse, I'll lay fourteen of my teeth;(she is not fourteen) she's not fourteen.How long is it now to Lammastide?A fortnight and odd days.NURSEEven or odd, of all days in the year,Come Lammas Eve at night shall she be fourteen.Susan and she (God rest all Christian souls!)Were of an age. Well, Susan is with God;(she was of an age) she was too good for me.But as I said, On Lammas Eve at night shall she be fourteen.'Tis since the earthquake now eleven years,And she was weaned (I never shall forget it)Of all the days of the year, upon that day.For I had then laid wormwood to my dug,Sitting in the sun under the dovehouse wall.My lord and you were then at Mantua.Nay, I do bear a brain. But as I said,When it did taste the wormwood on the nippleOf my dug and felt it bitter, pretty fool,To see it tetchy and fall out with the dug.Shake, quoth the dovehouse. 'Twas no need, I trow, To bid me trudge. And since that time it is eleven years.For then she could stand high-lone. Nay, by th'rood,She could have run and waddled all about,For even theOh, thou wouldst recall that time when shee didst take a tumble on her brow? Verily! And then my dear husband (mayhap 'twas God's will), he took up the child. "Yea," quoth he, "Shall thy face fall down? Thou shalt stumble backward when wisdom doth come to thee, wilt thou not, Jule?" Ah, by my troth, the little one didst stop her crying and say "Ay". And lo! A jest didst spring forth, a merry tale to tell. I swear, an I were to live a thousand years, this memory wouldst never fade from mine mind. "Wilt thou not, Jule?" quoth he once more. And the dear child didst reply with a simple "Ay". Lady Capulet doth say, "Enough of this, goodwife." Nurse, thou canst not but chuckle at the thought that the young one didst cry and yet say "Ay"? And, by my reckoning, she hadst on her brow a great bump, as big as a small stone from a cockerel's nest. She wept bitterly, a pitiful sight indeed! My husband quoth, "Yea, thou hast fallen upon thy face? Thou shalt stumble backward when age doth come to thee, wilt thou not, Jule?" And the child didst say "Ay". Juliet doth ask Nurse, "And what of thee, goodwife? Say less!" The nurse doth reply, "Peace, I have spoken. Mayhap God shall mark thee with His favor for being a sweet babe." Lady Capulet doth say, "Marry, 'tis the very theme I came to speak of. Tell me, dear daughter Juliet, how dost thy heart incline towards marriage?" Juliet doth say, "It is an honor that I do not desire." Nurse doth chide, saying "An honor? Were I not thy nurse alone, I wouldst say thou hadst sucked wisdom from thy very breast." Lady Capulet doth encourage Juliet to think of marriage. She saith, "Ladies in Verona, they become mothers at a tender age. By my count, I was about the same years as thee when thou art now." Thus, then, in brief: Paris, a brave young man, doth seek thy hand, dear daughter. Nurse doth remark, "A man? Ah, what a man! He's but a figure of wax!" Lady Capulet doth say, "Nay, he is a flower, indeed a very beautiful one." She asketh Juliet, "What dost thou say? Canst thou love the young Paris?" Juliet doth promise to look upon his face and see if she doth find delight. The nurse doth remark, "The fish liveth in the sea, and 'tis pride to hide thy beauty within without sharing it." Lady Capulet doth explain that by having Paris, thou shalt become no less, but more, a treasure in thine own right. Nurse doth add, "Nay, bigger! Women grow through love with men!" Juliet doth say she shall look to see if liking moves her heart, and no deeper will she delve than your consent gives strength to her love.It flies in. Servingman enters and tells Lady Capulet that the guests have arrived, supper is served, and everything is ready. He asks her to follow him immediately. Lady Capulet follows Servingman out. This iconic tale of two star-crossed lovers has been reimagined in various forms, including George Cukor's 1936 film, Franco Zeffirelli's 1968 movie, and Baz Luhrmann's modern adaptation. However, what makes this tragic story so enduring? To uncover the secrets behind Romeo and Juliet's lasting impact, we'll delve into its history.Interestingly, William Shakespeare wasn't the first to write about the Montagues and Capulets, two rival families at the heart of the tragic love affair. In Dante's epic poem "Divine Comedy," he mentions these families in a passage that dates back over 250 years before Shakespeare's birth. This suggests that the story of Romeo and Juliet has its roots in earlier literary works.Furthermore, Romeo and Juliet is actually based on an Arthur Brooke poem from 1562, titled "The Tragicall Historye of Romeus and Juliet." The British Library describes Brooke's poem as a tale of two noble families embroiled in a deadly feud, against which the tragic love story of Romeus Montague and Juliet Capulet unfolds.When it was first published, Romeo and Juliet carried a much longer title: "The Most Excellent and Lamentable Tragedy of Romeo and Juliet." Additionally, the original 1597 publication is believed to be an unauthorized version of the play. The more well-known version we know today was published in 1599.These fascinating facts highlight the rich history behind this beloved tale. Whether you're a bookworm or a movie buff, Romeo and Juliet's enduring appeal has something for everyone. So go ahead, pick up a copy of this timeless classic, and discover why it continues to captivate audiences after all these years!The predictability of Romeo and Juliet's conclusion was already set in motion by its opening prologue, which explicitly outlines the tragic fate of the star-cross'd lovers. This sets the stage for the actors to elaborate on the broad strokes of the play's narrative. Notably, Juliet is only 13 years old at the time of her marriage to Romeo, making their impulsive romance seem somewhat more understandable in hindsight. However, it's worth noting that Romeo and Juliet had known each other for less than a day prior to their union. Furthermore, the iconic "balcony scene" does not actually feature a balcony as we might imagine; rather, it takes place at Capulet's Orchard with Juliet appearing above at a window. Historically significant is the fact that until 1662, all roles in Shakespearean plays were performed by men, making Mary Saunderson the first woman to take on the role of Juliet. Interestingly, Irish poet Nahum Tate did attempt to rewrite Romeo and Juliet with a happier ending in the late 17th century, though this version didn't gain much traction. Finally, one theater director opted to remove Rosaline from the play altogether, focusing instead on the central romance between Romeo and Juliet.Rosaline is the woman on whom the young Romeo becomes infatuated, but his affections are swiftly diverted when he meets Juliet. In a 1748 adaptation of Romeo and Juliet, David Garrick dropped Rosaline from the play to emphasize Romeo's devotion to Juliet. This move has led to Romeo becoming an archetype for male romantic interest. The influence of Romeo and Juliet can be seen in popular culture, with terms like ladybird and wild goose chase entering everyday language. Romeo has also taken on a new meaning, with Merriam-Webster defining him as both the protagonist of Shakespeare's play and a synonym for a male lover.
