BIOGRAPHY

Rodrigo Gelio is a Mechanical Engineer and Patent Specialist who joined Licks Attorneys' Rio de Janeiro office in March 2020. His intellectual property experience encompasses, mainly, prosecution of invention patents, utility models and industrial designs. Rodrigo analyses and reports on technical opinions issued by the BRPTO as well as third party submissions, and, in addition to providing technical assistance to our litigation group, he also partakes in prior art searches, infringement and correspondence. Rodrigo has a vast knowledge of the Brazilian Patent Statute as well as the BRPTO's normative instructions and examination guidelines.
