## Pastor HJ Sean Moon

I \& The Father Are One

2024. 2025. 07- TN

All right, good morning, folks, good morning. Praise God. King Regis gave this beautiful prayer. Wow, amazing! Thank you; incredible, wonderful, wonderful, amazing. It's not the New Year, folks. It's not, it's not; it's not the New Year, okay. I know we get confused, it's not the New Year. In the Roman calendar it is a new year, but in the heavenly calendar, not yet.

## 2A Designer Collection

Shout out to all the folks that have been picking the 2A Designer Collection. https://www.etsy.com/shop/2ADesignerCollection?ref=search_shop_redirect Victor Moon, make sure you tell the Filipino young people, this is not Louis Vuitton. Okay, this is not Louis Vuitton. You got to look closely. There's a kingdom message in here. It's not the sex-trafficking, pedo-promoting designer brand.

There's a kingdom message in here. You got the duty rifle, duty pistol, rifle calibers, with the bolt right there which everybody knows. But sometimes young people in different countries maybe they didn't hear about it, so you got to make sure they know about it. It's not the goal of us to just wear brands or something like that. It's the goal of us to witness and to use everything to witness, evangelize, spread the word. From far away you don't know; it just looks very stylish. But you come up close, hey, you look closer. "Oh my gosh, what is that?" Now they see the message; a message is coming up.

## First Competition for ROIK Shooting Team

Shout out to Shuichi and Victor Moon! (Applause) Let's give it up for our shooting team. It just began. They went to the first competition. People say, "Oh you got to practice," but
they didn't practice at all. It's okay, no problem; they just did a little bit. They have to practice a lot more, but you know what's important when you do competition? It's better just to jump in. It's not good just to practice by yourself and then try to jump in; that's not good. Better to just jump in. Then you understand the whole environment, you understand what's intended, what the rules are. Then you learn quickly and you have the PRESSURE. You need that pressure. When you cook rice, you need to bring that PRESSURE. Amen! You need to bring the pressure to cook that rice.

So that's the best way to do it; jump in. We start competing immediately, and then we got that pressure on; we want to train, we want to train, we want to train. Now I don't even have to say, "TRAIN!", they're training on their own because they have the pressure, and that's a good pressure.

Apparently, what did you guys do? Did you do the steel target shooting yesterday? (Yes) Oh, that's the harder one. That's why you guys placed 22 out of 27 or something like that, which is fine. Don't worry about that. Seriously, seriously, don't worry about that. I think it's the advanced one; we were not planning to jump in on that one. You guys jumped in on the advanced level. Next time we jump in on the steel challenge one, that's the simple one. Were you guys running around and shooting too? (Yes) That's the advanced one; don't do that one yet. They just got too excited. We want to be in the one where we're static. It's a steel shooting competition; you're static, you stay, you don't move, and it's just bing, bing, bing, bing, bing, bing, bing. We're going to start with that simpler one and then we'll move up as we warm up.

But the fact that they started is wonderful. And probably once a month, our team will start coming in and more and more people will start jumping in the actual competitions and getting placed and ranked, which is great. It doesn't translate perfectly to your actual physical things, but a lot of the proper basic mechanics are all the same. There are certain rules that you have to pay attention to and things, but the point is, you're operating in a competitive space with pressure and with very good shooters. I heard some of the guys are very good. So, it's going to be excellent; there's going to be grandmaster-level people here, no question about it.

So, it's good. If we put ourselves around those kinds of people, our skills will increase. And, of course, we get to make wonderful new friends who are already Rod of Iron patriots and they have not heard about the Kingdom of God, the physical Kingdom of God. Amen!

## Traditional Husband \& Wife

We're going to study Mark chapter 11 today. But this was so wonderful about the spreading of the Gospel. The more Cheon Il Guk Kingdom words spread; the more True Father's words and Kingdom spread, think about it, the world will be protected by
freedom and responsibility. The more Islam spreads, the more you will have caliphates and feudalism and totalitarianism.

But now you have this new generation of young males who are sick and tired of their slutty moms chasing away their dads and having a new boyfriend every other month; they're sick of their slutty moms. In America and the West this is what the moms have become; they've become baby-killing, slutty. They don't believe in marriage. They've kicked out their husband for money from welfare checks. Look at how the whole society has degraded and been destroyed.

So, you have a whole new generation of Zoomers, the young boys, they're saying, "Screw this! I want to be a VIRGIN when I get married and I want my wife to be a virgin." (Applause)

Ah! All these girls, they want to get naked on Instagram and social media or whatever, but they want a traditional husband. But girl, you're not acting traditional! You're stripping your clothes off in the freakin' social media for everybody to see. If you want a traditional husband, you better be a traditional wife; that's how you attract a traditional man, by YOU being traditional. Does that make sense? That's a fair exchange.

You can't say, "I want to run around with my girlfriends in string bikinis, run around posting over on all social media," and then want a traditional husband who will provide for you, take care of you, protect you. He will open doors for you; he will treat you well and love you. You can't expect that. You are not acting like a traditional woman.

## Old Feminist Women

This whole generation of women since the 1960s and feminism, that has poisoned and stolen their lives and made them sell their youth to these stupid Marxist professors and this ridiculous idea that children are terrible and bad, NOW they're barren. They're old and barren. They can't have children and now they're lonely and even more angry, and they're trying to infect more girls to take that terrible Satanic route. Because they're so guilty that they threw away their life and they never established a powerful, strong covenant of marriage and all these kinds of things, with children who love them and love the Lord.

They never established those KEY goals and purposes of human life. They never lived that incredible life. They just lived slutty, slutty, slutty life, playing around saying, "pleasure, pleasure, pleasure, hedonism." What has it ended up to? It has given them nothing. But they want to infect the next generation of girls because they feel guilty about the path that they have taken, and misery likes company. THEY chose a miserable path; they were hoodwinked by these stupid matriarchs and feminists to take a terrible
path, ruin their life, cut their ovaries out, damn children, hate children, and help the killing of fifty million babies in the US. They've given their souls to that.

And now they realize what? Now you're going to die, and you're going to face your maker. You're going to face God and you've committed so much unbelievable sin, and group sin, collective sin, in what you pushed over in the culture, and you've destroyed so many wombs and made women barren and hateful, but at the same time made them so slutty and made them hedonistic prostitutes.

## Virgin Before Marriage

So, you got all these kids that are out of wedlock, they look at their moms, "I hate my mom, I hate these moms, I hate these women. I HATE them. I'm not going to be like that. I want a traditional woman. I'm going to be a virgin for marriage." This is incredible. This is now happening. This is now happening.

Charlie Kirk is one of the big mainstream conservative leaders in the young group. He just turned 30. https://en.wikipedia.org/wiki/Charlie_Kirk https:/ /www.tpusa.com/ He got famous because he didn't go to college; he said it's a freakin' racket. He became one of the most powerful influential conservatives on the planet, and he's a high school graduate! (Applause) (Laughing) This is so funny. The whole education system is collapsing. But the point is: he was a virgin before marriage and he promotes virginity before marriage, keeping sexuality for marriage. Now, that is a traditional Christian value. That's a traditional Christian value and the fact that that's coming now in vogue and that's becoming popular, that's WONDERFUL! That's great, that's wonderful; that's the kingdom of God.

Even our first gen, some of these guys joined when they were seventeen, eighteen years old, and they were VIRGINS! In this day and age, if you're eighteen and you're a virgin, you're weird. It's crazy! But of course, you guys grew up in the hippie generation too, so you probably saw all the degradation happening in front of your eyes.

## Pleasure, Pleasure, Pleasure

A lot of folks, their mom was a feminist; they abandoned the family, they divorced their dad, and all this kind of stuff. They saw the effects of that terrible demonic Jezebel ideology making women just pursue pleasure and themselves and narcissism and worship themselves as idolatry. And of course, it's ruined the whole country; it's ruined families, it's ruined the relationships, it's ruined our PURPOSE. No longer do we have a purpose to fight the good fight for God; it's just pleasure, pleasure, pleasure, pleasure, pleasure.

A country that's full of people just pursuing pleasure, that's no country at all; you have no purpose. You're just basic animals; you're basically like Australopithecine or orangutans running around with clothing on. That's it. I mean, there's nothing different. That country loses purpose, loses identity; it loses the collective unity of the belief system and its founding principles. All gets washed away in what? The pleasure cult, pleasure cult, pleasure cult, and everybody's pursuing pleasure in different ways. And of course, now more and more pedophilia's coming to the core and center, and it's being exposed as the thing that all these pleasure seekers want to do in the end. That's what they want.

They just caught a trans person so-to-speak; it's a man dressing as a girl, trying to meet up with a thirteen-year-old girl to rape her basically, have sex with her, and the people on YouTube whatever that program was, they caught him. I posted it up there too on Instagram; you can see it. And he says, "I think it's okay to have sex with a THREE - yearold." This is what that boy was SAYING! You understand, that's how the Devil starts poisoning those people's minds. https://www.instagram.com/p/C1cMIz2sv6f/

And the gateway to that is what? It's pornography; pornography is the gateway. That's why you see the Instagram post we're making, the "stop watching porn" series. We're trying to blend and make a little comedy sketch of stop watching porn and shouting at the camera.

Even though by the way, TikTok IMMEDIATELY banned that one, where I'm cussing at the camera in Korean. (Laughing) https://www.instagram.com/p/C1u3_1KAhnw/ "Read this, read this! HOLY SPIRIT- vs- porn addicted you. THE WORD - vs- porn addicted you." I said, "Train! Get your TRAINING on! HOLY SPIRIT POWER, stronger you" after you read the Word. And I said, "Don't get Grandpa on his feet." I said, "Get married to a good godly woman and have lots of children for the Kingdom of God." Okay? Amen! "And then once you're in marriage, that's where you celebrate. So, grandpa King Bullethead is going to do a little dance for you because he's happy that you're getting married. He's happy you're getting married."

That's the whole thing. We kind of put that together, and they took this down. This could not even be posted on TikTok because I had the gun. So, I had to cut out the gun, then we posted it and that got put up. Even this little bit of a gun right here, TikTok algorithm read that so they cut it. It's so ridiculous. They're such commies; it's run by the CCP.

I understand, but it's about fishing; there are a lot of young people on TikTok and the Gospel has to be preached to everybody. The Bible says, "Make ye fishers of men." We got to be fishing, fishing, fishing; even though they're trying to cut the line, and trying to grab the fish and throw it out, we got to keep casting and fishing. Amen!

## The Next generation

This whole generation is now starting to change; there is an ebb and a flow. And there's now a move of the young males in society, because they're screwed and they have so much debt written over their heads. With all the parents and all the irresponsible hedonism that the previous generations played in, now each child has what? A million dollars of debt over themselves as US citizens? For doing nothing; literally they did nothing. The next generation, all they did is just grow up and they have like millions of dollars on their head in terms of national debt. They didn't even spend any of that. You know what I'm saying? So, they're saying, "What the heck did you do?"

And the opportunities are all being wrecked too because college for the most part has totally become an indoctrination center and it's not really preparing young people for the marketplace, etc. So, it's like: Okay, I got to go on this debt cycle for the rest of my life plus the dollar's going to crash and we're in World War III and I may be drafted to be killed in these foreign wars, with the Bilderbergers, this freakin' Gates, these Rothschilds getting rich of the military industrial complex. Okay. Uh! I don't think that's much of a future. And I can't run away to other countries because everywhere else is worse. Maybe I should move to Argentina with that new guy that came in who's like Trump.

But you got to watch. They'll have assassination attempts on him really quick; you know they got a whole deep state there that is waiting for him to be offed. So, it's not like it's stable. He is fighting the good fight there and he's trying to turn Argentina around but you got killers.

## What is Government?

What is government? Government is the amalgamation of the most evil psychopathic killers in the society. That's what it is. What is the CIA? What are intelligence agencies? What do they do? They lie, they assassinate, they peddle drugs, they run trafficking rings for blackmail, and they say it's all for national security. WHAT are you doing? Literally, they're trafficking children, they're selling drugs like fentanyl into the black community. Do you understand? They're acting out EVERY criminal organization's criminal behavior. They ARE literally a criminal organization, but it's "for national security", so it's a SANCTIONED criminal organization. That's what every intelligence agency is. Do you understand that?

Who are the people that are promoted in those agencies? Well, the people that lie, the people that are willing to sell kids, the people that are willing to sell drugs to poor people and oppress the minority, the people who are willing to do assassinations and kill for money and prostitute themselves for money. Because if you're a girl in there too, they're going to use you to build assets, right? That means what? You got to be sleeping
around with these assets and getting them good assets. You see what I'm saying? That means you're going to be a slut.

So, you got all the killers and the prostitutes. That's literally what comes into government, and that is literally the muscle of government, so-to-speak. That's the thing that goes behind and says, "Hey, you better not do that. We got this picture on you. You better not do that." You may end up committing suicide with two bullets going out both sides of your head in two directions. You see what I'm saying, folks? Government is where all of society's most evil people always coalesces - always. Because that's how you're promoted; you are incentivized and you are rewarded for doing criminal behavior but it's "officially sanctioned". BUT it IS criminal behavior! You understand folks?

That is why the state always becomes corrupt, always welcomes political Satanism and literally leads to real Satanism, because it's BASED on the principle of fraud and deception and murder and assassination and lies and stealing and trafficking kids and blackmail. It's BUILT off of that, the power circles are built off of that, and the blackmail rings are built off of all of that. We saw that in Chapter 2 in the Divine Principle about Genesis chapter 3 with the fall; same thing. That's where it's all built. So, you have the aggregation of all the collective evil come into that power because it's incentivized, and you're promoted, you're given big bucks to do it. So, it's the den of prostitutes and assassins.

## Father on the Throne

No country really is stable right now, and the young generation coming up is like, "What happened to this world? How am I supposed to grow up and succeed in this world?" I mean, it's so dangerous; everything is exploding. Of course, thanks to the Han Mother! We told this ten plus years ago, because we knew there would be a cosmic-level judgment for a cosmic-level fall. No questions about it.

At the time, people thought we were crazy and said it was not going to happen. And the Family Fraud was laughing, telling Tim Elder they had 200 years, 200 years to play with that wealth. 200 years! That's what they were telling him before they fired him, "you're making a big mistake because we got enough assets to last 200 years for all of us and you're going to give it up for ..." whatever. You see, that's what they said. It DIDN'T even go ten years! It started blowing up, exploding.

How did that even happen? We talk about it all the time; all the judgments, macrocosmic judgment, economic judgement, biological attack, World War III judgment. You're talking about every nation collapsing, communism rising; political Satanism being on a tremendous rise. Evil powers. Even more strife and factions and more polarization in all the Western countries now being collapsed by invasions from
the south and invasions from the north and invasion from all over into Europe. Oh my gosh, it's incredible! The world is precipitously collapsing.

And at the same time, you get the exact same laser-guided missile. BOOM! And the organization that betrayed True Father - boom! - it exploded, with a national level crisis. How did that happen? And then legally now their non-profit status has already been moved forward. So, they're totally on lockdown and they have to produce records and not only audit, but every three months, they have to produce their assets to the public. They have to show that they are not embezzling money outside to foreign countries, giving it to the Han mother in Korea. So, they are totally, totally dead. The faucet is off. It's unbelievable!

That happened after ten years. You see, people just don't realize how unfathomable that is. It's just unbelievable. You talk about the probable percentage of this happening; it's like one out of billions, billions, billions, billions, trillions. It's unfathomable! It's only by the hand of God that it can - boom !- happen like that. And if Father was not on the throne, then none of that would have happened. With all the problems we're talking about, all should have collapsed, but because he is on the throne, all these prophecies not only macro, but also micro came to fruition. And it's exploding. Every week we get a report, and every week people are starting to wake up, and people are coming back to Father's authority. (Applause) Hallelujah! Praise God! SOULS are being SAVED once again! Incredible, unbelievable time!

## Mark 11: 1-10

Let's go to Mark Chapter 11, a unique chapter, parallel with John Chapter 2. Let's read together:

1 And when they came nigh to Jerusalem, unto Bethphage and Bethany, at the mount of Olives, he sendeth forth two of his disciples,
${ }^{2}$ And saith unto them, Go your way into the village over against you: and as soon as ye be entered into it, ye shall find a colt tied, whereon never man sat; loose him, and bring him. ${ }^{3}$ And if any man say unto you, Why do ye this? say ye that the Lord hath need of him; and straightway he will send him hither.
${ }^{4}$ And they went their way, and found the colt tied by the door without in a place where two ways met; and they loose him.
${ }^{5}$ And certain of them that stood there said unto them, What do ye, loosing the colt?
${ }^{6}$ And they said unto them even as Jesus had commanded: and they let them go.
So, they let them go. They said "The Lord has need of this; let us go." They said, "Okay." There was not a lot of arguing, "All right, fine, take it." God had put a word in them and was touching their spirit, so they said, "All right. All right, just take it, take it. You guys don't look like you are criminals or anything like that. All right, go take it."

Then there's the famous scene; what does Christ do? This is a colt. What is a colt? It's a 당나귀; a dangnagwi is what? A donkey? It's a donkey.
${ }^{7}$ And they brought the colt to Jesus, and cast their garments on him; and he sat upon him.
${ }^{8}$ And many spread their garments in the way: and others cut down branches off the trees, and strawed them in the way.
${ }^{9}$ And they that went before, and they that followed, cried, saying, Hosanna; Blessed is he that cometh in the name of the Lord:
${ }^{10}$ Blessed be the kingdom of our father David, that cometh in the name of the Lord: Hosanna in the highest.

## Jesus on a Donkey \& the Twelve in Jerusalem

Now, we heard this story many times, but think about it in his perspective. It's only twelve of them and they're now going to make this ruckus.

This is King Herod's temple in Jerusalem which biblical scholars say is kind of like an extension of the second temple. Solomon's temple is first and then you have Zerubbabel rebuild the temple after the Babylonian exile, and now this is like an extension of it according to what they say. Anyway, there are different interpretations. The Catholic Church and the Orthodox Church say this is the third temple and it fulfills the different prophecies of Daniel. The point is you got Herod's Temple here.

So, you got Jesus and you got the twelve and they have the donkey, which is not elegant. You understand, the Roman emperor rode on a white horse, a big majestic muscular horse, you know that tall. He's up like that tall; the donkey's like that short. Do you understand? The Caesar is riding on that white horse in the red and gold garments and everybody's looking at him," Oh, wow!" He's like riding a Bentley or something like that; he's got the Bentley of the time.

But what is Jesus riding? This is the Lord of Lords, the King of Kings; this is the KING of Caesar. This is CAESAR's KING and he enters this temple. It says, "He enters Jerusalem and he enters the temple." Do you understand? Look at this fortification here? You have the Gentiles' courtyards. This is where Jesus is flipping the tables. In John Chapter 8
right here near the lighting of the oil symbolizing the pillar of fire, that's where he says, "I'm the light of the world," juxtaposed against the oil. Unbelievable. I mean this would get you killed; this easily would get you killed. You go in there and make a ruckus, you die.

I mean, you understand? Look at this whole temple structure, this portico structure all around. This building here, they say "royal portico", that's like both the Sanhedrin and the Roman intelligence connectors. That's basically the Sanhedrin there, and the Pharisees are up there, and that's a third floor. There are like two floors. People are very tiny and you're walking around this thing and you're making a ruckus in here. Oh Boy, you're in trouble, you're big trouble.

Then Jesus is walking in this place with a DONKEY and they're putting palm leaves before him, because that's symbolic of "making the way for the Lord," and Hosanna means "God saves." God saves is what it means, right? So, they're bringing this man in as if he's the promised messiah, emperor of Israel, and he is riding a donkey. It's like Pope John Paul he rolls up in a white Rolls-Royce or something, and then Jesus rolls up in a beatup 1983 Toyota Camry or something like that.

You got the emperor rolling up in the white
Bentley and Jesus rolling up "put, put, put," in a
Yugo. Do you understand? Oh my gosh, how
 terrible that's going to look! That looks bad.
But in reality, he IS the EMPEROR of Caesar! Oh my gosh! Hallelujah! Praise God. He's the KING of Caesar, but yet he's driving around in a 1983 Camry. You understand?

And the Sanhedrin is looking down here; they're looking down all the time from the third floor. Remember, in the ancient world there are no skyscrapers. A third-floor building is a giant building. There are no skyscrapers in the ancient world. People think of the Pyramids but they're not skyscrapers; you've got no apartments on top. They're killing kids up there on the top, like with Montezuma and those Aztecs etc.

But the point is, you don't have the huge skyscrapers with the big apartments and looking over two hundred floors, etc.; you don't have that. In Jerusalem, which is very flat, and it's arid, and it's not that heavily densely populated with trees and things like that. This is quite incredibly high; you're on Temple Mount and you're in the third-floor part of it. They are looking atop all the normal people running around here, all the Gentile quarters here. This is the Jewish quarters, and only the male priests can enter into this area.

So, you have this whole incredible structure, but look at the Sanhedrin standing here. And who comes in through here? A little man with twelve guys with palm trees. You see, they come up the little ramp, they put palm trees up, "HOSANNA! HOSANNA!" And he is on a donkey!

## Monty Python

They go up there and the donkey's down here. (Laughing) "Wooh! Open the gates. I demand you open the gates. I'll call the reinforcements." But he's not even up here on a horse; he's riding like that. He got one of his disciples with the coconut behind him go ...(Laughing) We have too much fun in Sunday service and in Bible study; too much fun. Okay, but if you know, you know. All the young people are like, "What is this thing he's talking about?" We're talking about coconuts, but y'all got to watch Monty Python; it's before your time. You understand? https://www.youtube.com/user/montypython

If you don't watch Monty Python, watch our friend TheManSpot.
https://www.youtube.com/watch?v=6IK9pIsF6gQ. He does a beautiful thing about that and the deadly rabbit from the cave. You remember that? "He's more fearsome than the red fire-breathing dragon; it is the bunny rabbit from hell" or whatever it is. Oh, my Lord!

## Fulfilling a Condition of Royalty

So, Jesus is running around on the donkey, tiny little thing into this incredible structure. Look at these gates! Jesus is spitting through this small door- probably that small, half of it; probably that size- on the donkey which is not tall. Donkeys are like what? That tall? A horse is like this tall, right? To the shoulder blades. A donkey is like down here. It's like a big dog; that's what it is.

Jesus is riding that and all the disciples are screaming, "HOSANNA! HOSANNA!" Oh, my God! Can you believe that? We're here so far away it just feels like, "Oh yeah of course Jesus did that because he's the victor and he's the king." But you imagine at the time how ludicrous that is. Talk about making a scene! Oh, my Lord! He is the king of making scenes! My God!

But you understand? He's fulfilling a CONDITION of royalty. And look at Father; it's like saying, "Father, why are you going up in the US Capitol to be crowned by these representatives? Why be crowned as the prince of peace and all this kind of thing?" These are all symbolic royal processions and victories on a symbolic level. Even though it was a donkey with the palm leaves, they did what they had to do with what they got. Amen! They didn't have all the cauldrons of gold and all that kind of stuff; they had to use palm leaves and they had to use a donkey, a tiny colt.

But you understand, at the time it's insanity. EVERYBODY's laughing and EVERYBODY's staring at him. EVERYBODY's saying, "These people are crazy." EVERYBODY's saying, "They're a cult." EVERYBODY's saying, "Your religion is going to die out." You understand? They are a pathetic, failing group. You see? You imagine the Sanhedrin on the third floor of this portico here on this side and they're just watching this guy. You just imagine them with their huge robes and those giant hats; they wear the big black hats with the big robes on them. They're thinking "Look at that fool coming in!" There's a whole group of them with their big beard, "Look at him, look at him, look at him!" It's a whole coterie of them up in there on the portico getting upset, "Get him DOWN!"

You can imagine how unbelievable that is what Jesus did! This is incredible. Because we always take the context of these stories out of the historical picture, you can't see what an unbelievable courage and bravery you had to have at the time. You got literally eleven guys there; that's all you got. And it's the WHOLE of Israel against you and this one healer person that you think is the Messiah, and everybody thinks you're nuts and you're a cult and think you are blood-drinking cannibals, "You drink the blood and eat the flesh of your dead zombie risen Lord!" That's what they say; that's literally what they say about the Eucharist, etc. Right?

So, you understand, it's eleven people. I mean sometimes we feel this gathering's small, but we're already more than eleven. Can you imagine? It's like just the two front rows. And then we're like, "Okay, we're going to go into ..." not even Morristown; it's like going to Nashville or like freakin' Philadelphia or something like that. Do you understand? It's like, what are we doing? What in the world are we doing? This is INSANE! That soccer team got more players than us. Lord, have mercy!

## The Fastest Growing Religion at the Time of the Founder

You can't take it out of that context; it's so important. Because at the same time now you look 2,000 years later; look at True Father's tradition. EVEN when I was in the world religions' class at Harvard and we got onto the section of the Moonies ... We are studying about the Moonies and I'm there just like a Buddhist monk, so nobody knows who I am. We're studying the section about Moonies and then Professor Queen, he literally says, "This is probably the fastest growing world religion during the time of its founder." Why? Because the founders of world religions, they usually get killed, they get assassinated. Jesus was crucified. John Smith was shot up.

From the next generation, most of them die off. Some of them are able to survive the test of time but those are usually from the second generation, third generation, fourth, fifth generation. In Christianity it was literally three hundred years later when Constantine brings Christianity into the state. They were a persecuted cult for HUNDREDS of years,
folks, for hundreds of years. Do you understand? For hundreds of years, they were a persecuted cult.

Sometimes we feel like we're persecuted by the Christian community in America, but you got to keep things in perspective. It's NOTHING compared to what the Christians had to get for three hundred years- nothing. They were called a cannibalistic cult that literally had to drink the blood and eat the FLESH of their messiah, their dead and risen zombie king. And this cult is growing; for three hundred years suppressed as a cult until it's legitimized by the state and Constantine amidst other religions. Of course, he was not a full hard on Christian. He allowed it to have political power. He allowed the worship of Jesus Christ alongside of the worship of other idols; it's not like he became a Christian.

But the point is: the context is very important. We have to always remember the context. We are in the early period of our church history; we are in the early period of Cheon Il Guk history, early period. So, the things that sometimes we compare to, like," Oh, we're not as big as the Methodists"; well, Father trained all those pastors with the Divine Principle. A lot of them were teaching the Divine Principle in the modern Christian period. Now people are teaching all sorts of things; for example, one famous dispensationalist on YouTube is talking about the fall as sexual. Where the heck do you think he got that from, huh?

## Sexual Union in Marriage

That's one of the key things. If you have that hermeneutical Scripture, you have that understanding of Scripture, then you're going to TEACH your flock to guard their sexuality and be pure. If you don't have it, "Oh, all sinners sin. You know, sometimes we bang chicks and sometimes we smoke drugs, but all sinners sin," you just have this kind of stuff. You understand? It just becomes washed away in the big thing of sin.

When the root of the family destruction, the taking down of the marriage covenant, the taking down of God's system and the center of civilization, the core unit of civilization, all that really begins with the sexual deviation. Literally. Because marriage is literally a sexual union; it's not just roommates. Huh? If y'all are room mating with your wife you got problems; you need counseling and chastising by the Holy Ghost. You're not just roommates. The whole purpose of marriage is to have the sexual union flourishing.

In the Cheon Seong Gyeong, when Father talks about absolute sex, he says, "The husband must be funny, he must be playful, he must make the wife laugh." The boys never want to read that part. They don't want to try to romance, huh? They just want to go, "Look, Father's word said we got to have a lot of sex." You are ABUSING Father's word; you bum-bum bozo. You understand? You have to also be romantic; you have to be funny; you have to bring laughter. You understand? And, of course, have priestly authority, which means
you are in the Word and you're serious and you take time to invest in your mind-andbody training. You ought to be doing these things as well to gain the respect.

So, the point is, if you deviate from that in the covenant of marriage which is sexual in nature... It's literally, "Be fruitful, multiply and have dominion over creation"; literally that is where the fruit of the next generation COMES. Huh? They say, "Oh, the Moonies always talk about sex." Literally you came from sex, you bum-bum. Anybody who says that, it's like: hello, you literally came from sex, you bum-bum! We're just honest about it; you're not honest about it. You're trying to be some kind of holier-than-thou Catholic. You want to castrate yourself so you can be saints and apostles.

No, no, no. That's the period of the bride; the New Testament church is the bride waiting for the return of Jesus. When Jesus returns, he is going to bring the Adamic culture. We got to be HONEST about these things because if you're not honest about it, the Devil's going to be honest about it and steal your children and grandchildren. That's the base line.

So, you got to be honest about sex and be talking about it, and in order to talk about it happily in your marriage you have to actualize; you have to have a good relationship with your queen. If you don't, every time you bring it up your queen's going to get upset and your kids are going to sense that immediately, "Oh, here comes Daddy again, and Mommy's upset." All right, you're failing. You can't just talk about it; you have to actualize it and Mommy has to be happy about it. Do you understand? If Mommy's not happy you can talk all you want about it, but Mommy's going to get angry, run away and cry and all the babies will ask, "Oh, what happened to Mommy? Mommy, you're crying again?"

But Daddy's," Hey we got to talk about absolutely sex; it's Father's word!" You idiot! You are not actualizing. You're turning your children away from Father because you are trying to exert it without actualizing the love that is supposed to be there and the love that your queen should be feeling from you. That's important.

## Man \& Woman Both Are Sinners

Just like you don't want to feel disrespected, but sometimes your wife might do things that make you feel disrespected and you have to communicate that, you may be doing things that she feels is unloving. And yes, that may mean you have to change and modify your behavior. Oh my gosh, it's the worst thing in the world! You may have to change some of your behavior because I know you're TOTALLY perfect, right? Give me a break! Give me a break! Give me a break!

Men and women BOTH are sinners, BOTH have to be trained up, BOTH have to change behavior. Amen! God didn't put you in position of authority so you can say, "I don't have
to change ANY behavior about myself." NO! You're supposed to be submitted under God, which means you better change EVERY behavior, so it's in accordance with God's desire; you have to do that first.

I was not only a blessed child, but I was True Father's direct lineage true child, and I was not only a true child, I was not only one of Father's sons, I was LITERALLY his successor and Father literally put me in all the top positions that he held AND he gave me the authority of the Blessing in his stead, which had never happened. Father literally made me do world-level blessings in his stead. I AM that person and I didn't choose myself. You understand?

I AM that person, and to all those second-generation ministers I said, "I am sinful." Even though I didn't do drugs, I didn't do drinking, didn't do smoking; I wasn't banging chicks. I wasn't doing any of that crap but I was STILL SINFUL because I was angry at God sometimes or I wanted to neglect God; I didn't pay any attention to Him. Do you understand?

You have to do that in order to lead the people. I can't be sitting up here saying, "Yes, I'm so perfect; all of you..." No, I am the first one to ADMIT that I am a sinner even though I have all your stats; I got more stats than you. You want to compare stats? I got WAY more stats than you. You never wore Father's crown, you never were the world president of all those organizations of Father, you never did the world-level blessings on Father's stead. Nobody has done that; I'm the only one. So, I got all the stats; I got more stats than anybody. I'm not even bragging; it's real. I am literally that person but I STILL say, "I am a sinner." You see what I'm saying? That's very important.

So, because I'm a sinner and I know that sometimes I mess up in front of God, then I got to be willing to change some stuff too, right? If something really is pissing the Queen off, yeah, I will modify. You know what I'm saying? It may take a little work, but that's okay; I'll put the dang socks in the hamper. Or you know, she's going to modify too. Now she says, "Okay the socks are always inside out so I'm literally going to give them back inside out." I said, "That's fine, that's fine, no problem." When I get them dried out, I just turn them inside out and then they're back up normal. Boom, ready to go. No, no, that is no problem.

But you understand, that's why it's important. Since I have all the stats of Father, I could be running around with authority; I could let her say nothing. But no, no, of course not. I want her to feel that I love her; I want her to feel that I'm always romancing her. If there's always that bad feeling, man, then the romance starts going down. And I got to get in with the Queen; we got to get in on a date. I'm not going to play around. I've got a purpose, baby. Do you understand? (Laughing)

## Husband \& Wife on Fire

Throw away the other stupid stuff; you got to focus on the prize. That's why that energy is good; see, that energy is so healthy. When you all hear that that energy is good, "Oh yeah, that's healthy that's good," because it's in the context of the covenant of marriage. And guess what? Our children get good energy from that, our grandchildren get good energy from that, because Grandpa is always crazy about Grandma. Huh? That's good energy, that's really good energy. The power of God, the divine power, the blessing is upon that house. You see?

So, you don't let the stupid trifling stuff, the little stuff get in the way. You got to keep that energy and that power. If that's the case, then alright, if this is really, really, really upsetting her, then I'll modify a little bit here. It's not the biggest thing in the world, right?

The point is: if that covenant starts getting smashed, getting destroyed then what happens? All of society starts falling APART! Literally in seventy years, it's done. And it all starts from the relationship of marriage, if the husband and wife start getting cold and they're not hot on fire. See God said, "You better be hot or cold." He doesn't like lukewarm; either be against Him or be for Him. Stop being lukewarm. What He gave you is the covenant of marriage; you've got to be hot on fire in the marriage.

## Marriage Training for Both

How many churches would benefit from hearing something like this? HOW MANY churches, if the West started teaching this again? They always say, "Oh, the Moonies always talk about sex." We're honest about it, you bum-bums. You're the ones pretending you didn't come from that spot. We are the ones honest about it. That's why it's a totally different culture. We can openly talk about this and that's so healthy because everything is in the context of marriage, marriage, marriage. MARRIAGE is where that becomes unlocked and it becomes so amazing, burgeoning, beautiful; it should be blooming and should be hot like fire, Holy Ghost fire.

I chastise the females a lot just like Father did because the sisters need it; they never get it in the Western world. BUT also, the males, you have to up your romancing game; you have to up your romancing game. You have to bring smiles to your wife's face; you have to try. You can't just be a quiet boring bum-bum and expect her to want to jump on top of you all the time. You're boring, you're not funny and you're ugly. (Laughing) You understand what I'm saying? It's a two-way street. You got to train. I'm not the most beautiful thing on this planet, so don't worry about it.

That's why the training is so wonderful. In that whole section of Cheon Seong Gyeong about absolute sex Father says, "Men, you have to be a funny person at home." That means
you have to be jovial and joyful; you have to be funny. You have to be playing jokes and pranking and having fun with your wife. Don't go overboard, okay, because sometimes if you prank her too much, there could be a lawsuit. (Laughing)

You have to know the boundary, but you have to also be romantic and play and want to go out with her. Huh? Hey, isn't that a great idea? You have to want to go out with her you bum-bums. Huh? How hard is that? You got to be excited about going out with her. If she says, "Did you forget about our date today?" "NO! We got to go out today." You got to be excited. You are leading and the female feels that energy and then she gets excited about life; if you are there, she's responsive.

With God, yes, there are times that are quiet, but in God when you get to the Word, boy! Oh, whoa! You get turned on fire, you get so excited. Oh, my Lord! Whoa! It just comes alive. You read it a hundred times; it still comes alive. You read a normal book hundred times, it's boring as heck. It's stupid; you know what the story is. You read the Bible, you read the Word of God hundreds and hundreds of times, it doesn't matter. It's always on fire. It's alive; it's the living Word. That's how you should be with your queen. She should see you and then she should feel rejuvenated; she feels rejuvenated at the same time. And it's vice versa, vice versa. You see her and you feel rejuvenated. So, it's a twoway street; both of you got to be training.

## Stop This Ridiculous Slut Behavior!

Both you got to be training. The problem is in the Western world the females NEVER get chastisement. That's why Father had to chastise the females quite a bit, and that's why I continue in Father's tradition because the Western world is just so ridiculous; it idolizes and deifies the women. It's ridiculous; it's totally ridiculous.

Just like males, they're full of sin and hedonism and they've destroyed society buying into stupid feminism and hating their kids and murdering their kids in the womb; they've wrecked society. So, it's now the time when Western Civilization is saying, "No, we're not going to give these women a pass anymore. They've wrecked society with feminism, they've bought into it; they've ruled over us, they've been sluts and been killing children. We've got to say 'STOP! You're wrecking society and ruining it for all of us and I'm two million dollars in debt for doing nothing. AND they're probably going to ship me up to World War III in a freakin' draft." That's what the young people are feeling.

So, now is the time when even in the Western world, people have to say, "STOP it! No more! Stop this ridiculous slut behavior." Close your freakin' legs. Stop pretending that you're a man on the subway sitting with your legs open like that because you don't want to be oppressed. You're falling RIGHT INTO the predator males' PERVERSION, you idiot! PROTECT your eggs, you bum! That's why you cross your legs, because you're literally telling the world, "I'm protecting my EGGS!" Huh? It's literally what you're
saying. You don't open sky high as if you were freakin' flying out in a parachute or something like that. What the hell are you doing? You understand? You got EGGS! Eggs. You got the next set of civilization in you. It's just crazy; insane.

This is what the Western world has become. This is why I'm banned on TikTok and Facebook and YouTube and everything. Because you're not allowed to tell the daughters," Don't listen to those slutty predecessors. Don't go down that road. You're going to wreck your whole life." Look what they've become. They've become angry, disgruntled, lonely, anxiety ridden, regretting their entire existence and the fact that they murdered and helped murder so many children. Oh my gosh, you got a nasty sin count on top of you! Oh Lord, you're in big trouble.

## Better Be More Traditional

So, the young people, especially the next generation of males say, "No, I'm not going to go with this. I'm not going along with this anymore. If the Western girl is going to be like this, \#FWW." That means F-Western Women. That's literally a hashtag. I'm not joking; it literally is. And they say, "I'm going to Thailand, I'm going to get an Asian wife, I'm going to get a South American wife." It literally is what they're saying. "Western girls, if you want to act like these crazy lunatics and freakin' worship yourself, go right ahead. You're nothing special. In a different country I can get a beautiful woman who will actually want to be traditional. So FWW." That's what's happening. That's how far you've driven the males to insanity with your ridiculous hedonism. That's literally what's happening now.

The tide is turning. That's good because as the males push back that way the Western younger generation of daughters will say, "Oh crap, maybe it's going to become unpopular to be slutty, so I'd better be more traditional. Those girls are getting more attention." You see, the girls are going to lean that way more. That's good. "I'm not going to be able to get any male that will give me resources." Then that starts swinging the pendulum. That's good. That's a GOOD change.

## One Particular Sin Wrecking the Western World

And that has to come with repentance, CHANGING the mind. The Western world has to change their mind and stop being so FREAKIN' slutty. This is what's amazing about the Principle, and Regis encapsulated it so beautifully. The Christian Church is always talking about, "sin, sin, sin, sin". Yeah, yeah, yeah, but it's like: okay you got an ailment in your body, you came to the doctor and the doctor said:
"You know what bro? You're sick."
-"Okay. Oh, thank you. Sick, uh... Could you be a little more specific please? I have a swelling in my head and my head is about three times its size, what is this?" If the doctor said:
"Well, you know it's sickness." You'd be:
-"Bro, I'm literally going to kill you."

You understand? You got to be SPECIFIC! Is that true?
-"What is this swilling in the head? Tell me what this freakin' tumor the size of a football is coming up in my head. You can't just call it a sickness." Huh? Does that make sense? It's too VAGUE!

That's what Christianity is talking about, "Oh, it's just $\sin , \sin , \sin$." There is ONE PARTICULAR sin that is WRECKING your freakin' world and you're not talking about it. Who's talking about it? The Moonies. Why? Because in the Divine Principle, Father released it. WE are the ones talking about it. Huh? And because we're TALKING about it, what does it do? Every time we TALK about it, it strengthens our MARRIAGES, because I'm not talking to a whole bunch of monks and nuns here, I'm talking about people who are MARRIED.

The answer to the question of the disease of sexual perversion is not being a monk or a nun; that's going to create a hidden dysfunction. The Catholic Church literally became a pedophile ring and has been protecting the PEDO-PRIESTS! THAT's not going to solve the problem. That's why Father would harass and CHASTISE those priests and monks and say, "You got to get MARRIED, boy!" WHY? Because with that sexual desire, now they're raping kids, trapping kids, and when they get caught by Rome, they just get sent somewhere else; they get sent to Morocco. Do you think they're not going to be touching Moroccan kids? You see how that happens; it becomes a pedophile cult.

But every time WE talk about absolute sex and how sexual perversion is the FALL, is the sexual nature of the fall; every time we talk about that, what does it do? It strengthens our families; it strengthens our families. That's why I got to always remind you all that it's not only about absolute sex, but about romance too. It's very important because your queen is going to be feeling the love by romance, and if she feels the love by romance then the sexual union will be even more elevated.

We're the only ones HONEST in talking about the actual ailment and the freakin' tumor that's going up the Western world's head. We're not just like all the doctors saying, "Oh, well, it's a sickness, it's just a general sickness." NO! NO! It is a specific MELANOMA; it's a specific thing. And if you fix that specific thing, LITERALLY your freakin' nation will CHANGE! You got to fix this specific thing.

Just like if you got cancer because you've eaten all the hydrogenated fat fried food, you take that out, then you have a better chance to overcome it- or whatever the case may be. You have to be SPECIFIC with the disease diagnosis. That's what the Principle does; it's a laser incision with a scalpel. Ooh, I like that word, scalpel. Anybody who loves blades, you know what a scalpel is about.

But you have to be SPECIFIC about the problem. It's not just a general sickness. It doesn't make any sense to go to the doctor if he's just going to tell you:
"Well, you're generally sick."
"Dude, be specific. How's my blood pressure? What's the cholesterol? How's my heart palpitation? Etc. Tell me specifically what is my issue."

That's what the Principle does. It leads a LASER-guided missile into the issue while all the other New Testament churches don't want to talk about that, "No, no, no, it's not that. You know everything is a sin." Yeah, but there's ONE that's wrecking ALL of you, literally worse than fentanyl, worse than cocaine, worse than amphetamine; there's ONE of them that is wrecking the ENTIRE body of Christ, ONE PARTICULAR type. You got to get a handle on that, talk about it openly and warn the young people EARLY with the Principle, at least teaching them what's down the road and what's coming at them.

## Show the Counterculture

But of course, you can't only warn; you have to also actualize. That's why the marriage training is so important, and our community has been actualizing too. Why? Because you have to show the COUNTERCULTURE. You can't just criticize the culture; you got to SHOW the counterculture; you got to live it, you got to PORTRAY it. Amen! Whoa! All right! Did you hear that? (Applause) You got to BE the counterculture. That means your marriage has to be on fire. That doesn't mean you're perfect; don't worry. It doesn't mean you're perfect; no one is perfect. But that means every year you're getting better. Oh yes, praise God. That's amazing.

So, you have to SHOW the counterculture to the culture in order that the culture would come to the counterculture and make that NORMAL again. You can't just TALK about the culture! See, that's the problem with all the DP lecturers etc. Maybe they are great lecturers but their family is a wreck or they have terrible relationship with their wife. "I don't want to become like that dude. Everything you told me literally went in here and out here because of how you live." That's how the next generation feels.

Are you EXCITED about marriage and the covenant of the Blessing? You've got to be more excited than ANYBODY about it. You've got to be EXCITED about chasing your queen all the time. You got to have FUN. You got to bring all that JOY into the house. You understand? You got to be living that, because that's the counterculture.

Just like all these fools in the evil culture going out to the club like a ritual every weekend, getting hammered and freakin' trying to get some girl to get slammed. You understand? That's literally the culture they're trying to actualize; they're trying to ACTUALIZE that culture. Well, how are you going to fight that with the counterculture if you're just talking about what the counterculture is and you're not showing it? Huh? You see how that works? You got to SHOW it! That's why training is so important.

And guess what? Children more than anything, they're like a barometer. They can feel the humidity; they can feel the temperature in the room. So, you could be talking one way, but you got to actualize it in the home because they can see; they're going to see, and they're going to be your hardest critics. I just got to constantly remind you, you don't have to be perfect, but you are higher level than $99.7 \%$ of the world. Why? Because you are actualizing. That's where the effort comes in with $5 \%$ responsibility. Do you understand?

## Completed Testament Age Apologetics Tradition

In Jesus' time he is coming in on a donkey and now the Christian culture has taken over the world. It's on the decline right now but basically in two thousand years, it had taken over the world.

But think about that! We not only have Father's written Cheon Seong Gyeong, we have the Divine Principle, we have the Eight Great Textbooks; we have all that, we have video evidence, and we have all these incredible miracles that happened AFTER Father passed, AND we have a constitution. My God! We already have SO much compared to the early Christians and the first generation out. It's not even comparable!

We have an entire apologetics tradition being built up right now; Shinjoon and the younger boys, they're building up apologetics teams. Why? Because their daddy got them into apologetics EARLY; I knew that in their teens they would struggle. I told them, "Although I'm not the highest level in the world, I'm higher level than you." So, we made them do the study of apologetics, which then they got very high level at.

That helped them, especially kids who are gifted more intellectually. About 10\% of the population is intellectual, so the kids that lean more intellectual, if they are not trained in apologetics, they will go to the secular world and become atheists and fight against the church. So at least the only chance for those intellectuals to have a chance to give their intellectualism not to Satan but to God, is to have a place within the church where they can explore the intellectual reasons for God.

Preaching is one thing but it's not like intellectually reading a book or anything; preaching is to a larger group, not specifically for intellectuals. That's why the apologetics tradition is important because about $10 \%$ of your children and of the entire community worldwide is going to be intellectuals. And if there is no place for those intellectuals to use that brain power for God, they're going to use that brain power for Satan and free-sex culture. Legitimizing it and making the arguments that God is stupid and mythology and all this kind of fables and tales and all this kind of crap, when the apologetics tradition is STRONG in Christianity; it's very strong, and now it's growing stronger.

We are already taking that whole foundation and now bringing it to the next level because we have the Divine Principle, but it's still being built.

When some of my children were asking, "How come we don't have this or that?" I remember telling them, "You have to study the phenomenon of religion; there's no tradition that has all the apologetical answers to all their opponents ready to go from the beginning. Nobody has." The Christian Church had literally two thousand years to develop the arguments they have now. It was only thanks to modern science, for example.

Augustine didn't have the Big Bang Theory and the beginning of the earth. His major opponents were talking about freakin' "The universe is eternal." He didn't have all this proof. CENTURIES of development have expanded into a robust apologetics tradition in Christianity which has only been formulated really in the last couple of decades. You understand? But it's like 2,000 years of theologizing and battling opponents theologically and philosophically. It never is ready to go off the go; it takes committed intellectuals, committed people; the $10 \%$ who are blessed with the intellectual realm, to commit themselves to defend the faith.

## The Good News of the Completed Testament Age Gospel

There's a place for intellectuals, of course. Father even made the Professors World Peace Academy. He invited the top professors and we presented the Divine Principle in front of all them and Father chastised all the top professors, and remember, they'd be sitting there like this, "Rev. Moon. Oh, yes. Yes Sir, Rev Moon!" You got professors from Oxford and Cambridge and Harvard and Yale, and Father shouting, "Do you know you have to follow God, not just knowledge." You remember this? Right? This is all before; the young people never saw this time.

And of course, we have theological centers. Father put a lot into those who are gifted intellectually to help work and defend the faith intellectually. That's called the apologetics tradition. Do you understand? It's very important. And it develops over time; it's not ready to go from the freakin' beginning. Why? Because the arguments and the rebuttals are always changing, so there's always a constant interaction and constant battle between the forces of good and darkness.

But look you're coming and just starting in that phase and then you go 2,000 years later, and it's taken over the whole world. We are already WAY bigger than this phase even in the second generation. This is now the second generation after Father has ascended; he is watching from Heaven and moves with the spirit world. But look at this, even in this generation, we are lightyears ahead of where Christianity was, and as more and more people understand the good news, the gospel of the Completed Testament Age, True Parents and the Cheon Il Guk Constitution, the Three Kingships, the kingship role, and all these incredible things, what's happening physically to the world? Liberty and
responsibility are secured. NOT tyranny. The Rod of Iron Kingdom is secure. (Applause) That means true freedom for all.

## On Islam

Whereas you go to the young bucks, now they get so disillusioned with the West and the fact that Christianity got so weak since it's so feminine, like a bride waiting; it's too feminine, and now they want to do what? They want to join Islam. Oh my gosh! The more Islam spreads, the more it's going to bring totalitarianism because the entire system of Sharia law is totalitarianism. It is not freedom and responsibility. There is no free speech, freedom of media; there is no right to bear arms. There is no emphasis on the covenant of marriage, one man one woman. Uh, uh! That's out of the window. There's no moral imperative for a man to have one wife in Islam; their prophet had eleven, even though he only gave the rule for four. He broke the rule; it became eleven. And he has sex slaves on top of that, because the sex slaves are not wives; they're just meat. See? How does that happen? It's a DIFFERENT culture, a totally different world. That's why when it takes over countries, it materializes in a physical way very differently.

## Blessed in The Cheon II Guk Culture

But as the Cheon Il Guk culture spreads not only do families get stronger, families get more trained up, husband and wife become stronger, but also polygamy, the deviant sexual culture, LGBTQ terrorism and all those things will fall away.

Russia has designated LGBTQ as terrorist organization. (Applause) https://www.theguardian.com/world/2023/nov/30/russia-supreme-court-outlaws-lgbt-movement Wow! Putin is a Christian king. Wow! If there's a civil war in America can you imagine if Putin showed up at Mar-a-Lago on a submarine and said:
-"President Trump, I stand with you!"
"Oh, my old friend Putin! Putin, it's so wonderful to see you. I LOVE Russia. He is my best of friends, the best. It's only the best, with me the best."
-"Oh, President Trump, I love you." Can you imagine if Putin comes and he joins the South to stand with the patriots? Oh my gosh! Holy shmita! He said he doesn't like DC or the globalists anyway; he doesn't like MI6 and the Mossad running the sex-trafficking ring. He's actually against that.

So, he's like a Christian king, and Iran is on the growth for Christianity to reshape the entire Persia. Persia is Iran. Iran has literally the cultural hegemony of the entire Middle East. Persia is the biggest civilization. It's like the fact that China's culture dominates Japan and Korea. It's like that; Persia is the main thing, and now Persia is doing what? Switching from Islam to Christianity. (Applause) Oh my gosh! Whoa! Hallelujah!

China is turning from Red Dragon commie China to hidden backdoor underground Christianity and the love of Jesus Christ. Wow! They better not stop there; you can't just be the bride just waiting. You got to MEET the Bridegroom and come into his Kingdom. Then you're going to protect your nation forever; then you're going to have a Rod of Iron Kingdom in China, a Rod of Iron Kingdom in Iran. Man, these countries can be FREED and liberated from these demons! Oh, my Lord!

You see the tides are changing in these major cultural hegemonic powers; it's incredible. Things are happening that we cannot see. The whole geopolitical world landscape is being reformed. And it literally is happening because the hearts are being changed. They're realizing that the mullahs and the caliphates of the Middle East are not going to do it. People want to turn to God; they want to cry out to repentance. They want to be filled with the Holy Spirit and say, "We can't stop there."

Look at what happened in America; it stopped there. It stopped there, and then hedonism crept in. And look at the West; it stopped THERE and then hedonism crept in and took over the Catholic Church and it became a pedophile ring. LITERALLY. Look at Europe being destroyed. You can't stop at the New Testament era, you got to come INTO the Completed Testament era.

You've got to meet the Adamic True Father and you got to come under the authority of the True Father and the True Parents in Cheon Il Guk, (Applause) become one with the Three Kingship, become coronated kings and priests, BLESSED families, BLESSED marriage, BLESSED covenant, BLESSED power! Oh Lord! They're talking about black power; this is blessed power, boy. It transcends all races; not white power, black power. Ah! BLESSED power! It transcends all races! You see what I'm saying, folks?

So, it's an incredible time, unbelievable. Oh man, I wanted to go deeper into Mark chapter 11. I spoke too long, dang on it! Okay, we'll get into Mark chapter 11 a little later. Let's pray!

## Pastor Sean's Reporting Prayer

Father God, we thank You for this beautiful day. Father, we thank You for all the things that You are doing across the geo-political world. You're now moving the entire landscape, and it's incredible in 2024, the things that we cannot see. Iran is starting to TURN to the Gospel. China is starting to TURN to the Gospel and have underground churches everywhere. People's hearts are changing and turning, but they must not stop there. They have to come into the COMPLETED Testament to COMPLETELY secure their nation from political Satanism, from the Devil's grasp.

FOREVER and ever, may Your Kingdom reign. The Rod of Iron Kingdom, Cheon Il Guk is here. The Constitution is here; it's been unleashed. And the more the good news of the Completed Testament Age spreads, the gospel of the Complete Testament spreads, the more liberty and responsibility will be secured for ALL people; black, white, red, brown, it doesn't matter. ALL peoples will become the children of God, and not only that but CITIZENS of Your Kingdom and be raised and coronated to become kings and priests to REIGN, a poimaino reign, shepherd reign, poimaino RULE the nation with the Rod of Iron, with the Three Kingship and to SECURE that powerful liberty and Cheon Il Guk Constitution for ALL peoples of the planet. And chase away the darkness, chase away the Bilderberg group and all these evil cabals that are now FRANTICALLY trying to destroy the entire world.

Father, we stand against them; we REBUKE those demonic powers. We see them falling and the chains are being unlocked and unleashed and the people of God are waking up and realizing that they've got to step INTO a new relationship with the Returning Lord. They've got to come into the Divine Principle and be clear about the sickness, not only general sickness. SEXUAL sickness has to be healed by the power of the covenant of the blessing, love and romance, absolute sex and romance in marriage, and the power of powerful relationships with our progeny, with our children to INSPIRE them to get strong in their blessing and their covenant of marriage for the next generation, FURTHER and further for Your Kingdom.

We want to give You the power and the glory; we want to give You all the praise today. We thank You for all the things that You're doing in this world. We thank You for the Word today in Mark chapter 11 when we understand and see the Lord Jesus Christ riding on a donkey, so humble in the beginning, but he is the KING of Caligula and Tiberias, KING of Caesar, KING of all the emperors of the world. He is the one and he was riding on a donkey. He started so humble, and ended up taking the entire world's culture. Your culture is now on the rise. Your culture is now going to take OVER the entire world and protect it from Satan's grasp once and for all.

We give You the praise, glory and honor. We thank you, our Father who LOVES us and empowers us and spreads His love over us and grace and hedge of protection. We give You the praise, glory and honor with all those gathered here together with the Three Generation Kingship. We pray. Amen, and aju! Hallelujah! (Applause)

Everybody, let's rise and give God the praise.
