

ULTIMATUM #1 TO WORLD LEADERS

You are guilty of gross negligence for your mishandling of the climate crisis.

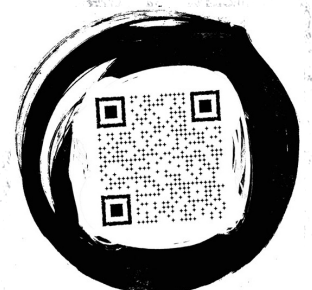

We can no longer trust you to lead us toward a livable future.

So We the People of the world are taking matters into our own hands. We will be sending you a series of simple demands that tell you, step by step, what needs to happen now.

Our first demand:

Immediately call an extraordinary leaders' summit and declare a Global Climate Emergency.

If you do not move urgently on this, then We, the People will ramp up our disobedience and bring this doomsday machine of yours to a sudden, shuddering halt.

The Third Force
