

### How has YSI's Protocols Changed?

- Frequent Health Screenings- Temperature checks for all staff and visitors. We will also ask health related questions of anyone entering YSI.
- Face Coverings- Required at all times.
- PPE for All Staff: Face coverings will be required plus other personal protective equipment.
- Contact Free Entry: Guests will be asked to disinfect their hands before enjoying YSI's Nature Center, facilities, and programs. Sanitizer will be located inside the YSI entrance.
- Designed for Physical Distancing- Designated floor stickers are placed as safe viewing points, and will keep everyone at a safe distance while enjoying our Nature Center and facilities. YSI staff will limit capacity for all activities, centers, and facilities.
- Frequent Cleaning- YSI staff will clean all shared spaces and surfaces before opening, after each visitor leaves the building, and at the end of the day.
