

Wataynikaneyap Transmission Project Training Program Application

Mechanical Forestry Training is delivered at a remote camp over 6 weeks and provides certificates in safety, forestry equipment maintenance and operation specifically designed to prepare participants for employment opportunities in the building of the Wataynikaneyap Power Line Project and the Powerline Sector. The program includes chainsaw safety, experience operating and maintaining forestry equipment, classroom learning, safety certificates and training outdoors. Travel, accommodation, meal allowance and a training stipend are included.
