

Asset Training

Student Handbook

Asset Training

SUMMARY

Thank you for choosing Asset Training to assist you in achieving your learning goals. This Student Handbook is designed to provide you with information about the services provided by the Asset Training, our policies and procedures and our approach to providing you a safe, fair and supported environment to participate in training and assessment.

This handbook will also provide you with specific information about a particular course offered by Asset Training.

As a Registered Training Organisation, we offer quality, competency-based, nationally recognised accredited courses.

As an RTO, Asset Training is required to comply with the Australian Qualification Training Framework (AQTF) standard and the requirements of the Australian Skills Quality Authority (ASQA).

ABOUT US

From humble beginnings in 2006 where the focus for Asset Training's single trainer was to provide internal general safety training (white card, first aid, confined space and working at heights) to our parent company Aqua Assets Pty Ltd. We have grown to now employing multiple fulltime trainers across three training locations in New South Wales and servicing training needs throughout Australia.

Our record of achievement has allowed Asset Training to establish itself as a major training organisation offering general and specialized training solutions in our fit-for-purpose training facilities or onsite anywhere in Australia. Our specialist training packages service the Industrial Services, Wastewater Management, Mining, Plumbing & Drainage sectors. We are able to meet strict WHS requirements, KPI's, schedules, quality standards and budgeting considerations for all training requirements, large or small.

We have stringent quality and audit procedures, including but not limited to, regular audits by assurance bodies, internal audits, and also by many of our customers to meet their quality and safety requirements. We have a tradition of industry participation and consultation. With key long-standing memberships with industry bodies such as:

- Master Plumbers of New South Wales,
- Australasian High Pressure Water Jetting Association (AUSJET),
- Australasian Drain Cleaning and Vacuum Association (ADCVA),
- Australasian Society for Trenchless Technology (ASTT), and
- Water Industry Operators Association of Australia (WIOA).

At Asset Training, we provide holistic and end-to-end Nationally Recognised Training services to asset owners, utilities, municipalities, network operators, property developers, government organisations, and contractors in Industrial Services, Wastewater Management, and General Safety.

Our extensive capability allows us to provide comprehensive solutions to challenging needs and complex requirements. We can show value and manage situations internally using facilities, expertise and knowledge only available by market leading business practice.

Asset Training has developed an online booking system (real time) for management to schedule all training & logistics. This development enables us to effectively manage our resources across multiple trainers and locations in real-time only adding to our efficiencies and reputation as one of Australia's most professional industry leaders.

OUR VALUES

OUR MISSION

Asset Training's mission is to inspire and empower our students by delivering high quality training and assessment that not only meets but exceeds the needs of the industrial services and wastewater management industry.

OUR OBJECTIVES

In recognition of this mission, our objectives are:

- **People** – We strive to attract, recruit, and retain talented, competent and committed trainers. We promote excellent performance through leadership and professional development.
- **Safety & equality** – We are committed to providing an environment which is safe, equitable and which promotes a confident and productive training and assessment environment.
- **Integrity & ethics** – We conduct ourselves in accordance with shared and agreed standards of behaviour which hold ethical conduct and integrity as our highest priorities.
- **Quality committed** – We aspire to deliver consistent, high-quality services and apply quality systems, which support training and assessment excellence.
- **Learner Focused** – We thrive on providing training and assessment that is learner focused and which supports lifelong learning. We respect our students and strive to attract them time after time through high quality training and assessment experiences.
- **Industry engagement** – We recognise the value of industry engagement as the driving force in shaping our training and assessment strategies. We deliver training and assessment services which are founded on industry needs and expectations.

Respect

- Our behaviour will convey to you that you are worthwhile, unique, and valuable. We have a commitment to operate in such a way as to make our people and our clients feel important and valued

Growth

- We have growth mindsets. We always believe we can improve and work every day to learn something new. We encourage our students to participate and contribute to our growth mindset.

Integrity

- Act with uncompromising honesty and integrity in everything we do. Satisfy our customers with innovative solutions and superior quality, value and service.

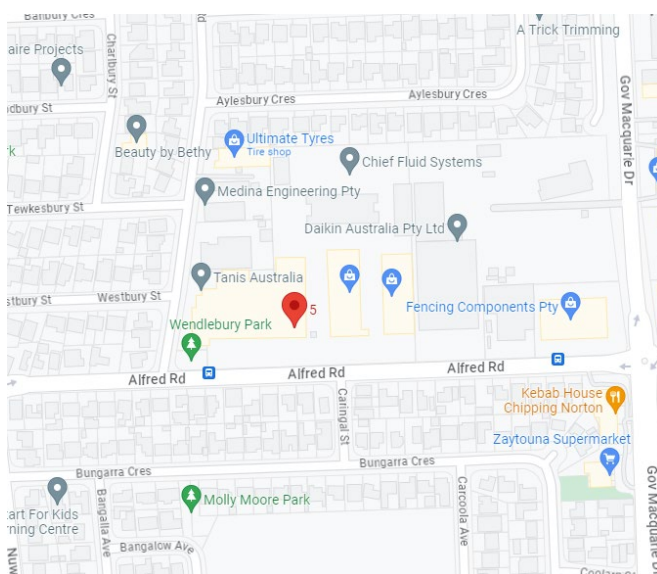

OUR FACILITIES

LOCATIONS

Newcastle

4 Coolah Road,
Broadmeadow NSW 2292

Sydney

5/85 Alfred Road,
Chipping Norton NSW 2170

PARKING

Whilst you are attending one of our facilities by vehicle, you will need to park in the designated parking areas or side streets that are in the vicinity of our premises. Please note that parking is at the students' risk and may be monitored by Parking Inspectors.

PUBLIC TRANSPORT

Newcastle

Train:

Broadmeadow Train Station is located 600m away (approx. 8 min walk).

Bus:

28 – Mount Hutton to Newcastle West via Broadmeadow runs approximately every half an hour or so during peak times.

Sydney

Train:

Warwick Farm Train Station is located 3.2km away (approx. 45 min walk).

Bus:

903 – Liverpool to Chipping Norton (Loop Service) runs approximately every half an hour or so during peak times.

For more information on public transport services please refer to www.transportnsw.info

LUNCH OPTIONS

If you are looking to buy lunch whilst you are at either our premises, there are eateries within walking distance or a wider variety only a short drive away.

We have tea and coffee available free of charge to all students and each site has a fridge and microwave accessible for the students who would like to bring their own food.

OUR TRAINING FACILITIES

Asset Training's head office is located in Newcastle, New South Wales. We have a fit-for-purpose training facility where we provide practical training using a wide range of plant and equipment. This plant includes a 29,000 PSI high pressure water jetting truck, a Hi-rail combination drain cleaning/vacuum loading truck, smaller domestic class 'B' drain cleaning jetting units, and state of the art CCTV pipeline inspection tractor/camera's equipment and software.

Asset Training also has strategic partnerships which provide us with access to additional specialized training facilities across Sydney. These partnerships have allowed training to be more accessible in Sydney, with expansion into other cities forthcoming.

OUR SCOPE

CPCWHS1001

Prepare to work safely in the construction industry (White Card).

HLTAID009

Provide cardiopulmonary resuscitation.

HLTAID010

Provide basic emergency life support.

HLTAID011

Provide First Aid.

MSMPER200

Work in accordance with an issued permit

MSMPER202

Observe work permit.

MSMPER205

Enter confined space.

MSMSPER300

Issue work permits.

MSMWHS110

Follow emergency response procedures.

MSMWHS200

Work safely.

MSMWHS216

Operate a breathing apparatus.

MSMWHS217

Gas Test Atmospheres.

MSMWJ202

Use high pressure water jetting equipment.

MSMWJ304

Operate a high pressure water jetting system.

MSMWJ305

Operate a drain cleaning system.

MSMWJ306

Operate a vacuum loading system.

MSMWJ307

Operate a hydro excavation system.

NWPNET037

Inspect sewer or stormwater assets.

NWPNET059

Supervise and report on conduit inspections.

RIIRIS201E

Conduct local risk control.

RIIWHS201E

Work safely and follow WHS policies and procedures.

RIIWHS202E

Enter and work in confined spaces.

RIIWHS204E

Work safely at heights

ABOUT OUR COURSES

HIGH PRESSURE PUMP CLASSIFICATION

Before choosing which high pressure water course is right for you, please consider the following; what classification is your pump? Class A or Class B?

The classification of the pump is determined by the pressure and flow (bar L/pm) of the pump and will therefore determine the type of training required to use and operate it. Any pump producing an output pressure below 800 bar L/pm is considered a low-pressure pump and unless there is a risk of injury while using this type of pump, training is not required. Asset Training has developed a simple-to-use HPWJ Calculator to assist in determining pump sizing/classification available to all on our website.

CLASS 'A' TRAINING REQUIREMENTS

A Class "A" pump has a maximum output pressure of anywhere between 800 and 5600 bar L/pm. Any pump producing an output pressure below 800 bar L/pm is considered a low-pressure pump and unless there is a risk of injury while using this type of pump, training is not required.

The Australian Standards state that;

All operators shall be appropriately trained and assessed as competent/capable for Class A pressure water jetting operations. Training specific to pressure water jetting operations shall include the following areas:

- Class A system operation, potential dangers, problems and emergency actions to be taken should the equipment fail or malfunction.
- Application of pressurised water including set up, barricading and operation.
- Device and emergency stop controls.
- Hose and equipment pre-start inspections.
- Personal protective equipment.

CLASS 'B' TRAINING REQUIREMENTS

A Class "B" pump has a minimum output pressure of 5600 bar L/pm and over.

The Australian Standards state that;

All operators shall be appropriately trained and assessed as competent/capable. Training shall be delivered through an RTO and be in accordance with the high-pressure water jetting Units of Competency. Trainers shall be accredited by an RTO and shall have relevant water jetting experience.

WATER BLASTING

MSMSS00017 USE HIGH PRESSURE WATER JETTING EQUIPMENT

This course is designed for participants who perform a variety of applications whilst operating a gun or lance. These types of applications include but are not limited to non-destructive digging (NDD), cold cutting, concrete demolition, surface preparation, plant washdowns, and lance pipe cleaning with flex leads and attachments designed to clean heat exchangers.

This course covers training for unqualified personnel or those new to high pressure water jetting and covers everything from equipment types, how to operate the equipment safely, the dangers of HPWJ, safe work practices, associated law, work permits and emergency response practices. The end result produces an HPWJ Assistant that requires supervision but is more than capable of carrying out high pressure water jet work.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency and the Australian Standards (AS4233.1 & AS4233.2 2013).

Note: Verification of competency or refresher training on high pressure water jetting operations shall be carried out and documented at appropriate intervals **not exceeding two years** to ensure the continued competency of operators.

Units of Competency

MSMWJ202 – Use high pressure water jetting equipment.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS110 – Follow emergency response procedures.

MSMWHS200 – Work Safely.

Course Duration

2 days (1 ¼ Days in class, ¾ Practical exercise and assessment)

WATER BLASTING

MSMSS00018 OPERATE A HIGH PRESSURE WATER JETTING SYSTEM

High Pressure Water Jetting Operator certification covers training for personnel experienced in high pressure water jetting but requiring more in-depth knowledge of high pressure water jetting systems, pumps, engines, safe equipment operation, equipment maintenance, managing worksites, safe work practices and associated law, organising work permits, reading and interpreting plans/drawings and emergency and rescue practices.

This course provides an operator with the necessary knowledge to supervise a High Pressure Water Jetting project and be responsible for a crew of HPWJ Workers.

To enrol in this course, students must have already completed the MSMSS00017 skill set and logged 120 hours of supervised gun/lance work.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency and the Australian Standards (AS4233.1 & AS4233.2 2013).

Note: Verification of competency or refresher training on high pressure water jetting operations shall be carried out and documented at appropriate intervals **not exceeding two years** to ensure the continued competency of operators.

Units of Competency

MSMWJ304 – Operate a high pressure water jetting system.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS110 – Follow emergency response procedures.

MSMWHS200 – Work Safely.

Course Duration

2 days (1 ¼ Days in class, ¾ Practical exercise and assessment)

DRAIN CLEANING

MSMSS00019 OPERATE A DRAIN CLEANING SYSTEM

The operate a drain cleaning system certification covers training for personnel requiring an in-depth knowledge of Class B drain cleaning operations (sewer and/or storm water), and covers everything from equipment types, how to operate the equipment safely, the dangers of drain cleaning, safe work practices, associated law, work permits and emergency response practices.

This course provides a drain cleaning operator with the necessary knowledge to perform a drain cleaning operation using a Class B drain cleaning machine (Jetter).

Note, this certification allows successful participants to use Class B drain cleaning systems but does not automatically provide participants with a plumbing license which may be required to perform drain cleaning operations on public or private networks (refer to your local state authority for information on what requirements are to perform drain cleaning).

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency and the Australian Standards (AS4233.1 & AS4233.2 2013).

Note: Verification of competency or refresher training on high pressure water jetting operations shall be carried out and documented at appropriate intervals **not exceeding two years** to ensure the continued competency of operators.

Units of Competency

MSMWJ305 – Operate a drain cleaning system.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS110 – Follow emergency response procedures.

MSMWHS200 – Work Safely.

Course Duration

2 days (1 ¼ Days in class, ¾ Practical exercise and assessment)

VACUUM LOADING

MSMSS00020 OPERATE A VACUUM LOADING SYSTEM

The operate a vacuum loading system certificate covers training for personnel requiring an in-depth knowledge of industrial vacuum loading operations, and covers everything from equipment types, how to operate the equipment safely, the dangers of vacuum loading, safe work practices (including spill management), trackable waste, associated law, EPA guidance, work permits and emergency response practices.

This course provides an operator with the necessary knowledge to participate in and supervise a vacuum loading operation and be responsible for a crew of vacuum loading workers.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency.

Units of Competency

MSMWJ306 – Operate a vacuum loading system.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS110 – Follow emergency response procedures.

MSMWHS200 – Work Safely.

Course Duration

2 days (1 ¼ Days in class, ¾ Practical exercise and assessment)

HYDRO EXCAVATION

MSMSS00021 OPERATE A HYDRO EXCAVATION SYSTEM

The operate a hydro excavation skill set is designed for participants who complete hydro excavation or non-destructive (NDD). The intention of this course is to provide operators with a mix of theoretical and practical training encompassing knowledge, skills, safety requirements and techniques of performing a hydro excavation job safely and compliantly. Topics covered include but are not limited to WHS requirements, risks & hazard identification and mitigation, high pressure water jetting pumps & equipment, vacuum loading systems and operational parameters. Our course also covers everything from equipment types, how to operate the equipment safely, the dangers of high-pressure water jetting and vacuum loading, safe work practices, associated law, work permits and emergency response practices.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency and the Australian Standards (AS4233.1 & AS4233.2 2013).

Note: Verification of competency or refresher training on high pressure water jetting operations shall be carried out and documented at appropriate intervals **not exceeding two years** to ensure the continued competency of operators.

Units of Competency

MSMWJ307 – Operate a hydro excavation system.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS110 – Follow emergency response procedures.

MSMWHS200 – Work Safely.

Course Duration

3 days (2 ¼ Days in class, ¾ Practical exercise and assessment)

CCTV INSPECTIONS (OPERATOR)

NWPNET037 INSPECT SEWER OR STORMWATER ASSETS

Conduit Inspection and Reporting training provides students with the knowledge and skills expected of a qualified CCTV operator undertaking conduit inspections and reporting in Australia.

A student will be fully exposed to the Conduit Inspection Reporting Code of Australia WSA05 given an introduction to conduit inspection software (WINCAN) and shown how to perform a thorough CCTV conduit inspection.

This course provides an operator with the necessary knowledge to participate in and supervise a vacuum loading operation and be responsible for a crew of vacuum loading workers.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency.

Units of Competency

NWPNET037 – Inspect Sewer or Stormwater assets.

Course Duration

3 days (2 ½ Days in class, ½ Practical exercise and assessment)

CCTV INSPECTIONS (SUPERVISOR)

NWPNET059 SUPERVISE AND REPORT ON CONDUIT INSPECTIONS

Supervise Conduit Inspection and Reporting training provides students with the knowledge and skills expected of a qualified sewer or stormwater conduit inspector who would manage and supervise conduit surveys and prepare conduit inspection reports.

Attendees include CCTV Operators who are responsible for inspecting or reporting on, or are associated with conduit asset management, inspection or construction and are required to liaise with clients or asset managers regarding the undertaking of CCTV conduit inspections. CCTV Operators wishing to advance their skills to a supervisory level and who need to check surveys and prepare conduit inspection reports. Or CCTV Operators who are required to manage, supervise or oversee CCTV conduit inspection operators.

Asset Training requires that the NWPNET037 Inspect sewer or stormwater assets course has been completed prior to attendance in this course.

Our training is delivered in accordance and in compliance with the nationally recognized Units of Competency.

Units of Competency

NWPNET059 – Supervise and report on conduit inspections.

Course Duration

1 day (in addition to the 3 days for the NWPNET037)

SAFETY TRAINING

SENIOR FIRST AID

This course designed for those who require training that conforms to the recommendations of the Australian Resuscitation Council and provides the knowledge and skills to provide first aid response (HLTAID011), life support (HLTAID010), management of the casualty(s) and resuscitation (HLTAID009).

This course is accredited and approved by ANZCOR (Australia New Zealand Council of Resuscitation) and is nationally approved and accredited by ASQA Australian Skills Quality Authority.

It is designed for those who require training that conforms to the recommendations of the Australian Resuscitation Council and provides the knowledge and skills to provide first aid response, life support, management of the casualty(s) and resuscitation.

Units of Competency

HLTAID009 – Provide cardiopulmonary resuscitation.

HLTAID010 – Provide basic emergency life support.

HLTAID011 – Provide first aid

Course Duration

4 hours of online self-directed and paced theory assessment and 1 day practical exercise and assessment.

SAFETY TRAINING

CONFINED SPACE (ADVANCED)

Confined space advanced is designed to provide the participants with the competencies required to remove or minimise risks in the workplace associated with confined spaces. This course provides participants with specific knowledge & skills to participate in the process of hazard identification, risk assessment and control related to confined spaces. This course is made up of 5 nationally accredited Units of competency including Confined Space Entry, Gas Test Atmospheres and Operate Breathing Apparatus (RIIWH5202E, RIIRIS201E, MSMPER200, MSMWHS216, MSMWHS217).

This course is delivered in accordance with AS2865 - 2009 Safe Work in Confined Spaces and SafeWork NSW COP – Confined Spaces – Dec 2022.

Units of Competency

RIIWH5202E – Enter and work in confined spaces.

RIIRIS201E – Conduct local risk control.

MSMPER200 – Work in accordance with an issued permit.

MSMWHS216 – Operate a breathing apparatus.

MSMWHS217 – Gas test atmospheres.

Course Duration

2 days

SAFETY TRAINING

WORK SAFELY AT HEIGHTS

Safe Work at Heights is designed to provide the participants with the competencies required to perform work at heights safely. This course provides participants with specific knowledge & skills to participate in the process of working at heights. This course is made up of 2 national units of competency (RIIWHS204E, MSMWHS200).

This course is delivered in accordance with SafeWork NSW COP – Managing the risk of falls at workplaces – Aug 2019.

Units of Competency

RIIWHS204E – Work safely at heights

MSMWHS200 – Work Safely

Course Duration

1 Day

SAFETY TRAINING

WHITE CARD

General Induction Training - Construction provides persons entering the construction industry with a basic knowledge of requirements under WHS laws, including the consultation and communication process, common hazards and risks that are associated with working on construction sites, emergency procedures, incident reporting and how these risks should be controlled.

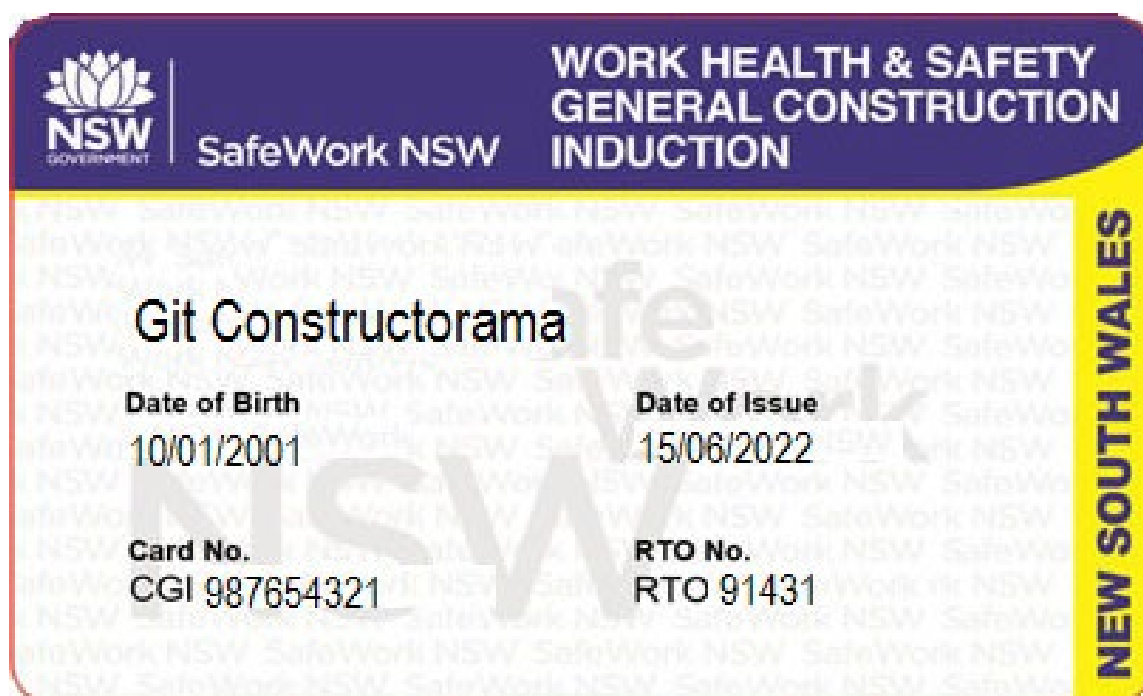

Asset Training is SafeWork NSW accredited to deliver CPCWHS1001 – Prepare to work in the construction industry (White Card) training.

Units of Competency

CPCWHS1001 – Prepare to work safely in the construction industry.

Course Duration

1 Day

SERVICE CAPABILITY

BESPOKE TRAINING PACKAGES

At Asset Training we pride ourselves on our ability to provide our clients and students with tailored training solutions to meet their needs, resourcing, and requirements. We have the skills and experience to provide custom and bespoke training solutions and development that is unrivalled within our industry.

ONSITE TRAINING

There is no location too remote or hard to get to for our training team. Asset Training has a history of delivering our market leading training programs all over Australia and New Zealand. Minimum class sizes apply, but this provides the ultimate flexibility in meeting our clients needs.

GENERAL INFO

OUR TRAINERS

Our Trainer Assessors are qualified, dedicated professionals who have current industry experience and qualifications in a range of industries. Their industry experience is continually brought up to date by participating in professional development activities, therefore giving our students the best practical industry experience possible.

Our trainers hold as a minimum the current TAE40116 Training and Assessment qualification or its equivalent as well as the unit(s) of competency or skill set(s) that they deliver. Asset Training trainers are all professionally qualified trainers and have minimum industry and job role experience as required in each of the units of competency they deliver.

At Asset Training we deliver nationally accredited qualifications via training face-to-face at our training center and in the workplace. When you study with Asset Training, your Trainer Assessor will be there to assist you throughout your course. You can either attend a classroom-training environment or receive job visits and even phone or email your Trainer Assessor for advice, that means you get the support you need when you need it.

ENROLMENT PROCEDURE

Students need to complete our online enrolment form. If they do not have access to a computer or connected device we can provide a paper enrolment form upon request.

Along with your enrolment form you may be required to provide other supporting information or documentation relating to your enrolment, this must be received at the same time of your enrolment before Asset Training can confirm that we have accepted your enrolment.

Any student requiring Language, Numeracy or Literacy support should identify themselves on the enrolment form or speak with the Trainer/Assessor who can provide assistance or referral to the appropriate support service.

Full Identification and Entry requirements are noted on the Asset Training website, however, you must be an Australian citizen or have permanent resident status to attend an Asset Training course. Confirmation of enrolment will be sent to you by email (or mail if you do not have access to the internet).

The confirmation will contain the following information:

- All necessary course information
- Commencement date and time
- Details of the Statement of Attainment to be issued on successful completion
- Orientation Details
- Information on appropriate footwear and clothing
- Any applicable Personal Protective Equipment (PPE)

GENERAL INFO

ORIENTATION

Orientation is an essential part of your training course. During the first part of your course you will be informed of:

- The work, health and safety requirements, this will include evacuation procedures, fire exits, fire equipment and first aid
- An introduction to the members of staff responsible for your course
- The amenities available and locations
- All the policies and procedures relevant to Asset Training

OUR EXPECTATION OF YOU

Asset Training expects you:

- To contribute to learning in a harmonious and positive manner irrespective of gender, race, sexual preference, political affiliation, marital status, disability, or religious belief.
- To comply with the rules and regulations of Asset Training.
- To be honest and respectful, which includes not falsifying work or information and not conducting yourself in any way that may cause injury or offence to others?
- To be responsible for your own learning and development by participating actively and positively and by ensuring that you maintain progress with learning modules.
- To monitor your own progress by ensuring that assessment deadlines are observed.
- To utilise facilities and Asset Training publications with respect and to abide by our copyrights and prevent our publication from being distributed to unauthorised persons.
- Treat other people with respect, fairness, and courtesy.
- Be punctual.
- Observe the Work Health and Safety requirements in all areas.
- Avoid any behaviour which may offend, embarrass, or threaten others.
- Not use mobile phones in any training facility

FIRST AID

- Provision for first aid facilities is available where training is delivered.
- All accidents must be reported to staff.
- All accidents or any First aid administered is to be recorded by staff involved in the injury register.

GENERAL INFO

UNIQUE STUDENT IDENTIFIER

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

You will not receive a statement of attainment until your USI is acquired and validated. When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet, or smart phone anytime. [Student Information for the USI](#).

It's free and easy to [create your own USI](#) and will only take a few minutes of your time.

YOUR SAFETY

Asset Training is committed to providing you with a safe environment in which to participate in training and assessment. We are aware under the Work Health and Safety Act 2011 of our responsibility to maintain a safe environment.

The following guidelines are provided as a basis for safe practice in the training environment:

- Know and observe details of emergency response and evacuation plans.
- Do not undertake activities which may cause injury to self or others.
- Be responsible for your own actions.
- No smoking at the training and assessment facilities or offices.
- Report all potential hazards, accidents and near misses to the RTO staff.
- No consumption of alcohol within training and assessment facilities or during the conduct of training and assessment.
- Always keep training and assessment areas neat and tidy.
- Seek assistance if you volunteer to lift items e.g. move furniture in a training area; and
- Observe hygiene standards particularly in eating and bathroom areas.

ELECTRICAL EQUIPMENT

- Electrical equipment that is not working should be reported to Asset Training staff.
- Electrical work should only be performed by appropriately licensed or trained personnel. Students, trainers and assessors should not undertake any task related to fixing electrical equipment such as lighting or electrical training aids.

GENERAL INFO

FIRE SAFETY

- Asset Training will undertake to communicate the procedures involved in evacuation and the location of fire equipment to students at each facility for each training and assessment event, and to users of the office at least twice each year.
- All users of a training and assessment facility need to be familiar with the location of all EXITS and fire extinguishers. Users will consult available maps to determine location.
- It is the user's responsibility to understand fire drill procedures displayed around the premises.
- Users are asked to attend any sessions on fire safety procedures and the use of fire safety devices.

LIFTING

- Students, trainers, and assessors are encouraged not to lift anything related to the training and assessment provided by Asset Training unless they do so voluntarily and taking all responsibility for any injury caused.
- Never attempt to lift anything that is beyond your capacity.
- Always bend the knees and keep the back straight when picking up items.
- If you have experienced back problems in the past do not attempt to lift heavy objects at all. Ask someone else to do it for you.

WORK AND STUDY AREAS

- Always ensure that all work areas are clean and clear of clutter so as to avoid the danger of accident by tripping or falling over.
- Place all rubbish in the bins provided.
- Ensure that bench spaces are left clean and tidy.
- Do not sit or climb on any desks or tables.

EQUITY & ACCESS

YOUR EQUITY

Asset Training is committed to ensuring that the training and assessment environment is free from discrimination and harassment. All Asset Training staff members (including contractors) are aware that discrimination and harassment will not be tolerated under any circumstances. If discrimination and harassment is found to have occurred disciplinary action will be taken against any staff member who breaches this policy. Suspected criminal behaviour will be reported to police authorities immediately. Students should expect fair and friendly behaviour from Asset Training staff members, and we apply complaint-handling procedures advocated by the Australian Human Rights and Equal Opportunity Commission (HREOC).

Students who feel that they have been discriminated against or harassed should report this information to a staff member of Asset Training that they feel they can trust. This will initiate a complaint handling procedure that will be fair and transparent and will protect your rights as a complainant. Alternatively, if a student wishes to report an instance of discrimination or harassment to an agency external to Asset Training, they are advised to contact the HREOC Complaints Info-line on 1300 656 419.

ACCESS TO YOUR RECORDS

You are entitled to have access to your student file and learning and assessment records on request. You may require these to monitor your progress with training or simply to go back and confirm something in a previous training module. Whilst these records will be retained by Asset Training, you are welcome to have access anytime just ask your trainer and it will be organised immediately.

You can access hard copy records and reports from our student management system, but only relating to you personally. You can request this access using the Student Records Request Form. Access to requested records during a workday will be arranged as soon as possible and within 24 hours. Students should note that these records cannot be taken away unless a copy is requested. Where photocopies are requested, Asset Training reserves the right to charge a one-off photocopy fee of \$10.00. There is no cost to simply view records at our office.

PRIVACY

YOUR PRIVACY

Asset Training takes the privacy of students seriously and complies with all legislative requirements including the Privacy Act 1988 and Australian Privacy Principles (effective from 12th March 2014).

Here is what you need to know:

- Asset Training will retain personal information about you relating to your enrolment with us. This includes your personal details, your ethnicity and individual needs, your educational background. We will also retain records of your training activity and are required to do this in accordance with the National Vocational Education and Training Regulator Act 2011.
- Your personal information is retained within our hard copy filing system and our computer systems. Your information is collected via the enrolment form and through your completion of administrative related forms and based on your training outcomes. Hard copy files are secured in lockable filing cabinets that are monitored throughout the day and secured in the evening. Electronic data retained on our computer systems is protected via virus protection software and firewall protection. Our data is backed up continuously to our secure server.
- Asset Training is required by the National Vocational Education and Training Regulator Act 2011 to securely retain your personal details for a period of 30 years from the date your enrolment was completed. The purpose of this is to enable your participation in accredited training to be recorded for future reference and to allow you to obtain a record of your outcome if required.
- In some cases, we are required by law to make student information available to Government agencies such as the National Centre for Vocational Education and Research or the Australian Skills Quality Authority. In all other cases Asset Training will seek the written permission of the student for such disclosure. Asset Training will not disclose your information to any person or organisation unless we have written instructions from you to do so. If you require your records to be assessed by people such as your parents, you need to authorise this access.
- You have the right to access information that Asset Training is retaining that relates to you. Further instructions are provided on how to access records within the previous section titled 'Access to your records'.
- If you have concerns about how Asset Training is managing your personal information, we encourage you to inform our staff and discuss your concerns. You are also encouraged to make a complaint directly to us using our internal complaint handling arrangements outlined in this handbook. Under the Privacy Act 1988 (Privacy Act) you also have the right to make a complaint to the Office of the Australian Information Commissioner (OAIC) about the handling of your personal information. You can find more information about making a privacy complaint at the website of the OAIC located at: <http://www.oaic.gov.au/privacy/privacy-complaints>.

FEES & REFUNDS

FEES PAYABLE

Fees are payable when a student has received confirmation of enrolment. The initial fee payment must be paid prior to commencing training or upon receipt of an invoice from Asset Training. Asset Training may discontinue training if fees are not paid as required. For a full list of current fees and charges please request a copy of Asset Training's schedule of fees and charges.

CANCELLATIONS

Students who cancel their enrolment part way through a training program must notify Asset Training in writing via email or letter at the soonest opportunity. Students who cancel their enrolment after a training program has commenced will not be entitled to a refund of fees. Students are advised to consider alternative options such as requesting to suspend their enrolment and re-commencing in another scheduled training program.

Asset Training retains the right to cancel any training course at its sole discretion. Where a customer cancel training outside of unforeseeable circumstances (i.e. grief, emergency, etc) the following time-frames and charges may apply.

> 14 days' notice – No Charge

7 - 13 days' notice – 30% of quote payable

1 - 6 days' notice – 70% of quote payable

< 24 hours' notice – 100% of quote payable

REFUNDS

A refund will be provided under the following circumstances;

- Where an over payment of a fee has occurred.
- The course has been postponed or cancelled by Asset Training.

All refund requests must be made in writing and addressed to info@assettraining.com.au

PAYMENT METHOD

Asset Training accepts payment for fees using:

- Credit Card
- Electronic Funds Transfer (account details available on request)
- Cheque (made payable to Aqua-Assets)
- Cash payment

GENERAL INFO

REPLACEMENT OF WORKBOOKS

Students who require replacement of issued text or training workbooks will be liable for additional charges to cover the cost of replacement. For a full list of replacement charges please refer to Asset Training schedule of fees and charges.

SUBSTITUTIONS

Requests for substitutions are to be made in writing and can be made at any time up to 2 working days before the program commencement date.

TRANSFERS

Requests for transfers to alternate programs can be arranged if Asset Training is advised in writing more than 10 working days prior to the program commencement date and there is availability on the selected program. One transfer will be accepted without charge where Asset Training has been notified in writing at least 10 working days prior to the scheduled commencement date. All subsequent transfers will attract an administration charge of \$55.00 (incl. GST).

OUR GUARANTEE TO CLIENTS

If for any reason Asset Training is unable to fulfil its service agreement with a student, Asset Training must issue a full refund for any services not provided. The basis for determining 'services not provided' is to be based on the units of competency by the student and which can be issued in a statement of attainment at the time the service is terminated.

CHANGE OF PERSONAL INFO

You must notify the coordinator of any changes in your personal information as soon as possible. This includes:

- Change of Name (you must have the official documentation)
- Change of Address
- Change of Contact Details

FEEDBACK

CONTINUOUS IMPROVEMENT

Asset Training is committed to the continuous improvement of our training and assessment services, student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

SUGGESTING IMPROVEMENTS

Asset Training has several mechanisms for suggesting improvements. These methods include, but are not limited to;

- AT0084 FRM Training Feedback (Student feedback upon completion of course)
- AT0405 FRM Opportunity for Improvement form
- AT0403 FRM Customer Satisfaction Survey
- AT0410 FRM Trainer Course Feedback Form
- In person to your trainer or coordinator
- In writing, wither digital or by mail

All of these suggestions are considered and saved into Asset Trainings Continuous Improvement Register and discussed during our regular Continuous Improvement Meetings.

Students, clients and third parties are all encouraged to provide feedback to Asset Training so we can improve our products and services in the future.

TRAINING FEEDBACK SURVEY

At the completion of your training program, you will be issued with a Training Feedback Survey. This is a nationally consistent survey tool that is designed to collect feedback from students about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to Asset Training for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

ASSESSMENT

ASSESSMENT

Asset Training assessment is conducted using a combination of Written Knowledge Assessment, Research Tasks, Case Studies, Work Logbook, Supervisor Feedback and Workplace Observations.

Assessments will be conducted in accordance with the principles of assessment and the rules of evidence, varied to meet the Training Package Guidelines and any regulatory requirements.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment:** The student may be required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice, short answer response and pictographic/image identification.
- **Research Tasks:** The student may be required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the students will largely be specific to their workplace.
- **Case Study Response:** The student may be required to provide a written response to a situation presented in a case study scenario. This will usually require the student to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.
- **Workplace Logbook:** For some of our courses the student is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks that are predesigned for the student to complete. This forms an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.
- **Supervisor Feedback:** The assessor may periodically engage with workplace supervisors to seek their feedback about the students' performance. This is undertaken as an interview with duration of approximately 15 to 20 minutes. This interview can be undertaken over the phone or face-to-face. Feedback from a supervisor is recorded into the assessment record.
- **Workplace Observation:** The student may be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the student performing tasks relevant to the units of competency being assessed. The student will be briefed on these observation activities in events and is required to decide to undertake these activities when the assessor is in attendance at the workplace.

We provide training and assessment that is flexible and designed to meet the needs of students and the requirements of the relevant accredited course. At the orientation you will be given information that clearly outlines the learning outcomes and details of all assessment tasks that you will need to complete.

It is the student's responsibility to read all assessment information and speak to the Trainer/Assessor if they have any concerns regarding the nature of any assessment.

On completion of your training, you will be deemed competent or not yet competent. If competent you will be issued with a statement of attainment. If you are found not yet competent you will have to provide further evidence or information or undertake a re-assessment.

R E - A S S E S S M E N T

Students who are assessed as not yet competent are to be provided with detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These students are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of Asset Training to provide three opportunities for additional training and re- assessment at no additional cost to the student or employer. Students who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to the current fee schedule to identify the re-assessment fee.

Student's requiring additional learning support are to be brought to the attention of Asset Training management so the progress of the student can be monitored closely, and additional support services can be applied well before it becomes necessary to impose an additional fee for re- assessment. Where students repeatedly do not demonstrate competence following significant learning and assessment support, a student's enrolment can be determined through mutual agreement.

LLN

LANGUAGE, LITERACY & NUMERACY

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing and comprehending written work instructions.

To support this approach Asset Training will:

- Assess a student's language, literacy and numeracy skills during their enrolment to ensure they have adequate skills to complete the training.
- Support students during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered.
- Provide clear information to students about the details of the language, literacy, and numeracy assistance available. Asset Training generally recommends the LLN training courses provided by TAFE. These institutes have specialist teachers to support the student's development.
- Refer students to external language, literacy and numeracy support services that are beyond the support available within Asset Training and where this level of support is assessed as necessary; and
- Negotiate an extension of time to complete training programs if necessary

COMPLAINTS & APPEALS

MAKING COMPLAINTS & APPEALS

Asset Training is committed to providing a fair and transparent complaints and appeals process that includes access to an independent external body if necessary.

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

WHAT IS A COMPLAINT?

A complaint is negative feedback about services or staff that has not been resolved locally. A complaint may be received by Asset Training in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by students and/or employers.

WHAT IS AN APPEAL?

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to Asset Training within 28 days of the student being informed of the assessment decision or finding.

COMPLAINT & APPEALS HANDLING

Asset Training applies the following principles to its complaints and appeals handling:

- A written record of all complaints is to be kept by Asset Training including all details of lodgement, response, and resolution. Asset Training will maintain complaints register to be used to record the details of the complaint and to maintain a chronological journal of events during the complaint handling process. Records relating to complaint handling are stored securely to prevent access to unauthorised personnel.
- A complainant is to be provided with an opportunity to formally present his or her case at no cost.
- Each complainant may be accompanied and/or assisted by a support person at any relevant meeting.
- The handling of a complaint is to commence within seven (7) working days of the lodgement of the complaint and all reasonable measures are taken to finalise the process as soon as practicable.

- The complainant is to be provided with a written response to the complaint, including details of the reasons for the outcome. A written response must be provided to the complainant within fourteen (14) days of the lodgement of the complaint.
- Complaints must be resolved to an outcome within sixty (60) days of the complaint being initially received. Where Asset Training Chief Executive Officer considers that more than 60 calendar days are required to process and finalise the complaint, the CEO must inform the complainant in writing, including reasons why more than 60 calendar days are required. As a benchmark, Asset Training will attempt to resolve complaints as soon as possible. A timeframe to resolve a complaint within thirty-(30)-days is considered acceptable and in the best interest of Asset Training and the complainant. A complainant should also be provided with regular updates to inform them of the progress of the complaint handling. Updates should be provided to the complainant at a minimum of four (4) weekly intervals.
- Asset Training shall maintain the enrolment of the complainant during the complaint handling process.
- Decisions or outcomes of the complaint handling process that are found in the favour of the student shall be implemented immediately.
- Complaints are to be handled in the strictest of confidence. No Asset Training representative will disclose information to any person without the permission of Asset Training Chief Executive Officer. A decision to release information to third parties can only be made after the complainant has given permission for this to occur. This permission should be given using the Information Release Form.
- Complaints are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the complaint handling process. This means that the complainant is entitled to be heard with access to all relevant information and with the right of reply. The complainant is entitled to have their complaint heard by a person that is without bias and may not be affected by the decision. Finally, the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations, must act for a proper purpose and must not take into account irrelevant considerations.

INDEPENDENT REVIEW

Asset Training provides the opportunity for people making a complaint or an appeal who are not satisfied with the outcomes of the complaints and appeals handling process to seek a review by an independent person. To facilitate this, Asset Training will engage a suitably qualified and experienced VET consultant to provide this review impartially on behalf of the student.

COMPLAINTS & APPEALS (CON'T)

REVIEW BY AN EXTERNAL AGENCY

- Where the complainant or person lodging an appeal is not satisfied with the handling of the matter by Asset Training, they are to have the opportunity for a body that is independent of Asset Training to review his or her complaint or appeal following the internal completion of complaint or appeals process.
- Students who are not satisfied with the process applied by Asset Training may refer their grievance to the following external agencies:
- **Unresolved complaints** may be referred to the [Australian Skills Quality Authority - ASQA](#). Students are to be advised that ASQA will require the students to have exhausted all avenues through Asset Training internal complaints handling procedure before taking this option.
- **Unresolved Appeals** in relation to consumer related issues may be referred to the Office of Fair Trading.
- **The National Training Complaints Hotline** also provides an opportunity for students to lodge their grievance with an external agency who will follow up and investigate their complaints. This service can be accessed via the following phone number: 13 38 73.

RECOGNITION

RECOGNITION OF PRIOR SKILLS

In accordance with the requirements of the Standards for NVR Registered Training Organisations, Asset Training provides the opportunity for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

RECOGNITION GUIDELINES

The following guidelines are to be followed when an application for recognition is received:

- Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for recognition for units of competence or a qualification, which are not included in Asset Training scope of registration.
- Whilst students may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- Students who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.
- Recognition may only be awarded for whole units of competence.

FORMS OF EVIDENCE OF RECOGNITION

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records.
- Records of workplace training.
- Assessments of current skills.
- Assessments of current knowledge.
- Third party reports from current and previous supervisors or managers.
- Evidence of relevant unpaid or volunteer experience.
- Examples of work products.
- Observation by an assessor in the workplace.
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined, with a number of evidence items, the candidate will start to provide a strong case for competence. Asset Training reserves the right to require candidates to undertake practical assessment activities of skills and knowledge to satisfy itself of a candidate's current competence.

NATIONAL RECOGNITION

National recognition is the recognition of learning achieved through formal education and training. Under the Standards for NVR Registered Training Organisations, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. National recognition allows a student to be awarded a unit of competency/module based on successful completion of the unit which has been previously awarded.

EVIDENCE REQUIREMENTS

If you are seeking national recognition, you are required to present your statement of attainment or qualification for examination to Asset Training. These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework. You are required to submit copies only which are certified as a true copy of the original.

NATIONAL RECOGNITION GUIDELINES

The following guidelines are to be followed in relation to national recognition:

- Any student is entitled to apply for national recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for national recognition for units of competence or qualification, which are not included in Asset Training's scope of registration.
- Whilst students may apply for national recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- The student does not incur any fees for national recognition and Asset Training does not receive any funding when national recognition is granted.
- National recognition may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for national recognition and applicants will be advised to seek recognition.

LEGISLATION & REGULATION

LEGISLATIVE AND REGULATORY RESPONSIBILITIES

Asset Training is required to operate in accordance with the law. This means we comply with the requirements of legislative and regulatory requirements. The following legislation is a list of the Acts that Asset Training has recognised it has compliance responsibilities to. They also represent obligations to you as a student whilst training with Asset Training.

During your day-to-day work and when participating in training, you will need to be aware of the relevant legislation that may impact on your conduct and behaviour.

Copies of State and Federal legislation can be found on the Internet at www.australia.gov.au/state-legislation (State) and www.comlaw.gov.au (Federal).

The following is a summary of the legislation that will generally apply to your day-to-day work and training.

WORK HEALTH AND SAFETY ACT 2011

The main object of this Act is to provide for a balanced and nationally consistent framework to secure the health and safety of workers and workplaces. The WHS Act protects workers and other persons against harm to their health, safety and welfare through the elimination or minimisation of risks arising from work or from types of substances or plant.

The WHS Act covers workers by providing a nationally uniform work health and safety laws. This includes employees, contractors, sub-contractors, outworkers, trainees, work experience students, volunteers and employers who perform work.

The WHS Act also provides protection for the general public so that their health and safety is not placed at risk by work activities.

Section 29 of the WHS Act requires that any person at a workplace, including customers and visitors, must take reasonable care of their own health and safety and that of others who may be affected by their actions or omissions.

They must also cooperate with any actions taken by the person conducting business or undertaking to comply with the WHS Act and WHS Regulation.

PRIVACY ACT 1988

The Privacy Act is supported by the Australian Privacy Principles, which came into effect on 12th March 2014. The object of Australian Privacy Principles is to ensure businesses and government agencies manage personal information in an open and transparent way.

Review the section within this handbook that relates to privacy protection. It provides you with information about:

- the kinds of personal information that the entity collects and holds;
- how the entity collects and holds personal information;
- the purposes for which the entity collects, holds, uses and discloses personal information;
- how an individual may access personal information about the individual that is held by the entity and seek the correction of such information;
- how an individual may complain about a breach of the Australian Privacy Principles and how the entity will deal with such a complaint; and
- whether the entity is likely to disclose personal information to overseas recipients.

DISABILITY DISCRIMINATION ACT 1992

Sect 5 - Disability Discrimination

(1) For the purposes of this Act, a person (discriminator) discriminates against another person (aggrieved person) on the grounds of a disability of the aggrieved person if, because of the aggrieved person's disability, the discriminator treats or proposed to treat the aggrieved person less favourably than, in circumstances that are the same or are not materially different, the discriminator treats or would treat a person without the disability.

For the purposes of subsection (1), circumstances in which a person treats or would treat another person with a disability are not materially different because of the fact that different accommodation or services may be required by the person with a disability.

SEX DISCRIMINATION ACT 1984

Objects The objects of this Act are:

- to give effect to certain provisions of the Convention on the Elimination of All Forms of Discrimination Against Women; and
- to eliminate, so far as is possible, discrimination against persons on the ground of sex, marital status, pregnancy or potential pregnancy in the areas of work, accommodation, education, the provision of goods, facilities and services, the disposal of land, the activities of clubs and the administration of Commonwealth laws and programs; and
- to eliminate, so far as possible, discrimination involving dismissal of employees on the ground of family responsibilities; and
- to eliminate, so far as is possible, discrimination involving sexual harassment in the workplace, in educational institutions and in other areas of public activity; and
- to promote recognition and acceptance within the community of the principle of the equality of men and women.

AGE DISCRIMINATION ACT 2004

The objects of this Act are:

- to eliminate, as far as possible, discrimination against persons on the ground of age in the areas of work, education, access to premises, the provision of goods, services and facilities, accommodation, the disposal of land, the administration of Commonwealth laws and programs and requests for information; and
- to ensure, as far as practicable, that everyone has the same rights to equality before the law, regardless of age, as the rest of the community; and
- to allow appropriate benefits and other assistance to be given to people of a certain age, particularly younger and older persons, in recognition of their particular circumstances; and
- to promote recognition and acceptance within the community of the principle that people of all ages have the same fundamental rights; and
- to respond to demographic change by:
 - removing barriers to older people participating in society, particularly in the workforce; and
 - changing negative stereotypes about older people.

RACIAL DISCRIMINATION ACT 1975

This Act gives effect to Australia's obligations under the International Convention on the Elimination of All Forms of Racial Discrimination. Its major objectives are to:

- promote equality before the law for all persons, regardless of their race, colour or national or ethnic origin, and
- make discrimination against people on the basis of their race, colour, descent or national or ethnic origin unlawful.

COPYRIGHT ACT 1968

Copyright is a type of property that is founded on a person's creative skill and labor. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject matter. These rights include the right to copy, publish, communicate (e.g. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule that applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.

FAIR WORK ACT 2009

The main objectives of this Act are to provide a balanced framework for cooperative and productive workplace relations that promote national economic prosperity and social inclusion for all Australians by:

Providing workplace relations laws that are fair to working Australians, are flexible for businesses, promote productivity and economic growth for Australia's future economic prosperity and consider Australia's international labour obligations.

Ensuring a guaranteed safety net of fair, relevant, and enforceable minimum terms and conditions through the National Employment Standards, modern awards and national minimum wage orders.

Enabling fairness and representation at work and the prevention of discrimination by recognising the right to freedom of association and the right to be represented, protecting against unfair treatment and discrimination, providing accessible and effective procedures to resolve grievances and disputes, and providing effective compliance mechanisms.

NATIONAL VOCATIONAL EDUCATION AND TRAINING REGULATOR ACT 2011

This legislation provides that basis for the regulation of Registered Training Organisations in Australia. The legislation provides the basis for the establishment of the National VET Regulator who are the registration authority for RTOs.

A core component of this legislation is that it defines the condition for the registration of an RTO which include:

- Compliance with the VET Quality Framework
- Satisfying Fit and Proper Person Requirements
- Satisfying the Financial Viability Risk Assessment Requirements
- Notifying National VET Regulator of important changes
- Cooperating with National VET Regulator
- Compliance with directions given by the National VET Regulator

ALCOHOL AND ILLEGAL DRUGS

The possession, use, distribution or sale of alcohol and illegal drugs in the training environment is prohibited as it seriously jeopardises the safety of all. Students violating this risk expulsion from the training course and being reported to the relevant authorities.

DISCIPLINARY PROCEDURES

Misconduct by a student will result in disciplinary action being taken which includes but not limited to expulsion from the course and reporting to the relevant authorities.

Misconduct Includes the Following:

- Disruption of others
- Preventing staff from performing their duties
- Endangering the health and safety of others
- Verbal abuse
- Physical abuse
- Alcohol and drugs
- Carrying weapons
- Vandalism
- Theft
- Failure to comply with lawful directions
- Cheating, plagiarism, theft of intellectual property

TERMS & CONDITIONS

CHANGES TO TERMS AND CONDITIONS

Asset Training reserves the right to amend the conditions of the student's enrolment at any time. If amendments are made that effect the student's enrolment, the student will be informed 7 days prior to changes taking effect.
