

ALL ABOUT ORGANS

HOMEWORK SHEET

CHALLENGE 1

Pick an organ or body part.

Can you describe the organ or body part to a family member using just three clues?

Clue sentence starters

Use these sentence starters for your clues or create your own!

- I can be found...
- My function in the body is...
- Without me, ...

PANCREAS

LUNGS

LIVER

CAPTAIN MARROW
(BONE MARROW)

HEART

EYE
(CORNEA)

KIDNEY

SMALL INTESTINE
(SMALL BOWEL)

CHALLENGE 2

What else can you tell your family about what you have learned?

1. Can you explain what an organ donor is?
2. Can you list six organs that can be donated or given from one person to another?
3. Challenge: Can you tell your family about Max and Keira's law?

1. An organ donor is someone who gives, or donates, their organs. You can be a living donor (e.g. donating Captain Marrow (Bone marrow) or part of the Liver) or you can donate organs after death.
2. Any of the following: Liver, Kidneys, Lungs, Heart, Small Intestine (Small bowel), Pancreas, Eyes (Cornea). Captain Marrow (Bone marrow) can also be donated, but is not an organ!
3. Max and Keira's law is named after a donor Keira, whose organs saved four people's lives, including Max's. The law means all adults will be seen as having agreed to be an organ donor unless they have recorded a decision not to donate.
