

DIGGING DEEPER

September 19-20, 2020

What surprises you the most in this story about Peter denying that he knew Jesus?

What are some of the ways you are “prone to wander”?

How does pride and over-confidence in ourselves contribute to diminishing the fire of our love for Jesus?

Why are we reluctant to talk about Satan and his opposition of us? Talk about the dangers of two extremes we often gravitate toward (considering Satan too much or too little).

On a scale of 1 to 10 (1 being low and 10 being high), how much of a people-pleaser are you? How does that impact your walk with Jesus?

What "idols" (also known as "pain-killers," "distractions," etc.) have elevated their temptation and impact on your heart and in your journey during the COVID pandemic and quarantine?

How does the love and grace of Jesus impact us when we've become distanced from Him?
