National College Resources Foundation Changes Lives with the 2023 Power of Me Tour

New York, New York – September 5, 2023 – National College Resources Foundation (NCRF) producers of Black College Expo™ (BCE) presents the **2023 Power of Me Tour (POM)** nationwide this fall. The POM program, scheduled a week before the expo, is designed to change lives through impactful testimonials and information on how to get accepted to college in a fun, engaging and inspirational assembly. Students will learn how to arrive at the expo prepared in order to maximize their BCE experience.

The POM team consists of recent college graduates and special guests that will get the students excited, inspired and motivated to excel in academia and life. Coordinators Derek Speight and Celebrity Ambassador Crystal Westbrooks enjoy hosting these events and interacting with the students. Derek says, "About 83 % of the students approach him asking, are you sure I can get into college?" His response is always, "yes and I can even show you how to get free money." Crystal counsels them that college is for everyone you just have to find the one that fits you.

They open the floor for the students' pressing questions on the college admission process, finding money, SAT vs. ACT, importance of GPA., Will I really be accepted?, and more.

POM invites principals, counselors and career advisors to visit the website at www.ncrfoundation.org to schedule a Power of Me team to come to their school.

About National College Resources Foundation

National College Resources Foundation (NCRF), is a 501(c)(3) non-profit educational enhancement organization serving over 200,000 students annually through a variety of impactful programs and initiatives. Founded in 1999 by Dr. Theresa Price to serve as a vital link between minorities and college admissions, NCRF's mission is to curtail the high school dropout rate and increase degree and/or certificate enrollment among underserved, underrepresented, at-risk, low-resourced, homeless and foster students. NCRF's vision is to close the gap in educational achievement, workforce and economic disparities, with the goal of ending racism and racial inequalities.
