TESTIMONIALS

Tiff's Treats – Israel S.

"Everything was great, nothing could have been better. Chase was on time and very friendly. He set up so quickly that I almost missed him leaving. I appreciated, and I'm sure everyone else did as well, the labels for sauces just in case someone wasn't big on spicy. I would definitely recommend your service and food to everyone I know."

ORACLE

Oracle – Patty T.

"Y'all have great friendly service, and are so quick to respond. I would absolutely recommend your services!"

rateGenius – Colby S.

"Everything was wonderful, on time, and delicious as always! Everyone loved the flavors and especially the mac n cheese. Thank you and your team at Pluckers!"

TRANSWESTERN®

Transwestern – Holly D.

"Seriously, you guys have the BEST customer service! Not only was our lunch delivered right on time, the sweet delivery lady was perfectly pleasant! She went out of her way to deliver the food in our meeting room as quietly as possible. You have no idea how many times catering companies deliver and don't realize when they unload it can be noisy. So it was so refreshing to see someone who understood the importance of that!"

Dell - Todd R.

"You are my hero and the best catering service provider of all times. Not to mention the food is pretty darn good too."

DrillingInfo – Chris S.

"I love when you all cater my meetings! Everything is packaged, labeled, and organized. You and your team go out of your way to make sure I'm in and out quickly so I may get the food back hot and fresh!"

Pluckers is hands down the best place for us to order food and I appreciate the attention you all give to make my monthly meetings a success!"

CATERING FAQ'S

Is there a vegetarian option?

Yes! Although we are known for our chicken wings, we understand the need to feed vegetarians at the office. We have a veggie sandwich available as well as our Impossible Burger that is a plant-based patty made with all natural ingredients.

Do you have a "healthy" option?

Most people choose Pluckers because they like to let loose and "eat dirty" or because they're craving a cheat day. Our food may be a splurge on calories, but it's also full of flavor and made to order. So spoil your taste buds!... or you can order our grilled chicken sandwich or choose to do the boneless wings "naked" (grilled) for those who are still too shy to go fried.

How many sauce flavors can I choose?

This varies based on the amount of wings you order. However, we typically do not suggest doing more than 3-5 flavors. The more flavors available, the quicker your food runs out, because people tend to take one of each.

How far in advance do we need to place an order?

Orders must be placed at least one full business day in advance to ensure our best service. This means, for example, Monday orders must be placed by 3pm on Friday. However, if you'd like to get your order in the books a week ahead, that's even better!

How is a catered order served?

Catered orders—including our Catering Packages and A La Carte Catering—are served buffet style to keep your food hot and fresh. However, we also offer a boxed serving style so your group can grab-and-go. As a bonus, plates, napkins, and serving-ware are included!

Do you only offer the items listed on the catering menu?

Yes. We have carefully chosen our menu items that cater the best. They are items we know will arrive delicious and will stay delicious! Other items are best served in the restaurant to ensure freshness.

Can we alter the number of sides or entrees that come in a Catering Package?

You can add an extra side or entrée for the whole group for an extra charge to the Package price or you can place an A La Carte catering order. Chat with our catering manager to find out which option is best for you!

Can you take a credit card over the phone?

Yes—in fact, this is the best form of payment. We just need the physical card available upon pickup or delivery. If the card is not available, we have an authorization form to send you.
