

RESTORATION

Range of photographic restoration services depending on needs and prices vary for each individual job, the following is a guide only.

Actual quotes will only be given after sighting the original photo.

Job times vary depending on amount of restoration work to be done, but they are generally done within 7 working days.

Light Restoration	\$70.00
Medium Restoration	\$99.00
Heavy Restoration	\$150.00 +
Custom Work/Manipulation	\$99 per hour

Light: Generally, involves the removal of minor blemishes, scratches, small creases, watermarks, and date imprints from edges and background detail of photo. Basic restoration of colour from faded and light damaged photos.

Medium: Colorising, removal of scratches, blemishes, creases, watermarks, stains. Improvement of colour balance and contrast from faded and light damaged images. Some basic cloning and cropping of details as needed.

Heavy: Generally, involves the rebuilding of faces or missing sections of photos. Rebuilding completely ripped photos, major reconstruction. This is the grand plastic surgery choice when no other option will suffice.

All restoration work is supplied on a CD for archiving, sharing and reprinting.
Additional prints made from restored images are printed at Digital Reprint prices.
