

Electric Powered **CALIX TIMER**

CEPT-050224

In the app, you can create weekly schedules for your travels. Calix Timer will help you determine how much time your car will require in order to reach the desired temperature. Calix Timer can be easily installed in existing heating systems from Calix, but can also be installed in new systems. Simply mount the device in the engine compartment instead of a multiple socket, and download the Calix Timer app to your mobile phone. The app is currently available in app stores in Sweden, the UK, Germany, Norway, Denmark, Finland, Switzerland, France, Estonia, Latvia, Lithuania, Iceland, Poland, Russia, Austria, the Netherlands and Luxembourg.

Function

Easily set the time for when you want your car to be warm with the Calix Timer app. Simply select the estimated time of departure, and Calix Timer will make sure your car is heated.

Applications

Car heating systems

Features

Runs with Bluetooth, ranging in and around the vehicle

Integrates with new or existing car heating system

Make weekly schedules with Calix Timer app for Android and iOS

Benefits

No subscription or registration required

Warms your car for the estimated time of departure
