

Benediction Prayer for Groundbreaking Ceremony of Grand Sanctuary in Cheong Pyeong Tennessee

Date: October 11, 2023

Groundbreaking Ceremony at the beginning of Grand Sanctuary Construction

Place: at the ground of Grand Sanctuary, Cheong Pyeong Tennessee

Benediction Prayer of the Second King:

Heavenly Father, who is abundant with love! We offer our deep gratitude again and again.

Here this is the place where we have the most beautiful scenery at Cheong Pyeong. Please bestow us to build Grand Sanctuary so that witnessing, Peace Police Peace Militia of Cheon Il Guk, Culture Center and the settlement of Abel UN would be all realized.

Heavenly Father! This is the restored ground of Cheong Pyeong. May this restored ground of Cheong Pyeong offer You glory! We had all of the failures of the fallen Cheong Pyeong, but here the mountains are much higher by 50 feet than those of Ga Pyeong-gun in Korea. True Father decided on this ground. And here is the place where Christians are the strongest in the Bible Belt, in the southern part of the United States of America. We offer our gratitude from the bottom of our hearts for bestowing us these southern regions.

On the foundation of Father's blood, sweat and tears we have witnessed that Your prophecy came true. The first Blessed Central family in Tennessee: the son of a Baptist Church pastor and the daughter of the Baptist Church – they are husband and wife. When True Father educated pastors in the United States, Father prophesized: Though you do not accept me, your sons and daughters would be my disciples. No one understood it in those days.

In this land of restored Tennessee Cheong Pyeong, we have witnessed now this marvelous work.

May all of those Baptist Christians be the foundation of the Second Advent! Constitution of Cheon Il Guk, Christians of Abel realm, gun owners, bikers and veterans – May they become one so that the United States of America will be revived by fulfilling responsibilities and securing freedom towards founding Cheon Il Guk. It is the most critical work. Therefore, please always guide us!

May all of the Churches centering on the Bible Belt unite so that all of the patriots may become one! Learning the culture of Cheon Il Guk, may the theology of Cheon Il Guk, the Divine Principle, and the Eight Textbooks and Teaching Materials be succeeded to them.

Father! May this become the place of witnessing and Abel UN!

Spreading the Constitution of Cheon Il Guk worldwide, we pray for Your blessing of the settlement of the Abel UN being substantially restored here in Cheong Pyeong!

We meet a worldwide-level crisis now. Father! Because the substantial fall of the world is in front of us, let all of us pray with utmost devotion and sincerity. Not only building the Grand Sanctuary but also reviving the United States of America once again; May President Trump stand up once again!

May this Grand Sanctuary be able to attend and help all of them so that this place will be blessed to meet all of them! We sincerely pray for Your bestowed blessing.

Please assist the marvelous work of the Holy Spirit at this restored Cheong Pyeong.

We offer our infinite gratitude and glory to You, Heavenly Father!

All of the tribal kings and family kings, may they attend the Three Generation Kingship!

In the Name of all here gathered, Blessed Central families and Three Generation Kingship, we report sincerely.

Aju. Aju. Aju.
