SPACE AND/OR WATER HEATING SERVICE RATE SCHEDULE

(Name of Schedule)

4. Usage shall be prorated for application of a change in rate or changing from summer to winter or from winter to summer rates. Such proration shall be accomplished by utilizing either the Customer's actual usage in each time period, or by fractionalizing the Customer's total usage according to the number of days of service corresponding to each time period by using the District's billing system.
5. This Rate Schedule shall apply when the same permanently installed all-electric equipment is used for both heating and cooling (such as a heat pump), provided that the area or space cooled during summer months does not exceed the area or space electrically heated during the winter months and that all other applicability requirements are met.
6. At the option of the District, an energy load management switch may be installed that enables the District to turn off the electric water heater for periods of four (4) hours per day when there is an economic need to manage usage.
7. For billing purposes, energy usage shall be normalized to 30 days when actual days of service is less than 27 days or exceeds 35 days in any given billing period.
8. The District retains and reserves the right, power and authority to modify, revise, amend, replace, repeal or cancel this Rate Schedule, at any time and in whole or in part, by resolution adopted by the District's Board of Directors.

TAX CLAUSE: In the event of the imposition of any new or increased tax or any payment in lieu thereof, in excess of that provided for under Article VIII, Section 11 of the Nebraska Constitution, by any lawful authority on the production, transmission, or sale of electricity, the rate provided herein may be increased to reflect the amount of such tax or in lieu of tax increase.
