Dear Town Of Somers,

The Town of Somers is pleased to announce our participation in the program renewal of a Community Choice Aggregation (CCA) program administered by Sustainable Westchester. The program puts control of energy supply choices into local hands and provides access to renewable electricity. Through a competitive procurement process an Energy Service Company, Direct Energy Services, LLC has been selected to replace NYSEG as the default supplier of electricity for residential and small-commercial accounts within our community. We have chosen standard supply as the default product offering for our community, but you have the choice to switch to a 50% or 100% renewable supply option by contacting Direct Energy Services/Sustainable Westchester at 914-242-4725 ext. 134 or at the website below.

All eligible residential and small-commercial electric customers will be automatically enrolled in the standard supply product beginning with the bill cycle following November 30, 2023 and will be able to continue to receive the CCA program price of \$.1120/kWh for electricity through November 30, 2024. You may opt-out at any time with no fee or penalty.

Below is a comparison of the NYSEG posted 12-month trailing average electricity supply pricing compared to the CCA program pricing. While the NYSEG average is not indicative of pricing going forward, as NYSEG supply pricing is variable and may change each month, the CCA product pricing is fixed for the contract period and provides a basis for comparison. If you choose the renewable product offering, you will be contributing to NYS clean energy goals.

Product Offering	Residential	Small-Commercial
NYSEG Standard Electric Supply*	\$.1153/kWh	\$.1170/kWh
CCA Standard Supply	\$.1120/kWh	\$.1120/kWh
CCA 50% Renewable Supply	\$.1216/kWh	\$.1216/kWh
CCA 100% Renewable Supply	\$.1312/kWh	\$.1312/kWh

* Utility posted 12-month trailing average for 07/2022-06/2023 as defined by the Public Service Commission Rates do not include Gross Receipt Tax (GRT). If GRT is collected in your municipality it will be added to your rate. Please note that if you do not opt-out before 11/15/2023, you will be enrolled in ESCO service under the CCA program terms and your information, including energy usage data and low-income status, will be provided to Direct Energy Services.
