

# SUMMER FUN

Photo of Julio Fernandez and friends by David White Studio

## GREETINGS FROM MAYOR RAVI S. BHALLA

Dear Residents,

As the summer approaches, I am excited to announce that our City will be offering a range of free activities for families and individuals to enjoy. This summer, we want to encourage everyone to get out and explore all that our wonderful community has to offer.

We understand the importance of having access to fun and engaging activities during the summer months, especially for those who may not have the resources to travel or participate in expensive programs. That is why we are committed to providing free and accessible events and programs for all members of our community.

We have a variety of activities planned, including outdoor movie screenings, outdoor concerts, expanded Fitness in the

Mayor Ravi S. Bhalla

Park sessions, and much more. These events will be held in various locations throughout the City, so be sure to check this newsletter, our website, and follow the City on social media for specific details on dates, times, locations, and program updates.

In particular, I hope you'll take advantage of the activities we have planned in our brand new Northwest Resiliency Park, that will open to the public in mid-June! This has been a major priority of my administration, and the 5-acre park (with above and below ground flood infrastructure to withhold up to 2 million gallons of rainwater) will be a great outdoor resource that will be available for all to enjoy this summer.

I encourage you to bring your friends and family to events, as well as our new park. I hope to see you this summer!

Sincerely,

*Ravi S. Bhalla*

Ravi S. Bhalla  
Mayor
