(Let's welcome up the Second King!) (Applause)

Thank you, folks. Thank you, Gregg. Good morning, everybody. Good morning. Oh, you got the Academy in the house. Let's give it up for the Academy. *(Applause)*

KAHR at SHOT Show

Well, we want to give a big shout out to KAHR and of course our general inspector Kook Jin Nim. We went to SHOT Show <https://shotshow.org/>, got back Friday night. Still, we don't know what planet we're on, but it's okay. It was crazy, very crazy. But big shout out to Kook J-hyung and the KAHR booth. Let's give it up for them. *(Applause)* Thank you. They allowed us to be up in the KAHR booth, which is like a \$50,000 spot honestly speaking. He puts a lot into that; the whole KAHR team is there and it's amazing. It's on the main floor, as you know, and it is right next to Beretta and Sig, and the giants in the industry.

But of course, what sets KAHR aside is not only that it's in True Father's lineage and that his appointed elder son Cain is running it. Kook J-Hyung started twenty-five years ago - I guess it is - on a tiny little table way downstairs. He was not on the upstairs. He was on a tiny little table. He was a college student at Harvard economics and he went selling his first design. Which then eventually became a giant hit high-powered single stack and took over the industry. He had the patents and for like twenty years he had a monopoly on that. And now all the big companies, Sig, Glock, all of them, they all come in and they're copying the single-stack system.

We've been bugging Kook Jin Nim for like three years and this year, KAHR has come up with a beautiful double-stack and it was a big hit. Donnie Jr. also as you saw, came to the booth a couple of times and checked out the X9 and everything. So, there's an incredible

buzz now about the Kahr pistols rising up again and again, taking that dominant spot, which it always has. Of course, you have Desert Eagle and Tommy Gun, which draws all these people, and we were able to connect with so many patriots there.

And probably one thing about Kahr that sets it apart from everybody is that it's got this huge American flag above the booth. It's the only one with a giant American flag over it. It's crazy, right? You would imagine all the gun people and the gun companies were all patriotic, but honestly speaking, it's not true.

There are a lot of gun companies that are more like neocons; because they want the money, they just chase the government contracts. They don't actually stand up. For example, they don't support different gun rights' companies, or they're scared of that because they may get in trouble, etc. So, in the gun industry, it's not as you think; there are a lot of neocons. There are a lot of feds in there- let's put it that way- that don't want to protect our God-given rights. This is something that people don't know about the industry.

KAHR's FRIENDS

Kahr is different because it's right out there in the front - boom! - with the flags showing patriotism, and -boom! - out there not only with the beautiful firearms but with the whole networking. We had a nice dinner with some folks and friends there. A shout out to **Black Rambo** and HoodNeck.

Wow! We met these young African American brothers called

HoodNeck <https://www.hoodneck.org/> That's like redneck; they're redneck, but they say HoodNeck because they're bringing the hood and redneck together.

These are young guys. They're in Texas. They're out farming, they got solar panels; they're hunting, fishing. This is something the black community is not supposed to be doing with their controllers; they don't want the black community to be strong like any community.

They're young people in their twenties. They are pushing this heavy and they're growing very quickly, because they're showing a new model as even Kanye West was talking about. He was saying, *"Black community, stop just chasing whatever, fame and hoes! You got to invest in land. Buy land, learn how to farm. Have your own sovereignty, have guns."* This kind of thing, Kanye's been pushing that very big for many years.

He has a couple of songs on that issue, that the black community got to get out of that pre-programming and just trying to chase Hollywood or sports. Go into farming, go into

agriculture, go into self-reliance and hunting etc. I guess that whole culture, that whole niche, has now resonated with these young people; they're pushing that HoodNeck. A very nice group of young people that came by the KAHHR booth. So exciting!

We had dinner with a whole bunch of folks. **Amanda Suffecool**, https://www.instagram.com/realizeradio_amanda/ Shout out to Amanda Suffecool, wonderful Amanda, and her brother, Rob. These guys are just so phenomenal, excellent; they are real pillars in the organizing committee of the Freedom Festival.

At our table for dinner, we were by far THE most diverse group. (*Applause*) It's True Father's culture; we brought all the cultures together. We had a whole bunch of Asians – obviously – (*laughing*), we had Amanda and her brother, and then we had a huge black community with us: Rambo, two of his friends, the HoodNeck boys. Our table was so diverse.

This is what they're afraid of folks, okay? The common attack on the MAGA people is that they're all white supremacists. They don't want to show the racial unity, because there's nothing you can say; it's visual. 90% of the info is processed visually. You see that and you just say, "*Whoa, what's going on?*" You see, it immediately breaks the narrative of "*This is the white-supremacist camp*" or something like that; it breaks that immediately. The visual is so powerful.

Oh, shout to **Jay Ashur**. Jay Ashur, he's so encouraging, he's an army vet, he does the Pew Party down in Texas. <https://www.youtube.com/c/JaytheShooter> He's out there in Virginia. He'll come visit us after we get back from Korea. He makes his own ammo and the guy is excellent. He's the one that made the world's first fully automatic Desert Eagle. Have you seen that on social media? You've probably seen it. Black Rambo shoots it all time. It's a full auto Desert Eagle. It's the first one. He's the guy that changes all the guns into the full auto so he's an expert in that field. And online he's been so Abel- type; he's been so encouraging of everything we do.

King Bullethead at SHOT Show

We were able to be at the KAHHR booth; we haven't been there four years maybe. Last time we were at SHOT, honestly, it was a little uncomfortable because, even on the KAHHR staff, it was like, "*Why is Justin allowing this mixing of religion and business?*" You know what I mean? "*What the heck are these guys doing here? This guy's a cult leader. What the heck are they doing here?*" Then even four years ago, I felt a little uncomfortable, so I would just walk around and just try to meet people. Because, sitting at the booth? We didn't know the KAHHR staff so well and everything. We felt a little distant.

This time was TOTALLY different! Oh my gosh! Because a lot of the folks have been watching the King Bullethead's raps. Sometimes I ask, "*Father, why did you make me do the King Bullethead's raps?*" Oh Lord! Young people like doing music and all this stuff, but music is very dangerous. Music, art, and dance are very dangerous fields; these are very Satanic fields. So, we always warn the young people, especially because they say, "*Oh, the King, he's doing the Crip Walk, and he's doing this and that.*" Don't be stupid, you understand? I know that game. Obviously, I'm quite coordinated and stuff like that, so when I was in my twenties, I could have picked up things pretty quickly. But I saw two of my brothers destroyed by trying to pursue that.

And of course, one thing about music or art or dance is that you want people's praise. Those three fields, it's about trying to get the audience to cheer for you and praise you. So, it becomes demonic, because really what you're doing is you're ending up searching for people to be praising you. You see this? A lot of people fall into the trap and their lives get destroyed. I saw two of my brothers destroyed, that's why I became a monk in my early twenties. I said, "*No!*" Even though I could do performance on stage and I could control a crowd and I can do that kind of stuff, I didn't want to do it, because I saw how it collapsed and destroyed lives.

That's why I didn't want to do this stuff. You know me, I don't even like singing in front of people, even though I can sing. I didn't like singing in front of people, but Father made me do some singing and something like that. But sometimes I ask, "*Why the heck do I do the King Bullethead's raps, man?*" We got to shoot one out every two weeks and it's killing our team in terms of production. It's a lot of work for me to even just make one of those three minutes' videos.

But what we found is that it has a tremendous impact; it has a cultural impact that even goes to all our patriot friends. A lot of KAHR staff folks had seen a lot of the videos. One of our best friends on the KAHR team is Jody. She's the one that does all the outreach and marketing, and she is so encouraging on the videos. She's been watching them for like a year since Rainbow Ishtar. Every single one. She's so encouraging; always sending me some fire emojis and stuff like that.

What They Saw in Me in Pre-King-Bullethead

But this time when we went to KAHR; it was totally family. It was unbelievable; that wall had been broken, taken down. And I thought about it, I said, "*Why is that?*" I was talking to the Queen when we got back; we were meditating on it. If you think about it, and you look at let's say pre-King-Bullethead, what does the public see of me? They see the King's Report where I'm oftentimes shouting and ranting- which is fine, okay? That's fine, that's good. Hey, you got to shout at the Devil; you got to wake up the people. You know what I mean? Sometimes you got to hit them hard.

So, there's the King's Report, then there's the Sunday sermon when also, I'm mostly screaming. (*Laughing*) And then what else is there? There's the Korean service, and I'm screaming even more on Korean service; I'm shouting even more, because that's just Korean culture.

Anglo-Saxon vs. Korean culture

In Korean culture, you show love by tough love. Wives, don't think you do that to your husband, okay? It's hierarchical. So, you can't do it to somebody who is above you; that's very bad. But for people who are under your authority, so to speak, it is seen as a type of love. Although in Korea, husband shouting at the wife, that's not okay. But I'm talking about somebody in Father's position. Sometimes the Westerners were like, *"Man, why is Reverend Moon shouting at his people like that?"*

You know what I mean? Even Father would smile, but he would always shout at them. They don't understand Korean culture; that's part of the culture. The great-grandfather shouting at you means he loves you; he knows your name and he loves you. That's why he's shouting at you, whooping your "ashtray".

But in the Episcopalian world or the Anglo-Saxon world which a lot of it is Episcopalian, no, it's not like that. You have none of that, right? You're not supposed to do that. It's like Tucker Carlson going to Canada and saying, *"Yeah, in Canada, you guys are also Episcopalians. You're under the British crown. And if we gather at Christmas and somebody shouts, 'You wrecked my life!' everybody looks at the table, they look at their plate and it's quiet."* That's the Anglo-Saxon Episcopalian world. In that kind of world, you don't confront, you don't tell people straight.

This kind of stuff is very different in the Korean culture. Even if you're one year older than your younger brother you confront him; you tell him straight. Just to give you a context: the Queen, she's a female; she was in a sewing class when she was in high school and they would whoop them. In the sewing class! Just to give you some context. This is not like France. France is very soft, right? And America has become very soft. But Korea is not like that; Korea is way tougher. Well, it used to be much tougher; it's getting softer now.

In the Western world, they kind of look at the Korean culture like, *"Why are these Koreans acting like gangsters?"* But you understand? It was a slave country; it was a country of slaves. And as a slave, you don't have anything. So really what's important is the trust and loyalty you can have with the people that you have. That's all you have; you don't have anything. You can't own anything and obviously you can't have any weapons; you can't have any of that. You can't have any sovereignty. All you have is your reputation and you have your tribe. That's it.

Democracy, where does it come from?

Kook J-Hyung was giving an amazing insight on the birth of democracy. It started in Italy, in Rome; that's the birthplace of democracy. Where does it come from? It doesn't come from the elites. Did you know that? Democracy does not come from the intellectuals. The intellectuals always think they're greater than everybody else. They want to command and control systems because they believe they're blessed, they're enlightened. They're the special ones that should decide the rules for society. This is the intellectual class, always, every generation. That's why the intellectuals, they use intellectualism, but then they become very evil, and they want control.

So, democracy does not come from the intellectuals. You know where it comes from? It comes from the felons. I'm not joking, it comes from the criminals. There was an island where they exiled all the criminals from Rome, Italy; all the felons, all the criminals, went to the island. Now, you think about it. They all have the ability to kill one another, because they will do violence. But they have nothing; all they have is their reputation. All they have is loyalty to the people that have made promises with them and they keep their promises.

This is like a gang; it's a gang culture. From that culture we can fight, we can kill each other, or we can vote on it. That's how it comes out. It does not come from the aristocracy, folks; this is the big lie of the Western world. Democracy does not come from the Western world; it comes actually from the criminal class. Western civilization will say, *"Oh, you know, nothing good can come from the criminal class."* Well, a republic came from it and so did democracy, because they're the people that will actually fight and do violence to one another if you step over the boundaries.

<https://newrepublic.com/article/171667/pirates-pioneer-democracy-david-graeber>

Of course, it doesn't mean that they are the ideal; it doesn't mean that. But it's interesting how that comes out. Isn't that interesting? That actually democracy comes from the place of the criminals where they don't have anything, and it's, *"If you try to oppress me, I'll kill you. So, what are we going to do about it? We're going to vote. And once we vote about it, it's done."* You see how that works?

The aristocracy or the intellectual class never produces democracy. It always produces top-down control because they think they're the special people with the high IQs that should rule and make the rules for everybody else in society because everybody's too stupid. You understand? Even what the Bilderbergers are saying, what the WEF, Klaus Schwab, Bill Gates and all these demons are saying it's actually quite traditional of aristocracy. That's how they think. Europe, China, Mongolia doesn't matter. Any type of intelligentsia believes the same crap, the same religious cult.

Theology, Community, Culture, Constitution

They call us a cult. No. We have what? We have such a powerful theology. That's the one big circle. We also have a very strong community. We have a very strong community because we also have a lot of training. we have a very strong community and also, we have Peace Police-Peace Militia. We're all involved with that. We have to be encouraging and we have to be supporting one another to be successful in our families and in our training. This culture is very important. Our theology is big and we also have community and culture very strong.

And then we have what? Constitution. We have not only the powerful theology from which all of this comes out. We not only have powerful culture and powerful community and training, and Peace Police-Peace Militia that binds us together literally, but we also have our constitution which shows our future vision of the future Kingdom of God. No church in the world has that; none!

Hitting Back with Humor

This is always a complaint of every person; they say we're a cult and all this kind of stuff. That's what I realized: Father is using the different skills in our team to hit back against those attacks. They say we're cult. Alright, fine. We're just going to take "cult" and I'm going to make a song about it. (*Applause*) I'm going to make a song about cult leader. <https://rumble.com/v3ld6is-king-bullethead-cult-leader-official-music-video.html> You call us extremists? Fine. We're going to make a song about it <https://rumble.com/v48m0rc-xtremist-official-music-video.html> And then we're going to post comedic dancing Crip Walk videos, where basically we're making fun of you calling us cult leader. <https://www.instagram.com/p/C2nGkQhAsp0/> So, we're hitting back with humor.

I was talking with the Queen: before King Bullhead stuff, the image of the Rod of Iron Kingdom and even the Rod of Iron ministry is very hard. We got the King's Reports; I'm shouting, ranting on there. We got the Motorcycle Ministry where we're wearing a skull mask, and we got the black leather on. We're shooting guns all the time. I'm doing jiu-jitsu, choking out these young people. This is what people see. And then I'm doing Sunday sermon; I'm shouting and ranting too like a preacher. At the Korean service, I'm also shouting, but I'm even sometimes more hardcore. So, it's all hard stuff.

But actually, all you folks know me; I'm quite playful, I'm very chill, but people didn't see that side. With the King Bullethead stuff coming out, then humor comes out. <https://rumble.com/user/KINGBULLETHEAD> The humor stuff, how we punch back in a funny way. Also, it shows our whole church and our whole team's internal fortitude. We get hit with all these labels which would normally crush people. Especially in the conservative world, they're so weak, it would crush them to be called anything.

That's why MAGA actually has made the conservatives stronger. They were so weak; they could never get criticized for anything. They were just so weak; they were scared of being called a bad name. They were so pathetic. But they see how we digest it. We get cursed with the worst type of labels, even before MAGA, *"You're a cult, you're a domestic terrorist, you are brainwashed."* We've gotten hit with all this for forty years. But how are we hitting back? We're not hitting back with anger. We're not hitting back with just trying to explain things intellectually. We hit you back with humor, and we show, *"It doesn't bother us, man. You call us cult-leader; fine. I'm a cult-leader? Fine. Okay, good."* *"Deplorable?"* We just run with it.

That whole comedic humor response, that kind of rebuttal is very powerful. It's not intellectual arguments, you understand? This is the emotional, cultural realm that we're dealing with; it's not intellectual argumentation, because intellectually in terms of the Principle, we've already won. That's why they just resort to calling us names, *"They're brainwashed; don't meet them."* Because if you meet them, you're going to get witnessed; you're going to start believing in the Principle. If you sit down for a lecture you are going to start understanding who Father is. You see what I'm saying?

They can't beat us here because people who study Christian theology, you know it's quite scattered. There are obviously three major traditions and many within the churches disavow one. Orthodoxy says they're the only way; Catholicism and Protestantism are a little closer but anyway there's a lot of disagreement, and that's what people don't realize about Christianity.

But the response we are giving, the hitting back is now cultural; we're not making intellectual arguments. We're saying, *"Okay, fine. You call us a cult? Okay, fine. We're fine with that. We're going to keep on being happy."* We're going to keep on building up our young people to have great date life with their husband and their wife, have great relationship with their children. To also be training, and doing these cool videos, all this kind of stuff. We're going to do all that stuff.

BUT we're still like monks, and in terms of sexual values, we're very strong. We're still like monks. Even though we can hit almost all these fields culturally, in terms of our sexual ethics we're very, very strong. We're like the Amish. We just don't look like the Amish; we look like we're drapping in Louis Vuitton or something like that. Okay? But in terms of our sexual ethics, we're like monks. You know, we push very hard. You,

young people all know, don't be fornicating before marriage. Grave, mortal sin, right? They know that. They know they must control their pee-pee before marriage; have dominion over it, like the monk training, the iron crotch training. It's not that we actually do that, but you see, mentally it has to be that serious. It's that kind

of training.

Now with the King Bullethead videos... And obviously, I don't dress like that all the time. I'm not running around in iced out diamonds all the time. So, folks said they saw us do one or two performances. They reeled in the patriots closer; all of these people also watching it etc. So, this time when we went to SHOT, oh my gosh! The environment was night and day, billion times better. In fact, we had all the folks coming up to us and they were talking, *"Hey, this and that!"* There was no division; it was SO cool this time, so great!

I, like an idiot, forgot to bring the dang bullet crown which is literally our trademark, so, we had to ship it overnight to have it for the final day. But everybody was asking, *"Hey, bro, where's the bullet crown, man?"* I said, *"Dang on it! I brought everything else and a battery bank and I brought our guns, too, but we didn't bring the dang bullet crown."* How the heck did we forget that? Lord! It drives me nuts. Everybody on our team forgot. But we got it and anyway, it turned out really great.

Be Ye Fishers of Men!

Kook Jin Nim gave us a great idea. Next year, what we're going to do is we're going to make King Bullethead patches. This is good. In the SHOT show, man, these people collect patches like nuts. There are patches on the table, they RUN up and take patches; Thompson and Kook J-Hyung made some beautiful patches this year with the Tommy guns. They have these samples just on the table. People running up, *"Hey, bro, bro, take one. Come on, take one!"* They get greedy with the patches. All these combat vets, they love the patches. But we're going to do the King Bullhead patch system.

On the first day we were there, Kook J-Hyung had a little table, and my gosh, I could sit down for hours. It was so wonderful. Four years ago, I had to walk around. I was walking ten miles, twenty miles a day. That place is so big. It burnt me out, I got so tired. I didn't want to go back to SHOT Show because I had to do about fifty miles walking for three days. But he let us be in the booth, we had a little table, we had Freedom Festival flyers, we gave out the Rod of Iron Kingdom book, we gave out the King Bullethead CDs.

Wow! Jesus says, *"Be ye fishers of men."* We felt it was like fishing. You're sitting there on the boat; you have the line out. You're sitting on the boat; you're waiting for the fish. There are such amazing Desert Eagles and all these wonderful swarms of fish are coming, and it's that opportunity. They come in and they can be in contact with the Gospel, they can be in contact with the Completed Testament Age and the Kingdom. THAT was so wonderful! I didn't have to go chasing around these fishes, trying to harpoon them. They came to us! Praise the Lord! (*Applause*) It was amazing, it was so unbelievable. So now we tightened down our system and we were able to hand out the

Rod of Iron Freedom Festival literature. We explained this is the largest open-carry event on the planet.

Shin Joon, the Third King was out there. He was hustling; he was out there handing out flyers. I said, *"Boy, slow it down, baby. Slow it down. We got three days. Slow it down."* Because if you push them, it goes out so quick. You lose them; everything is gone within a two-hour period. So, I said, *"Slow it down, slow it down, let's take it slow, we've got to take it slow. Just wait for the fish to come."*

But it was wonderful. A lot of people were able to connect to us. We explained this is the largest open-carry event, and in that packet, there's also a book about the biblical defense of the Second Amendment - which we should expand on. There are all these huge sections in the Old Testament obviously which are so appropriate like David's course, Saul's course, Joseph's course, Moses' course. My gosh, he had to literally make a militia. So, you're talking about all these different courses of all the prophetic central figures throughout Scripture. Man, the Rod of Iron Kingdom book can be much thicker; we just haven't had time to get in on it. <https://www.amazon.com/Iron-Kingdom-Hyung-Sean-Moon/dp/1732400601> We just have the cursory small book now, but we can add so much to that in terms of biblical proofs of a coat of arms for a king and the kingdom that God has ordained.

So, we have the book in there, we have the Freedom Festival pamphlets, we explain to them this is the largest open carry, and then we got the King Bullethead CD. You got to explain this stuff quick because you only got a couple of moments with them before they lose their attention and move on because it's busy, busy; billions of booths. So, we hand that out and then of course the King Bullethead is there, *"There's also some fun music in there, talking about throwing pedos in the blender."* They LOVE that, man! This crowd LOVES that, boy! (Applause) Whoo! Praise God! We said, *"Look at song number four woodchippa. This one gets us banned from all the platforms."* <https://rumble.com/v2hkj44-king-bullethead-woodchippa-official-music-video.html> All the guys love it. They're like, *"Oh, man. Okay. I will take a listen at that."* When it's banned music, they want to hear it more. It's kind of strange, isn't it?

Our Plans with the Black Community

Kook Jin Nim was talking now with the black community. They've been sponsoring the two-way shootout run by Kenny Dobb, world champion slam dunk basketball player. He's a world champion; he beat all the NBA stars in slam-dunk competition. That boy can play!

He was like, "Pastor Sean, you should come to do basketball shooting." I said, "Bro, I haven't played basketball since eighth grade. I cannot be playing ball right now. I got bad knees, too; I'm just getting back into training."

Anyway, they had a two-way shootout with Colion Noir who was very big in the NRA; everybody knows Colion Noir in the 2A community. Colion Noir's team versus Black Rambo's team fought this time.

And guess who won? My boy BLACK RAMBO won that baby! (Applause) He took that trophy home. He took that gold trophy home to Louisiana Bayou, baby, to Houma, Louisiana. By the way, Black Rambo is opening up his new range down there in Louisiana. So please pray for him. He's a great brother. He wants to get blessed. Amazing. (Applause) So please pray for him. Who knows what God is doing. But he's so Abel-type. He was actually stationed in Japan so he has no problem with Japanese and Korean sisters.

He's a star. <https://www.youtube.com/@BlackRamboTV> I mean he has more than three million subscribers on YouTube. In the gun industry, the guy's a superstar, and even when he's walking around the street everybody stops him; everybody knows him on the street, too. He can't walk through Las Vegas because people go, "Hey, that's Black Rambo!" He's hanging out with the most famous rappers of this generation. He's teaching them how to shoot responsibly. He's a Marine, he's a combat vet Marine, but he looks like a gangster; he looks like a rapper. Even though he's forty, he looks pretty good. But he wants to settle down.

Anyway, the point is, he took the trophy home. And what we're going to do next year is: they've invited us to do the King Bullethead performances at the halftime of the 2A shootout. (Applause) There are no white people there, maybe one or two white people. You understand? It's totally black community, Hispanic community, and when we show up it's going to be Asian invasion.

Racial Unity in the 2A Community

But what does it show? It shows that UNITY. It doesn't show that the 2A community is fractured and we're just all hanging out in our little racial ghettos, the white people with the white people and the black people ... You know what I'm saying? It doesn't show that.

What's happening with True Father's Unification Church culture is everybody's getting unified. ALL the races, ALL the cultures coming together, but for what? For God's

values, moral values, strong family, marriage, protection, self-defense etc. Why do you want to have self-defense? It's not only for you. It's for your what? Critical RELATIONSHIPS, which are what? It's your marriage; it's your children. Amen! That's really why anybody wants to have a coat of arms; it's to protect the people that they love.

And centered on God, because obviously they know I'm a pastor. Black Rambo was telling them, *"Yo, yo, yo, he's a preacher. He's a preacher, but he raps."* He was telling all his friends. By the fact that I'm a preacher, they know I'm going to always talk about God, I'm going to talk about Jesus, I'm talking about sin, but at the same time I'm going to talk about, *"throwing pedos in the wood chipper, and if you're touching kids, you should be in a pedo blender,"* right?

Welfare in the Kingdom

Because there has to be that strong justice in the Kingdom. There has to be justice, especially for those who harm the children. That's it. It's like Jesus said, *"He who harms the least of these, it is BETTER that a millstone be tied around his neck and he'd be tossed in the sea."* That means the punishment should be worse than the millstone.

By the way it's the ONLY way to stop the demonic infestation of the pedos; that, and of course getting rid of the welfare state that also imprisons the women to do what? Kick out their husbands and become single moms to get more money. It incentivizes that, and that also creates very bad moral behavior.

In the Kingdom, we don't have that. It's not centralized. Welfare is done through the churches, through the non-profits, through people's own personal organizations. But you have to be accountable. There's a lot of welfare in the Kingdom, but it doesn't come from GOVERNMENT. It comes from one another, and it comes from being accountable, showing that you changed your life, then you're going to get that increase in support. If you're not changing your life, you're going to have consequences. You see what I'm saying? That's the difference.

Lineage in the Black & White Communities

But all these things in terms of our sexual values, absolute sex and romance, Blessing of marriage, all these key fundamentals, lineage. Oh my gosh! This is one thing. I feel, the white community has really lost the idea of lineage; it's gone. But in the black community it's strong. The black community's idea of lineage is very strong, very, very strong. Just like in Asian cultures, oh my gosh, it's like EVERYTHING, literally. But in the white community, you're all being shamed so heavily that all your ancestors were bad and colonists and you're the racist and white supremacists; so, the white people almost generationally, they've cut ties with their ancestry.

With the black community it's totally different. They understand lineage VERY fast, very quickly. That's why we saw Father reaching out to the black community and the black churches so heavily. Remember that? We were in the urban cities of every freakin' city; we had teams of Japanese sisters and couples going out. You all remember this? Why? Because the white churches were rejecting us; they thought lineage was not necessary; All you had to do is to have faith in Jesus.

But the black community could understand lineage a lot better; they could understand why we need to get married. Why? Because the lack of strong marriages is tearing down their community; it's VISIBLY destroying their community. You can see that. Whereas in the white community you don't see that as much.

From Pornography to Pedoism

When we were there, we felt this incredible unity. Unbelievable. With a lot of the KAHR staff, it was great. Oh, man! They are excellent. The Magnum Research, all those guys, they're unbelievable, folks. But they just know me. They never watched a sermon they never watched any of the stuff we put out on the Kings Report. No! But a King Bullethead three-minute rap? They all watched a couple of them. *(Applause)* It's like, *"Man this guy isn't that bad! That was funny,"* or *"you know that was corny but it wasn't bad. We don't care. We don't care."*

It helps bring a little bit of softness to the power of the Rod of Iron Kingdom message, because the Rod of Iron Kingdom message, it's scary towards evil. It's scary because it's going to create a society where evil will SERIOUSLY be punished; it'll be punished bad. It's not a touchy-feely, *"Oh, everybody, just love, love, love, and forgiveness, forgiveness. The pedos can run wild."* HELL no! It's the opposite. Our children, our families are protected. Why? Because the pedos are punished heavy. You see how that works? It's a hard message, and it's a politically incorrect message.

I don't know why. Why is that politically incorrect? Why is it politically incorrect to punish the pedos? Why? Because SATAN was the first pedo, and his culture, his whole apparatus, the Beast and the blackmail system, it's all pedoism. They're getting the people with pedoism; the young girls, the younger boys, they're getting them younger and younger. The child porn. That's why you young people, you got to watch out for pornography; it will lead you to become pedo. You don't know. In the next two, three, four years, you're a different person; you're a freakin' pedo all of a sudden because you've been watching all this.

Now, they're pushing the gay porn on the young generation to normalize it on them. And through that, they want to normalize more and more, younger, younger, younger, and then you're a freakin' pedo. Whereas if you weren't watching that crap and you were out building a car or a motorcycle or freakin' exercising outside, you wouldn't

have gotten any of that evil influence on you. Are you with me? It's that exposure to that evil influence, which pornography does to young people and older people too, which then in their mind normalizes it.

On Women's Porno

In the Korean world is the Korean drama; that's the women's porn. Girls got to take care of the women's porn because they don't catch you with the actual act of sexual intercourse, but they catch you with that romance and the ADULTEROUS thinking; with the love triangle adulterous thinking and they make you fantasize about that.

That's what the romantic porn does, and that gets the girls becoming part of Fallen Eve culture, desiring adultery, complaining more about their good, honest, hardworking husband, comparing him to some fake ACTOR on TV! Oh my gosh, give me a break! And it wrecks marriages. Just as pornography wrecks marriages on the male side, on the female side the dramas, they wreck marriages. That's why you got to ABSTAIN from those craps. Abstain, stay away from that love triangle, fallen, archangelic culture.

You know, as Father's representative, I had to preach hard on this, because I saw it happen to the Han mother. By the way, you all know that. But by Father making me preach on this, what happened? A lot of the women gave up that addiction to the women porn. They didn't even know it was women porn because it's socially acceptable to watch that crap. But what happened? After they cut that from their life, magically their relationship with their husband is getting better. You see how that works? All of a sudden, their relationship with a husband is getting better.

They get back to their practice of gratitude. They get back to their prayer. They get back to seeing their husband through the lens of God and Divine Principle and NOT through the adultery lens of archangelic women porn. It makes you pull out that lens and it makes you come back to the Blessing, to Divine Principle, to True Father's teaching on love and respect, and husband and wife marriage relationship. Everywhere we go, many of our blessed couples always testify that by clearly teaching on the women's porn, identifying that as one of the main weapons to control the females and destroy their marriage, their lives are so much better.

On Cultural Warfare

So these kinds of cultural attacks were coming but now when they see the Rod of Iron Kingdom culture and the stuff we put out, it's not only like hard preaching and hard training and stuff like that, but now there's also a music element, there's also a little bit of fun and dancing element where we're kind of making parodies and comedies.

This is the Queen's idea, and that's a great idea. We're going to have a nice series called "The Cult Leader's Oppressed Wife." (*Laughter*) She's going to be in a burka. It's going to say, "*Cult Leader's Oppressed Wife. Say hello to the cult leader's oppressed wife.*" She's going to take the burka off and she's going to be in a bike brigade or shooting with a gun. How dope would that be? See, that's not an intellectual argument. Do you understand? That's cultural warfare.

We already won the intellectual argument; we already won the theological debate. This is a field where we're not engaging just intellectually; this is now emotional and cultural realm. But you got to have full spectrum spiritual battle; you have to put full spectrum fighting. That's going to be such a funny series. I tell you man; that's going to be so funny. The cult leader's oppressed wife! Oh, man, I love that.

But you see, that way we're hitting back against Satan's cultural war; we're hitting back. We absorb all of the curses you throw upon us. It doesn't do anything to us. In fact, we're going to run with it; we're going to make it our own name. Like, King Bullethead was a curse, "*Oh, this guy's stupid, this crazy lunatic cult. Hail King Bullethead!*" One of our haters wrote that and when I saw that, I said, "*That's a GREAT NAME!*"

But think about it: usually, cult leaders don't do that. They don't do that. In one of our posts that we put out, I'm in the Walmart parking lot celebrating global warming with the snow on the ground. Did you see that one?

<https://www.instagram.com/p/C2nGkQhAsp0/> I'm outside and we're doing the Crip Walk. All these cars are driving around, so, people are like, "*Man!*" Because usually cult leaders are so isolated; they're hiding somewhere. You never see them. Here I am in the Walmart, with cars passing around, doing a little Crip Walk. And then it says, "*Cult leader loves global warming.*" (*Applause*)

This is how you hit back CULTURALLY. You understand? That's how you hit back culturally. You're hitting them back, and obviously we're hitting the whole thing about global warming. And then we put the thing that says "*Texas Strong,*" because of the crisis on the southern border right now with the federal government saying that Texas cannot defend its border? WHAT?

Government is Force

The Texas government has already declared an invasion. So, you're saying that if Russia attacked Alaska, Alaska can't defend that border? Or you're saying if Cuba under Castro came up through Florida, they can't defend themselves? That's what the Supreme Court ruled. Are you insane? It's absurd. We've got to pray for the trucker's convoy. (*Applause*) Oh my goodness! They've got to be careful because the FBI and CIA, the criminal bureaucracy organization are of course going to try to stage false flag attacks and blame it on the patriots; do pipe bombs and this kind of crazy stuff.

And you know why they're criminals? Because the nature of government is force; it's coercion. So, the people who get promoted up through government, who are they? The ones that are BEST at using force, or killing, or assassinating, or if you're a girl, at prostituting yourself and then making CIA assets. That's how you get promoted. In government, how do you get promoted? If you're the best liar, you're the best killer, murderer; you're the best prostitute. That's how you get promoted in government.

That's why it literally is more Yakuza than the Yakuza; it's Yakuza, Yakuza, Yakuza. You understand? It's serious mafias, criminal organized crime. I mean look, they got Trump on four indictments. They raided this house; they took a sitting president off of Twitter and didn't let him communicate with his people. They were banning him from social media. This is a sitting president. Remember all this? And then they call you the fascists!

Hello!

YOU are the ONES who banned a sitting president!

YOU are the ONES that put barbed wire on Washington, DC, while in Texas they can't put barbed wire around their state!

YOU are the ONES who have indicted your political opponents, throwing Jan. 6 prisoners without due process into gulags for five hundred days!

YOU are the ONES that did that!

YOU are the ONES that wanted to do the lockdowns, the mask mandates and all the freakin' forced vaccinations!

YOU are the ONES!

And, WE are FASCISTS? You people are crazy.

THEY'RE the ONES that raided the president's house!

THEY'RE the ONES that indicted him four times plus a RICO charge- for NOTHING!

Do you understand? It's so ridiculous, but this is of course the nature of the Beast.

Revelation Chapter 6

So, let's get into Revelation chapter 6 today. This one is a very important chapter. This is of course the famous chapter of the Four Horsemen. This is what we're battling. What's so amazing is that the Four Horsemen really come to the global stage only around the time of the twentieth century; that's when the full metastasizing of their power comes. And it's interesting because coincidentally the Messiah comes at the same time. The final days! That's when you see the culmination of these wars.

So, let's take a look at chapter 6. We can move through it slowly because it moves pretty quickly.

¹ And I saw when the Lamb opened one of the seals, and I heard, as it were the noise of thunder, one of the four beasts saying, Come and see.

² And I saw, and behold a WHITE horse:

Christ on a White Horse

What did he say? "A *white horse*." Now what does this parallel? This parallels the white horse in Revelation chapter 19 with the Rod of Iron scripture. Remember that one? Revelation 19:15.

and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God. That scripture, and preceding that is when Christ is coming down on a white horse with his cavalry. And he's got the Lord of Lords, King of Kings written where? On his loins. What is Lord of Lord and King of Kings? What is that? What is that? That is the name of Christ. What is it? His identity. King of Kings is Christ's identity; it's one of his key fundamental identities. What is a name or what is identity? It defines the individual; that is also information about the individual and that also is tied in with the name King of Kings, which also symbolizes a kingship there. AND it's on his loins, which of course is the transmission point for what? Information, DNA. Identity equals information. Information equals DNA. DNA literally is information; it's specialized information unique to that person.

So, it's hearkening back. There's a parallel. You have the white horse of Revelation 19 where Christ is coming with "King of Kings" on his loins and he has the Rod of Iron kingdom. There's a rod of iron cavalry. There's a whole cavalry and *he treads the winepress of the fiercest wrath of Almighty God*. Wrath and God's justice are coming. Do you see that? That could come in the form of a wood chipper. It could come in the form of rope. We can bring back the rope.

But the point is wrath: *he treads the winepress of the fiercest wrath of Almighty God*. So, there's fierceness and there's also wrath. Why is there wrath? Not because God can't control Himself; He's emotionally unhinged. NO! Wrath, why? Because His children are being raped. His children are being murdered in the womb. His children are being trafficked and sold to sex slavery to be raped over and over again. That's WHY the Father's ANGRY! Amen! And He should be. That's a holy wrath.

The Antichrist on a WHITE Horse

Now the Antichrist, he shows up on the white horse. Let's take a look:

² And I saw, and behold a WHITE horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer.

Of course, now it's very clear why Father fought the international communist and the international Satanist order. Why? Because the head of that is the white horse, the head of that is the Rothschild and their old symbol. They changed it; their old symbol when

they were with the five branches throughout Europe was what? The crown and the arrows. It was literally arrows; that was their banking symbol. And what did they do? Did they go forth to conquer and to conquer? Heck yeh! They conquered every freakin' country in the world; they are the true kings of the earth. It's the Rothschild Luciferian family. They may be linearly Jewish but they're Sabbateans; they are occultists which means Satanists.

They are not normal Jews.

By the way, since now being a Jew is becoming less popular, the Rothschilds took "of Jewish descent" off their Wikipedia. Did you know this? Yes! When it was popular to be a Jew, they had it up there, but just recently, they took it down. They took down "Jewish family". Now they just say "European bankers". Isn't that interesting? They're hiding that identity.

We know that they co-opted the British Royal Family after they married into it, after they got control of the financial money supply in Britain during the Napoleonic era and of course funded wars on both sides and got filthy rich. They basically took over Britain by inside trader stock, buying up all the stuff cheap, because they knew which side was going to win. They had inside intel since they were funding both sides of the Napoleonic Wars, so they knew which side was going to probably win. They were betting all their money, and they bought up all of Britain, all the major companies; they bought it all up. And then, of course, they ended up marrying into the royal family because the royal family otherwise would be disappearing. So, they had to basically submit to them and they married into them, and now they've taken over the entire royal family.

The WHITE Horsemen

We know that's a major seat of Satan's power. That's why they keep sending the UK media British CIA here to do documentaries on us, because they KNOW Father's Kingship. They're not foolish; they know of Father's Kingship. But how do you explain it? We're like this small little ragtag group in the freakin' wilderness, and we got WORLD-level media coming all the time. And we don't even put one cent out; we don't try to bring them anything. Do you understand? They're contacting us, trying to come.

You got ITV, which actually came out pretty positive; that was quite fair. ITV, you know, they're right under the BBC; they got tens of millions of views per show. They interview Lara Trump and Dinesh D'Souza, and then they come out to the ragtag Rod of Iron Ministries in the freakin' Tennessee mountains. You have a million pastors you could interview. Why you want to come to us? In two weeks we got Vice World coming; Mindhouse, they sell to Vice World. We'll have to see where this program goes to, but Mindhouse is the company.

They're doing an in-depth thing. They're going to be here for God's Day; they want to see all the ceremonies; they're going to interview a lot of our folks. And then they're coming back in March to spend ten days with us, bike riding, shooting. They want to shoot a rap video with us. I'm not joking, they want to see us filming a rap video. They want to be behind the scenes, kind of thing. I got something special for them; I got a special song waiting for them. And then Germany's coming; one of the biggest channels in Germany is coming in April or something like that. And France is now requesting. France, your commie friends over there in France, Pascal.

But you think about it. There are millions of pastors out there, why are they running after us all the time? You see, the Satanic elite and aristocracy is actually a very small group. They all know Reverend Moon; they all know True Father. They all know; they were the ones to give the signs to make him a felon in every freakin' country. They're the ones that banned him from all these different countries like France, Germany, Japan and freakin' China, obviously. That aristocracy, that group is small; it's not a lot of people. You understand? They see that there is a Messiah who's rising up in those ranks but he comes to completely destroy their system; it's completely OPPOSITE of their system. You see what I'm saying? That's why of course they were after Father night and day every which way.

They hated him more than Trump. Remember? People don't understand. They attacked True Father as they're attacking Trump. In the Guardian they had pictures of Father as Hitler. Remember this? They would compare Father to Hitler. Why? Because he was so strongly anti-communist. That's kind of weird because Hitler was a socialist; Father was not a socialist.

But they tried to lambast us so heavy. Why? Because they are into the spiritual world at the very top; they're into the seances and they do the Satanic rituals for Satan to bless their power. So, they KNOW when a godly force is starting to rise. And now that there's the godly person, they say, "*Oh crap, that guy*" and then he's also the Messiah, "*Oh crap,*" and there's also his lineage, "*Oh crap!*" and there's also his kingdom there, "*Oh my gosh! Woah!*" And it's opposite from their kingdom. Do you understand how that works?

So, all these horsemen HATE Reverend Moon, HATE him; they hate him with passion. That's why they're lambasting us, "*Oh, he's like Hitler. He's like this and that.*" Just as they do with Trump because they HAVE to destroy that which will destroy them. Why? Because they worship and they seek only power they're just a cult of power.

² And I saw, and behold a WHITE horse: and he that sat on him had a bow... and he went forth conquering, and to conquer.

We see now that the Rothschilds' white horse has conquered the ENTIRE world, including the Catholic Church. The Catholic Church is weak compared to the

Rothschilds; they're very weak. They are PART of the false prophet UNDER the white horse of the Rothschilds. They're nowhere NEAR in power, not even close.

They are a part of that through the Vatican Central Bank. They have a Vatican Bank there and the CIA used the Vatican Bank to smuggle money. Dr. Paul Williams wrote a whole book on the corruption between the Vatican and the CIA, by the way.

<https://www.amazon.com/Operation-Gladio-Alliance-between-Vatican/dp/1616149744>

The point is: they are TIED in with the entire Rothschild network

We see in Revelation chapter 6 that the Four Horsemen are working together; they're like teams. The Four Horsemen are working together to bring about Satan's kingdom. So, we have the white horse, with the bow and arrow and the crown, which was literally the Rothschild symbol. It was one of the early symbols; they've changed it since then.

The RED Horse

² And I saw, and behold a WHITE horse:... and he went forth conquering, and to conquer.

³ And when he had opened the second seal, I heard the second beast say, Come and see - that's the second horseman coming.

⁴ And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.

Of course, we know this is red China. Who founded the Communist Party of China? Obviously, Mao. They were splitting from the Soviet Union at the time. Who was backing Mao? And some of the biggest fans, like the Rockefellers and all these people, who are they all associated with? The ROTHSCILDS! You see what I'm saying? It says, "Red Horse, he was GIVEN power." Did you see that? Look at that: "*And power was given to him that sat thereon to take peace from the earth,*."

And of course, now what is the major MILITARY apparatus of the Rothschilds? Who is their main military army now? It's the Red Horse; it's China.

<https://www.nexusnewsfeed.com/article/geopolitics/china-the-rothschilds-and-the-global-rise-of-communism> That is the hundred-million-men army that they're preparing, to change the axis of power from the U.S. to them. That's why they're celebrating World War III coming on the horizon and they want it quickly to pop off so that we don't have a chance to stop it with President Trump.

Don Jr's Blessing: These Guys are More MAGA Than Me

Oh my gosh, SHOT Show was amazing, folks, miracle upon miracles. I want to give glory to the Father. Let's give glory to the Father! (*Applause*) Come on; let's give Him a

big thankful applause! Thank you, Father! Amazing! We were invited to the penthouse suite at the Trump Tower in Las Vegas! You understand? When Father was doing the Las Vegas providence he said, *"I'm here to find the casino king who will be the future leader of the world."* Father was talking about that all the time in Las Vegas.

Fast forward, all this crap with the Harlot of Babylon happens. Father's now in the spiritual world. His descendants are here, Cain & Abel unity; Three Kingship is here. Now ten years later, we are in the presidential suite of Trump Tower (*Applause*) meeting the second king of the Trump family, Donnie! And Vivek was there as well; Vivek's a nice guy. He has size 14 shoe; did you know that? Size 14! He's shorter than me but he's got a size 14 shoe. I got 12; that's pretty big, but he's got size 14.

But anyway, unbelievable! And then if you saw the video, look at what Donald Trump Jr. uttered. <https://www.instagram.com/p/C2h4aB0Rvtj/> He uttered an amazing blessing. Pointing to us, he said, *"These guys are more MAGA than ME!"* (*Applause*) And that's the second king of the Trump family! Are you kidding me? There I am in the kingdom gear. We only had just a limited time so only me and Kook Jin Nim and a couple of the KAHN people, Jody, and maybe about thirty people were in that whole room in the penthouse suite of the Trump Tower.

But it was weird because I was wearing our Trump shirt. And I was wearing the black one at SHOT Show on the same day, Thursday. Donnie just popped out of nowhere. We're sitting at the booth there, passing stuff out. We look up and Donnie Jr. says, *"Hey guys!"* We're like, *"DONNIE! Donnie!"* I said, *"Hold on bro, hold on!"* I opened my shirt, and under my shirt I had the black Trump shirt on. Today I have the other one on. I had a black Trump shirt on. I was like, *"Donnie, look at that, bro,"* and even at the KAHN booth he was so happy to see it. Why? Because he remembers signing it for us on the Trump truck.

He was so happy because it's not like we're just saying *"Trump 2024"*. No, we are getting attacked by everybody by being supportive of President Trump. You understand? We're not just hiding it. I'm actually wearing that shirt walking around. I didn't even know Donnie was going to show up to the KAHN booth that day, but he did and I opened my jacket and there's the Trump T-shirt! I didn't know he was coming; I couldn't plan.

So, from his perspective, he's like, *"Man, no, these guys, they didn't know I was coming in."* From his perspective it's like, *"No, they didn't know I was coming and they had the Trump shirt on."* It's not like we knew he was coming on Thursday to the KAHN booth and thus I put on the Trump shirt. NOBODY knew he was coming that day. I saw him four times on Wednesday passing by the booth. I didn't know he was going to show up at our little table there. Out of nowhere, we looked up, *"Donnie Jr! Oh my gosh!"* Oh, my gosh! What? It was crazy.

That night we showered up after SHOT, and then I put the white shirt on; it came out real nice, the white shirt and everything else was brown. So that white really popped out, and you got the muscle Trump shirt there. Everybody else was in a suit, or something casual. Nobody's wearing Trump shirts. I was like, *"Bro, what's up with these people, man? Aren't these all your close friends? Where are all the MAGA hats? Man, there aren't any MAGA hat in here."* I'm the only one with the dang Trump shirt on walking around, but you know it ended up being such a blessing.

Who knew that the iconic image of Trump being falsely indicted...? That's his face on that image that we put on the truck. So, not only did Donnie Trump Jr. signed the truck, but of course, when we met him, he remembered that image. And then we went and saw him at the penthouse suite at the top of the Trump Tower. When y'all fly into Las Vegas, you see the Trump building. We were at the top floor, *(Applause)* sitting up there with the Trump brothers, NOT on our own will, but of course on God's Will.

And he uttered those beautiful blessings. He was talking to Vivek, and you see it in that clip. Vivek never met us. When Donnie saw us, he was like, *"Hey,"* and what did he say? He said, *"These guys are more MAGA than me."* I said, *"Oh my gosh, what a blessing!"* That was like the Holy Spirit speaking through Donny, giving us a blessing. You know what I'm saying? I mean, just what an amazing blessing! Think about the spiritual significance of that. It's like the Holy Spirit gave wisdom to his tongue, and he just spoke it. Spiritually, what a blessing that is! *"They're more MAGA than me."*

Him? He's the freakin' second king of the Trump clan. What does that mean *"more MAGA than me?"* That means these guys are more hardcore than me! That's a tremendous blessing! What a beautiful word he gave us! What an amazing blessing!

We could feel Father. And guess who my camera man was there? The camera man was the General Inspector! *(Applause) (Laughter)* I had no camera man; they were all tied up so my big brother, the General Inspector, had to jump in and be my camera man and then, oh man! We got that moment on film. I could come back and tell you about it but everybody would be like, *"Nah, that didn't really happen."* I'll show you the dang video for all you doubting Thomases over here. I mean you see this on video.

What an amazing beautiful blessing! Wow! That was a miracle; that in itself was worth... I didn't want to go to SHOT. I was like, *"Kook J-Hyung I was there four years ago. I just got to be running around like a lunatic. I did twenty miles a day, man! There was not a lot of fruit and harvest stuff after that."* And he was like, *"Oh no, you got to come. Come on."*

But think about it! We are SO happy we went this time; SO many breakthroughs! How wonderful! They invited us to the Christmas party too to Donnie Trump's house in Florida. I mean how beautiful is that! Isn't that wonderful? So, True Father's Kingship, Cain and Abel, will be going to the Christmas party with the Trumps! *(Applause)* Isn't

that wonderful? I mean, you can't make this up. So, y'all got to understand when I'm not here for Christmas, you know where we'll be. Okay? But you understand? How insane is THAT? That's crazy! We had no idea, but of course everybody in the whole world, has been praying, because we know the spiritual landscape.

Sometimes we feel like our prayers, *"Oh man, it's not working; the providence is moving so slow."* It's like watching a slow train wreck, and the world is collapsing before us, like slow motion; it's so anxiety ridden, and it's so frustrating, because we want to move fast. We want to move at our speed, but God says, *"Shut up, boy. You move at MY speed."* You understand? You can't move at your speed. Amen? You got to move with God's speed.

More Breakthroughs

I mean, I can't believe how fruitful SHOT was, not only with our friends that come to the Rod of Iron Freedom Festival and our crew, and then, of course, like Black Rambo and all these folks - not only with them.

But it has come to a whole new spiritual level, where now hopefully we can get him blessed and become a central Blessed family, become a KING in the KINGDOM! He already looked good in the CROWN, man! Now he's got to go through the Divine Principle training, forty-day separation, three-day ceremony, and be coronated. What a great victory; spiritually, think about how wonderful that is. So, please pray about that, because that's wonderful.

He's a real patriot, he's a real hero for the country. He's a combat vet. And he's done amazing for himself in terms of life. He's gone out there, he's hustled, he's a hardworking man, and he's become a superstar in the industry, but he's still standing up strong.

We got so much closer on so many great levels. Well, what we always talk about is relationships. That's the key, right? You can't take other stuff with you. Like Tucker Carlson going Canada and in every speech he says that the only meaningful thing you can do on this earth is to have kids; it's literally the only meaningful thing you will leave. That's it; it's literally your legacy. There are obviously people that can't have kids, well then, it's pouring into the next generation of God's children, right? Adoptions or the next generation, second gen, third gen, whatever the case may be; helping them get up, become strong.

So, on so many fronts, not only with our patriot friends and with some of our close contacts, we got so much closer, but then also all these amazing blessings from the Trump Tower, the Golden Tower. That building is bling-blinged out. I tell you, man, you walk in there, everything is gold. I should have brought my gold AR, I would fit

right in. *"Yes, sir, you come up the elevator. Yes, go over with the gold AR. Yes, go ahead."* I got to ask if I can bring it next time.

But, you know, unbelievable, unbelievable things happening. I'm SO thankful, so grateful that we were able to go this time, and on so many levels, even with the KAHHR family, the patriot family, and also Trump, have breakthroughs on so many levels. We felt so, so, so blessed this time. Oh man, it's incredible!

The BLACK Horse

But let's get back to it. We are here on the red horse Chinese Communist Party and then let's go to the black horse; let's jump down to the black horse. We have to at least get to the Four Horsemen; we may not get through the whole chapter but at least we got to get to the Four Horsemen.

⁵ And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand.

Now, what is the apparatus that holds the pair of balances? It's supposed to be justice. So, ostensibly this horse is supposed to be representing justice. But it's an evil horse; it's not a good one. The horseman is holding the scales of justice. What? How can justice be centered on evil? We know the Four Horsemen are all evil. This one's holding the scales of justice, as if like a symbol, as if to pretend. Just like our DOJ and FBI are doing ILLEGAL criminal behavior against the patriots and citizens of the United States of America including TEXAS RIGHT NOW! This is CRIMINAL behavior and it's putting us on the brink of civil war really. Freakin' lunatics!

⁶ And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.

You see this? Control over the food supply, control over the oil supply, control over the intoxicant, wine supply. They're controlling the food supply, all this illegal behavior. Largely speaking, it's the deep state. The main players are the deep state in DC. That would include the CIA, that would include those organizations; that would include MI6 which is a sister organization. The UK HELPED start the CIA in America by the way; do you know that? MI6. Oh yeah!

After World War II the Allied forces bought up whom? They bought up the German Nazi INTELLIGENCE agents. Did you know that? Why? In Operation Paperclip, the argument was, *"Well, if we don't buy them and make them our side, the Russians are going to take them."* That was the argument. <https://www.history.com/news/what-was-operation-paperclip> So, in Operation Paperclip, the government actually paid the Nazis who ran the freakin' Stasi. They brought those crazy heads here! To do what? To build an apparatus that would surveil the US.

Isn't that so nice of them? So nice. So nice. That's why I bring my chopsticks. I'm going to throw them in their... Can you believe my spork got taken from me on the airplane? These crazy TSA men, they took my spork away. They took away my spork. They said that was an illegal weapon! They took away my spork, dang on it; I had to switch to chopsticks. They got me going FULL Asian mode. I got a soup spoon and chopsticks; I'm ready to eat some kimchi right now.

TSA is part of the apparatus, but it's not the core. These intelligence agencies, these are the organizations that do what? They are the ones that run the pedo-rings. Why? Because they run the blackmail organizations. They sell the children to the elite to get them into Epstein rings. These are the organizations that actually sex-traffic CHILDREN. They run PEDO rings, they run PROSTITUTES, and of course, they kill people. Remember all the suicides, with a bullet here and a bullet here, on two sides of the head? These are the organizations that do it.

So, it's really the CIA and other invested intelligence organizations; they're pretending to do justice, but they're trafficking kids, they're running drugs, they're prostituting and they're assassinating people. They always say it's for national security. It's to PROTECT their POWER! It's NOT for national security! It has NOTHING to do national security; it's to PROTECT their power.

And of course, they work with what? MI6 who is under the Rothschilds, and of course in Israel, Mossad. Jeffrey Epstein was an asset for both the Mossad and the CIA. You understand? And who started the current Israel? The ROTHSCILDS! Lord Rothschild is the one that started the nation of Israel in the modern day. Isn't that crazy? So, you have this triangulation of power between all of those black horses that are pretending to hold the scales of justice but they're actually evil. And of course, they have control over food supply; they have control over oil, over wine, over intoxicants – everything. They're a wicked horse, a very dangerous horse.

The GREEN Horse

⁷ And when he had opened the fourth seal, I heard the voice of the fourth beast say, Come and see.

⁸ And I looked, and behold a PALE horse:

This is the root word of chlorophyll, or green; pale meaning green. Pale is the King James Version translation, but the actual Greek word is chlorophyll. The root word for chlorophyll is *khloros* and that means green.

: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

The green horse is what? The jihadi traditional Islamic world; it's the jihadi world. By the way, Muhammad was a jihadi; he was an actual war fighter and he beheaded eight

hundred Jews by himself. Did you know that? There's a hadith where he cuts eight hundred heads off because he said they betrayed him in Medina. So, literally the founder of that religion was a beheader, was a war general. You understand? And they expanded through force, not by conquering; they expanded through force.

That's why in the West they were called the Horsemen of Death and they brought hell. Why? Because they legalized child marriage and having sex with little children because Muhammad was married to SIX-year-old Aisha who was his favorite bride. He had eleven brides and he also had sex slaves; those sex slaves don't count as brides. Isn't that interesting?

The modern Muslims are not practicing traditional Islam. They are practicing westernized Islam, which is much more Christianized. NO! Traditional Islam is four wives, Muhammad gets to have eleven, and you get to have sex slaves; it is conquest based, pedophilia is fine and wartime expansion of the faith is legal.

This is the difference. A lot of the Islamic polemicists will come out and say, *"Well, Christianity had times of expansion..."* NOT the founder, FOOL! It wasn't Jesus with the freakin' Templar shield going out beheading the pagans. That's a BIG difference! The founder didn't do it. The founders in those religions are seen as the perfect person, so Muhammad as a perfect person, well he acted in those ways. So, it brings a totally different civilization that suffocates and destroys God's kingdom on the earth.

Father is the One Who Exposed Satan's Crime

In 1979, the year I was born, Father was talking about Islam becoming the next great problem. But NO Christian churches want to talk about any of this. They just want everybody to go on a pew and just pray, and give their money, build their megachurches; that's all they care about.

They are not calling out the DEVIL and identifying who the evil wicked characters are who are destroying the world, destroying our country and bringing us to the brink of civil war AND World War III at the same time. Thank you very much! GREAT job, you crazy lunatics! But of course, they are crazy, and instead of getting caught and being prosecuted... Everybody knows that there is a group of pedos up there; EVERYBODY now knows. Isn't it incredible? That's now standard knowledge.

They arrested Ghislaine Maxwell, and they arrested nobody else. She's the first sex-trafficker in the history of humankind that has been locked up, but none of her clients were locked up. She's sold to nobody, apparently. Well, why did you lock her up then? She's sold to nobody; how come you locked her up? You understand how that works?

So even the normal population now knows when we're talking about pedoism as the root cause of all evil and the root power of Satan's weapon; they no longer say we're nuts, because now it's common knowledge. Even all Republicans have to admit it's real. The sex trafficking of the federal government is real; the blackmail pedo-rings are real. They lie to us, and they've been lying to us for decades. What else have they lied to us about? Everything, everything, everything.

This is a unique time in history. Now, they are COMPLETELY honest on pedoism, but who was the one that exposed that from the 1940s? It was True Father (*Applause*). Father was the one exposing the fall from the very beginning. He was the only person in the whole freakin' world that was teaching that and our church grew to four million people within his lifetime; the fastest growing religion in history at its inception at the time of the founder. You know who said that? My professor at Harvard. He didn't know I was in the crowd. It was a pretty big class; there were two hundred people there. I was one of them. I looked like a Buddhist monk at the time which was a great protection.

But anyway, there he is. We're studying Unification Church in the middle of a World Religions class at Harvard, and Professor Queen - that was his name - Professor Queen says, *"This is the fastest growing religion at the time of the founder in the history of religion."* I said, *"Holy crap!"* I wish I had an iPhone at that time. I'm saying, *"Dang! That's my daddy! Look at all these crazy Moonies up in these pictures,"* all the pictures of the big blessings and everything.

But Father was the only one in the 1940s BEATING down the Devil's door. And we're the only ones with the theology that explains it from the Scripture and shows very clearly, and now people who look at it and who actually read through Genesis know that it's very clear; it is the sexual fall, the misuse of sex, which then of course becomes the primary weapon of Satan's apparatus throughout history. We're the only ones who can explain it theologically from the root.

The CIG Constitution is the Solution

So what is the solution to all this globalism and all this crap? The solution of course is what? The Cheon Il Guk Constitution. That's the solution: you got the theology; you got the culture and community and you got the Constitution all tied in with lineage with True Father. All those three things, those big circles of theology, community and culture and you got the Constitution; they're all intertwined. No church has all those three elements. Do you understand? (*Applause*)

Every stool needs to have three legs to hold up; four is strong but at least three. We're the only ones with that constitution. That's why people see our culture is different because it's like, *"Oh, man! You guys got the explanation. But then look at your culture, you got everybody training, and even the women are training."*

You know how many compliments our Father's Kingdom gets because the women are not lazy and y'all are training and not making excuses? Do you understand how many compliments we get for Father's Kingdom because of that culture? And I know you girls sometimes get lazy on it; you are people too and you have sin just like men. BUT you have a culture of training. We get so many praises for Father's Kingdom because of the fact that the females are training in the culture.

They're not just listening to the Word and having faith; they're also trying to establish it. Even though it goes against their nature, they're still trying to do the hard training because they realize that it's good for them and it brings a happy smile to their Father in Heaven. You understand?

So that's a whole different culture. We have theology, we have culture and community and then we have a powerful constitution which shows the complete crystal-clear establishment of the Kingdom, how it will look in reality, and of course we have all that scientific evidence that points and proves the facts of that reality.

So, it's only inevitable that the Kingdom will overtake the world because it's not a kingdom of tyranny, it's a kingdom of freedom and responsibility. Everybody is participating, loving God, loving our neighbor. Everybody is a piece of it, from our morality to how we behave, how we train. How we have the ethic of "*Loving God, loving our neighbor*"; not trying to steal our neighbor stuff, confiscate his land, take his gun. This whole culture is a reality, and when it has covered nations then true freedom and responsibility will come to the earth; God's Kingdom, Father's lineage, Peace Police-Peace Militia Kingdom.

These Four Apocalyptic Horsemen destroyed, taken down never to rise again; the Red Horse, the White Horse, the Black Horse, the Green Horse, all to be replaced with the spring flower of the Cheon Il Guk Constitution coming up, the Rod of Iron Kingdom all over the horsemen. The horsemen in the ground, they're pushing up daisies for the Kingdom, spiritually speaking. The Satanic kingdoms understand what happens with the Rod of Iron Kingdom, which is the Messiah's fruit. It's the fruit of his work, the fruit of his legacy, the fruit of his lineage, the fruit of his theology. You see, we're the only ones with that incredible fruit.

The Completed Testament Era

So, we don't know how God is moving, but we know 2024 is going to be critical and crazy, and of course, we're still battling the Four Horsemen. But it's a very important year, so we have to be praying hard, training hard, and of course, as the MAGA rallies begin, we're going to be doing the conditions, the different tours, etc. and the whole worldwide community is coming to support and to pray at these MAGA rallies.

Now, it doesn't make you perfect. It's not something we boast about, but it is something that can encourage True Father in Heaven, that His children are united, not just sitting around waiting for Him to do everything. Are you with me folks? We're not like the spoiled little brats, children that say, *"All right, go Daddy. Go get me all the things that I want. Go ahead, I'll be waiting here for you."*

That's literally how Christianity has become; it's pathetic. They're not being the hands and feet of the Lord saying:

"WE will take your burden, Father!

LET me pick up my cross with joy!

LET me be hated by the world with joy!

LET me be mocked and cursed and killed by the world -which the cross represents- with joy!"

They're not doing that. They want to be politically correct, they don't want to offend anybody, and their whole culture is being eaten up by the Four Horsemen.

It's only by the Completed Testament Era that the world will finally come to the Kingdom level, Completed Testament Age level where finally these evil horsemen can be STOPPED and then the true gifts of God can be reinstated for all humanity.

We give Father all the glory. *(Applause)* Let's give Him some glory! Thank You Father!

Hallelujah Aboji KAMSA- hamnida! 감사합니

Let us pray!

Pastor Sean's Reporting Prayer

Father God, we thank You for this beautiful day. We thank You for all the incredible things that You are doing, Father. We thank You for the incredible SHOT Show, all the miracles that You OPENED up for Your Kingdom. We thank You for all the networks that are being built and all these new doors that are opened up. We pray that You would anoint them and bless them and lead them and BRING them to Your Kingdom.

We pray for all the things that are going around the world, that especially the patriots would have purpose and would have strength at this critical time because they are now FOISTING upon us a civil war, FOISTING upon us a world war, FOISTING upon us not only rumors but now WARS that are now spreading all over this earth and globe.

We know that the fall of the harlot of Babylon created a cosmic JUDGMENT which has come TRUE in the prophecy, has come TRUE with the macrocosmic judgment of the

world that has happened, and the world has disintegrated within ten years of Your ascension to Heaven.

But Father, we know You are leading the way, and the microcosmic judgment has happened with the destruction of the Family Fraud in Japan, and now all over, people are repenting and coming back in larger and larger waves. We pray that those hardened hearts be CHASTISED by Your Holy Spirit and by Your love and that they come to their knees in repentance and come BACK to Your authority and become once again central Blessed families and become strong PILLARS in Your Kingdom.

Father, we ask You also to anoint and bless President Trump at this critical time. Put a hedge of protection upon him and his family and all the patriots that are rising up right now, especially in America as this is the tip of the spear. If America falls, the entire world falls. So, we know that we must stay STRONG at this critical hour and this 2024 critical, critical period.

Give us Your anointing, give us Your power, Your spirit, but let us never boast and always give You thanks and glory; never in ourselves, but always looking towards You, the great shepherd that is raising us up to become not only sheep, but LIONS at this critical time. RAISE up the lions in this country! RAISE up the lions in Europe! RAISE up the lions in Africa and Asia and all around this globe to STAND against the enemy that is in the tall grass, in the short grass in the hillside of the mountainside, on the mountain tops.

Let them all be torn down and let Your Kingdom and Your glory spread over and cover this earth with freedom and responsibility for ALL, forever and ever. Amen!

We thank You. We give You praise, honor and glory with all the kingship lines gathered here with the Three-Generation Kingship, and we pray. Amen. Amen. Aju! (*Applause*)

Let's all rise and give Him the glory!
