

Beasty Bar

THE TASMANIAN DEVIL

...mixes everybody up!

*Expansion Set. Can only be played
with the BEASTY BAR game*

All game rules of Beasty Bar apply. Beyond this, observe the following additional rules:

Set-up:

- Each player gets the Tasmanian devil in his card color and shuffles it in with his other 12 animals.

Animal action of the Tasmanian devil:

- The Tasmanian devil positions itself **ahead of all the other animals** (directly at Heaven's Gate). Then the other animals in the waiting line are shuffled and laid out (in a randomly drawn order) behind the Tasmanian devil. (After that, the "recurring" animal actions are carried out.)

In the "Variant for Advanced Players", a Tasmanian devil that reaches the bar gives its owner **2 victory points**.
