Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Hoboken has prepared the HUD Community Development Block Grant (CDBG) Program Year 2021 Annual Action Plan, which covers the second year goals described in the City's 2020-2024 Consolidated Plan. The Annual Action Plan identifies the activities to be funded with CDBG funds to be received from the U.S. Department of Housing and Urban Development for Program Year 2021. The City of Hoboken will receive $1,088,621 from CDBG funds in Program Year 2021. The FY 2021 Annual Action Plan will serve the following functions for the City:

- An application for federal funds under HUD's formula grant programs; and
- An action plan that provides a basis for assessing the City's performance of HUD's goals.

In addition to administrative expenses in managing and overseeing the CDBG program, this Plan will fund a series of public service projects, including:

- HOPES College Readiness Program;
- TRUE Mentors serving the City's youth;
- Boys & Girls Club of Hudson County transportation services;
- Community Lifestyles' Summer Camp;
- Act Now Foundation's Alzheimers Early Detection Project;
- Hoboken Family Planning's STD awareness education and testing; and
- Computers 4 People's efforts to help bridge the digital divide.

The Plan will also help preserve affordable housing by providing funds to the Hoboken Housing Authority to replace aging boilers. The Plan will also help improve public facilities by allocating funds to rehabilitate major systems in the Jubilee Center.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.
The goals for the housing and community development programs covered by the 2020-2024 Consolidated Plan and Annual Action Plan are:

- To provide decent housing;
- To establish and maintain a suitable living environment; and
- To expand economic development opportunities primarily for persons of low-to-moderate income.

The City anticipates that 100% of its Program Year 2021 CDBG funds will be expended for activities that benefit low to moderate-income persons.

The City will fund activities in furtherance of the objectives and priorities identified in the Consolidated Plan's Five-year Strategic Plan covering 2020-2024.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City provides technical support and virtual monitoring to all sub recipients receiving CDBG funds. The following are types of monitoring are performed:

- Performance Monitoring;
- National Objective Limited Clientele monitoring;
- Financial monitoring;
- Davis-Bacon Compliance; and
- Environmental Review Compliance.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The Priority Needs and Goals of this Annual Action Plan were largely informed by the recently completed 2020-2024 Consolidated Plan. Consultations specific to this Annual Action Plan included regular conversations with local nonprofits serving the community, City officials, including the Office of Emergency Management, Hoboken Public Schools and the Hoboken Housing Authority.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Since the City began receiving funding directly from the CDBG program in 2015 when it became an entitlement community, there has been a strong relationship between the City and the Hoboken Housing Authority. In fact, a large percentage of the City's allocation has traditional been dedicated to projects at the Housing Authority. The City also works very closely with organizations providing health, mental health and other services as evidenced by the significant amount funding provided to organizations such as Hoboken Family Planning.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Comprehensive Emergency Assistance System/Continuum of Care (CEAS/CoC) Committee of Essex County is a planning body comprised of local stakeholders who partner with the County of Essex in the development and ongoing implementation of community based strategies preventing homeless including planning and coordinating the delivery of emergency services to those who are homeless or in imminent danger of becoming homeless. The City maintains close communications with the County of Essex and their efforts to serve the homeless and those in jeopardy of homelessness. Evidence of this close coordination can be found in the City's CDBG investments into the local emergency shelter and a 96-unit transitional housing project.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.
The Hudson County Division of Housing and Community Development serves as the chair of the Hudson County Alliance to End Homelessness (HCAEH). The HCAEH acts as Hudson County's Continuum of Care (CoC), and leads meetings on a bi-monthly basis to discuss the needs of the homeless service system and clients experiencing homelessness. The City regularly participates in meetings and planning with the HCEAH as part of the HUD Continuum of Care Program.

Summarize citizen participation process and how it impacted goal-setting

The City followed its Citizen Participation Plan (updated in 2020) to solicit the feedback and input of Hoboken residents. An initial virtual public hearing was held on April 26, 2021. In addition to providing an overview of the CDBG program, the hearing also served as an explanation of the City’s competitive application process for local nonprofits. The Hoboken Housing Authority was the only organization in attendance besides City staff. A second virtual public hearing was held on June 28, 2021 during the public comment period for this Plan. No members of the public attended the hearing. All public hearing notices were posted in the Jersey Journal and also posted on the City’s website. The initial public hearing was also advertised in the El Especialito Hudson. Evidence of the public meetings can be found attached to this Plan.

To help bolster participation and transparency of the CDBG Program, the City maintains a dedicated web page on the Program where Plans, such as this one, reports and meeting notices can be found.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

One of the criteria for the selection of potential projects is how well CDBG funds will be leveraged by the applicant. The CDBG program does not have a local match requirement.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Hoboken regularly invests in publicly-owned properties with its CDBG allocation. The Hoboken Multi-Service Center is home to several CDBG-funded public service projects. AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City remains compliant with its constitutional obligation to provide affordable housing. Hoboken's Third Round Fair Share Plan has received certification. As a result, affordable housing units continue to be developed throughout the City.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

No existing public policies are recognized as barriers to affordable housing.
AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The following actions have been developed to address the specific needs identified in this section.

Actions planned to address obstacles to meeting underserved needs

The City is confident the list of projects in this Plan all address underserved needs of the community. The City will continue to work closely with its residents, elected officials and nonprofit organizations to identify additional opportunities to meet underserved needs.

Actions planned to foster and maintain affordable housing

The City continues to heavily invest in the rehabilitation and modernization of the Hoboken Housing Authority. A number of public service activities directly serve those residents as well.

Actions planned to reduce lead-based paint hazards

The City’s Department of Health will continue to work with the County of Hudson on the identification of children testing positive for an elevated blood lead level. In addition, the City will assist the County with the marketing and implementation of its 2019 Lead Hazard Reduction Demonstration Grant from the U.S. Department of Housing & Urban Development.

Actions planned to reduce the number of poverty-level families

The City will continue to invest heavily in projects that serve poverty-level families.

Actions planned to develop institutional structure

Community Development staff will continue to avail themselves of training opportunities to further their expertise with the program. In addition, the City will continue to retain the services of a private consultant company to assist with administration and technical support.

Actions planned to enhance coordination between public and private housing and social service agencies

The City already enjoys a high-level of coordination with public and private housing providers and social service agencies.

Title
Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income). It meets the requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current Consolidated Plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2021, 2022, 2023, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan-guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in case of properties owned and occupied by low-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individual engaged in non-violent civil rights demonstrations;

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstration within its jurisdiction.
Compliance with Anti-discrimination laws — The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.
