

Tuff Tank - Plastic Effluent Tank

Tough,
lightweight,
flexible.

So much better than any steel tank

If you have been struggling to deliver heavy, steel waste tanks, it's high time you switched to our lightweight and robust Tuff Tank. Easy to clean and not prone to unsightly rust, this tank is the long-term, clear product of choice for liquid waste. Tuff Tanks are used from construction site to weekend outdoor event, and from campsite to glampsite.

Construction

Events

Technical Advantages

- Built in lifting handles and sling points
- Non-removable, unique serial number for traceability
- Non-removable, high contrast instructions and warning signs. In-mould graphic is permanent.
- Sloped upper surfaces to drain off rainwater
- Sealed access ports protect against spillage and odour
- Increase volume by linking several tanks together to extend the period between waste pump outs
- Linkable in two directions: side-to-side; nose-to-tail
- Stackable, rust-free, hygienic - flexibility guaranteed

Applications

- Construction sites
- Outdoor events
- Campsites and glamping sites
- Pleasure boat toilet waste tipping points

Upgrade Kits

- Linking kits to expand capacity
- Toilet connector kit
- Odour trap
- Cost-effective level monitoring alarm
- Elsan tipping point for chemiloo waste
