## **OVERVIEW**

A quintessential wildlife safari, combining some of the very best of southern Kenya's most fabled game viewing destinations by air.

Travel across breathtaking savannah plains, see wildlife in its natural habitat and meet briefly, rich tribal cultures. Soar silently, high above a million strong trailing wildebeest in a hot air balloon as the dawn awakens and watch mingling herds of Elephant on the mara plains below. Take time and relax with a soothing wellness treatment and watch the wilderness of Tsavo happen before you.

Enjoy luxury eco-safari camps and wildlife encounters up close, explore true African wilderness on foot, beneath the snows of Kilimanjaro, in the company of Masaai warriors and journey between destinations, low level, in a privately configured executive Cessna Caravan, the perfect bush aircraft.

A truly harmonious blend of nostalgia and contemporary luxury on a uniquely magical Out Of Africa safari flying experience.
