**Open burning of vegetative material for the purpose of land clearing using an air curtain destructor provided the following conditions are met:**

1. The location of the air curtain destructor is at least 300 ft from any structure or public road.
2. Only wood waste consisting of trees, logs, large brush and stumps, which are relatively free of soil, are burned in the air curtain destructor.
3. Tires or other rubber products, plastics, heavy oils or asphalt based or impregnated materials are not used to start or maintain the operation of the air curtain destructor.
4. The air curtain destructor is constructed, installed and operated in a manner consistent with good air pollution control practice for minimizing emissions of fly ash and smoke.
5. The cleaning out of the air curtain destructor pit is performed in a manner to prevent fugitive dust.

**I have read and understand the above information. Furthermore, I understand the City of Loganville Fire Department can suspend or revoke this permit if found not in compliance with any state or city regulations.**
