Welcome to Koegel Park

This "passive" recreation area is a hill, covered by 66.5 acres of woodland, preserved and maintained for Somers residents and their accompanying guests.

Please use caution when walking in the park. Although every effort is made to keep it safe, Koegel park is largely in it's natural state, presenting some steep slopes to walkers.

For your safety and to protect our woodland, please stay on marked trails and walkways.

USE AT YOUR OWN RISK
