

# CATTLE SHEEP MOLASSED BLOCK

## PREMIUM COMPLIMENTARY MINERAL FEEDS

### ANALYTICAL CONSTITUENTS

|             |   |       |
|-------------|---|-------|
| Sodium      | % | 8.90  |
| Calcium     | % | 3.50  |
| Magnesium   | % | 15.50 |
| Phosphorous | % |       |

### NUTRITIONAL ADDITIVES

|                                     |       |      |
|-------------------------------------|-------|------|
| Copper Sulphate Pentahydrate        | mg/kg |      |
| Zinc Oxide                          | mg/kg | 1390 |
| Manganese Oxide                     | mg/kg | 1620 |
| Copper Glycinate (Protected Copper) | mg/kg |      |
| Calcium Iodate Anhydrous            | mg/kg | 177  |
| Carbaltoous Carbonate Monohydrate   | mg/kg | 192  |
| Sodium Selenite                     | mg/kg | 80   |
| Vitamin A                           | Iu/kg |      |
| Vitamin D3                          | Iu/kg |      |
| Vitamin E                           | Iu/kg |      |

Cattle Sheep Mag Molassed Mineral Block is a complementary mineral feeding stuff Recommended for feeding to Suckler Cows, Lactating Cows and Breeding Ewes during high risk times for grass tetany (hypomagnemic tetany).

Hi Mag molassed mineral blocks contain high levels of trace elements especially cobalt for sheep which will help to improve the trace element status of the herd. As there is no copper content in this product, it can also be fed to sheep.

- Contains magnesium in a palatable form to ensure intake.
- Added Zinc to promote healthy nutrition.
- Unique formula contains a blend of immunity enhancing ingredients.
