Vertical use, rectangular, slimline tank manufactured from a WRAS-approved medium density polyethylene (MDPE). Complete with a single, vented lid and multiple slots for securing with ratchet/cargo straps and/or a metal frame, this tank has moulded-in baffles to prevent sloshing and increase stability when on the move.

Multiple applications: potable drinking water, rainwater harvesting, liquid transport, grey and black toilet waste collection for glamping huts, constructions sites, catering stands and event industry accommodation.
