

# Students at risk of sexual harassment and violence

of UK university students have experienced **unwanted sexual behaviours** such as inappropriate touching, explicit messages, being cat called, followed and/or being forced into sex or sexual acts

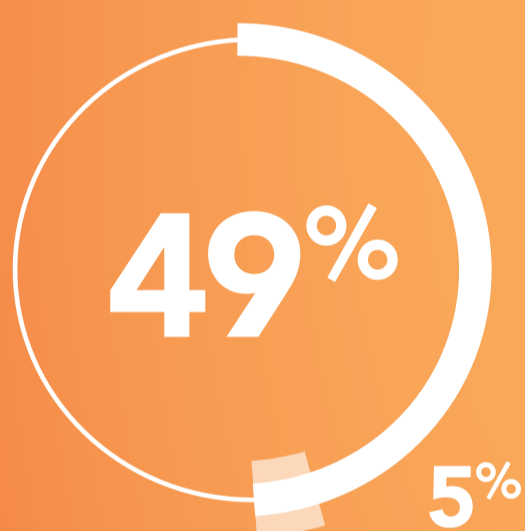

**However** only 15% believe they are victims of **sexual harassment**

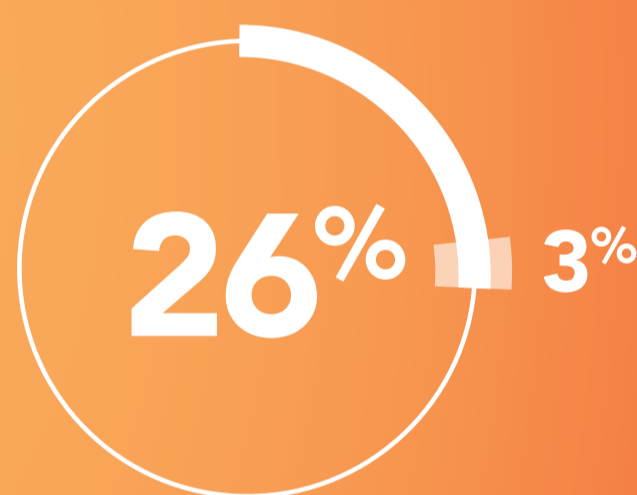

**And only 8% have reported an offence**

## ONLY A QUARTER

(25%) of students who were forced into having sex reported it

49% of women said they were **inappropriately touched** but only 5% reported it

26% of women were sent **sexually explicit messages** but only 3% reported it

of incidents were perpetrated by another student

of incidents took place on campus

Only **52%** of students **understand** that it is not possible to give consent if you are drunk
