**To: Elco LTD.**

**Re: Convenience Translation of Interim Financial Information**

Per your request, we have reviewed the accompanying interim consolidated financial information of Elco Ltd. ("the Company") as of September 30, 2022 and for the periods of nine months and of three months then ended ("the Interim Financial Information"). The Interim Financial Information is the responsibility of the Company's Board of Directors and management. Our responsibility is to express a conclusion regarding the Interim Financial Information based on our review.

We did not review the interim financial information of certain subsidiaries, whose assets constitute approximately 0.87% of the total consolidated assets as of September 30, 2022 and whose revenues constitute approximately 0.78% and approximately 0.64% of the total consolidated revenue for periods of nine months and of the three months ended on September 30, 2022. Furthermore, we did not review the interim financial information of certain companies accounted for at equity, the investment in which amounted to approximately 217,781 thousand dollars as of September 30, 2022, and the Company's share of their income amounted to approximately 38,115 thousand dollars and approximately 9,016 thousand dollars for the periods of nine months and three months ended on September 30, 2022. The interim financial information for those companies were reviewed by other auditors, whose reports have been furnished to us, and our conclusion, insofar as it relates to amounts included for those companies, is based on the reports of the other auditors.

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The accompanying Interim Financial Information in US Dollars are a convenience translation of the interim consolidated financial statements as prepared in New Israeli Shekels as the rate of exchange of the Shekel into US Dollars prevailing on September 30, 2022, as described in note 4 of the Interim Financial Information.

Based on our review and the reports of the other auditors, we concluded an unqualified conclusion on the Company's consolidated interim financial statements in our report dated November 28, 2022.

The accompanying interim financial information, which are derived from the company's interim consolidated financial statements, are condensed interim financial information and do not include the disclosures required by International Financial Reporting Standards (IFRS). If the omitted disclosures were included in the accompanying interim financial information, it might influence the user's conclusions about the consolidated financial position, results of operations, changes in equity and cash flows of the company. Accordingly, the accompanying interim financial information are not designated for those who are not informed about such matters.

Based on our review and the reports of other auditors, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Information is not present fairly, in all material respects, the information contained in it.

Tel-Aviv, Israel

**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL INFORMATION****Note 1 - General**

The accompanying Financial Information, is derived from the Hebrew version of the Company's interim consolidated financial statement as of September 30, 2022 and for the periods of nine months and of three months ended on that date and do not include the disclosures required by International Financial Reporting Standards (IFRS) (hereinafter - The Interim Consolidate Financial Information).

The interim consolidated financial information should be read together with the Company's Hebrew version of the annual consolidated financial statement as at December 31, 2021 and for the year ended on that date and the accompanying notes thereto (hereinafter – The Annual Consolidated Financial Statement).

The interim consolidated financial information is a translation which is based on The Interim Consolidated Financial Statements, which have been prepared in accordance with International Financial Reporting Standard IAS 34 "Financial Reporting for Interim Periods", and also in accordance with the disclosure requirements in accordance with section D of the Securities Regulations (Periodic and Immediate Reports) - 1970.

**Note 2 - General description of the Company and its activities**

Elco Ltd. (hereinafter - The Company), was incorporated in Israel in the year 1949 and its shares are traded on the Stock Exchange in Israel.

As of the date of the financial information, the Group operates in Israel and abroad in four segments, in accordance with its investee companies, as follow:

**Electra –** Operates in the field of services for buildings and infrastructures in Israel and abroad, which includes: the instillation and provision of service for central air-conditioning systems, elevators, sanitation, infrastructures, the execution and construction of national infrastructure facilities, integrated security and protection solutions, electricity and piping, construction, the supervision and management of real estate, entrepreneurial real estate activity, the management and the maintenance of assets, the public transport field and the shuttle services field.

**Electra  
Consumer  
Products –**

Operates in Israel in the importing, manufacturing, exporting, marketing, sale and distribution of electrical consumer products and in the provision of services for products, in the operation of retail marketing chains for the sale of electrical products, in the operation in the foods retail field and in the field of investment property.

**Electra Real  
Estate –**

Operates in the field of the purchase, management and enhancement of housing complexes for rental in the South Eastern United States, which are held directly by a subsidiary company and by funds that invest in housing complexes in the United States, and though a fund which raises debt and provides loans and instruments for the supplementation of shareholders' equity for investments in housing complexes and in an REIT fund for investment in hotels in the U.S.A and in fund that invests in office space in Great Britain..

**Supergaz  
Energy –**

Operates in the marketing, sale and distribution of LPG and LPG consuming products, in marketing and sale of Natural gas, electricity and thermal energy.

**Other activities –** Include, inter alia, the theater of dreams operations and DIC.

**NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS****Note 3 - The War between Russia and the Ukraine**

In February 2022, a war began between Russia and the Ukraine. As a result of this, many countries, including the USA, Great Britain and the countries in the European Union imposed a series of economic sanctions against certain individuals and entities that are connected to Russia. These sanctions have had a direct impact on those individuals and entities and have also had an indirect impact on third party businesses, which are connected to those individuals and entities, as well as to certain industries that are part of the Russian Economy. Furthermore, the sanctions restrict Russia's central bank's ability to support the ruble in addition to which they have placed restrictions on the ability to withdraw funds that have accumulated in Russia.

Electra has tested the value of the inventory of real estate in which it has a holding of 50%, by means of an independent external appraiser and has found that the disposal value of the real estate exceeds its carrying amount.

There has been an increase in petroleum prices in the wake of the war, as stated above. The said changes in the prices of petroleum prices has contrary but unequal effects on Supergas Energy's results, such that an increase in the price of a barrel of petroleum has a negative impact on the profitability of LPG because the increase in the purchase price cannot be rolled over in its entirety to the selling price, which is offset partially by the positive impact on the profitability of the natural gas marketing operations.

In light of the inability to anticipate the length and the impact of the political and economic events relating to this event, the Group is unable to assess the future impact on each of the Group Companies at this stage.

**Note 4 - Convenience translation**

The Interim Consolidate Financial Information in US Dollars is a translation of the statements as prepared in New Israeli Shekels ("NIS" or "Shekel") at the rate of exchange of the Shekel for the US Dollar prevailing on September 30, 2022 (NIS 3.543 = US\$ 1).

It should be noted that the New Israeli Shekel amounts, on the basis of which the convenience translation figures were prepared, do not necessarily represent the current cost amounts of the various elements within The Interim Consolidate Financial Statements and, also, that it should not be construed from the translation into US Dollar figures that the Israeli currency amounts actually represent, or could be converted into Dollars. This financial information has been prepared for the convenience of the reader. In the event of any discrepancy between the contents of this translation and the Hebrew original, the Hebrew original prevails.
