

Risk Management Resource Centre

The Camargue Risk Management Resource Centre is an online portal that allows users to access numerous documents to assist in the management of risk in the healthcare setting. The platform is exclusively available to Camargue Underwriting Managers Medical Malpractice policyholders at no additional cost.

Examples of the types of information found on the Resource Centre include:

- Assessment forms and checklists
- Sample clinical policies and procedures
- Best practices
- Risk-reduction recommendations

Many of the tools on the Resource Centre are user-friendly documents that can be downloaded, customized, and used within an organisation immediately.

The platform is updated regularly to ensure users are viewing current information on issues and trends in the healthcare setting. Users can see at a glance what recent resources have been uploaded in the "What's New" column on the Resources page.

The Resource Centre also allows users to read international healthcare news and articles from the Camargue platform.

Additional features include:

- Unlimited user access within an organisation
- Access to more than 700 resource documents and tools
- Regular updates
- Industry news

DISCLAIMER

This resource centre is designed to provide information and resources related to risk management in the healthcare setting.

A process to review all resources on an ongoing basis is in place for maintaining the most current information on the resource centre. In some cases, resources may have older dates because a more current version is not available. If you are aware of a newer version of a resource, please contact us.

The resources are provided with the understanding that the resource centre producers are not offering a legal opinion or any other form of advice or professional consultation in regard to the subject matter. If legal or another form of advice is required, the services of legal counsel or other appropriate consultants should be sought.

We have made every effort to ensure the accuracy of the information herein as far as reasonably possible. However, it is the responsibility of every user of the resource centre to evaluate the appropriateness and use of a document or tool presented within the resource centre.

We will not be liable to any person or entity for any claims, losses or damages (including consequential or indirect losses or damages) which may be suffered arising from any cause whatsoever (including negligence, but excluding gross negligence) in any way connected with the resource centre.
