

Global Ambassadors

TAURANGA / WESTERN
BAY OF PLENTY

STRONGER TOGETHER

Global Ambassadors work to create a positive impact within both their local and global communities while also serving as role models for diversity, inclusion and cooperation.

- ✓ This programme provides a platform on the local stage to engage with local businesses, non-governmental organisations and governmental departments.
- ✓ Global Ambassadors will take their place on the global stage, representing the interests of their local community as they reach out beyond Aotearoa New Zealand to engage with potential partners overseas.

We are stronger together.

Global Ambassadors 2022/2023 is a journey of exploration and innovation. The programme supports the ambassadors as active partners in the project's growth and design. The Global Ambassadors will be breaking new ground and creating their own pathways as they consider the local and global implications of diversity and inclusion, climate change, Te Tiriti o Waitangi and more. At the same time, the programme is also built on a solid foundation to give the necessary stability and support for ambassadors to succeed, as individuals and as a team.

As part of the Global Ambassadors Project the Ambassadors will:

Engage

The team of Global Ambassadors will be encouraged to learn from and draw from the diverse strengths within their own team, in keeping with the phrase, "We are stronger together".

- Ambassadors will have the opportunity to interact with a range of mentors and role-models who they can both look up to and learn from.
- Ambassadors will directly engage with local businesses, NGO's and Governmental organisations.
- Ambassadors will engage with individuals and organisations from around New Zealand and around the world.
- Ambassadors will engage with local youth as well as other ambassadors from around New Zealand.

Experience

Ambassadors will be offered a range of potential experiences and learning opportunities where they can apply the skills they learn and share, as well as expand, practice, and improve their competencies.

Empower

It is expected that ambassadors will leave the programme being more confident and self-assured, with a much better understanding of their ability to make a difference within their local and global communities.
