## **Hydrafacial® Treatments Now Available at SRMC Plastic Surgery**

**SRMC Plastic Surgery now offers Hydrafacial®, a one-of-a-kind skin rejuvenation treatment that delivers an instantly brighter and smoother complexion.**

Struggling with dull, tired or aging skin? SRMC Plastic Surgery now offers Hydrafacial®, a one-of-a-kind skin rejuvenation treatment that delivers an instantly brighter and smoother complexion.

Board-Certified Plastic and Reconstructive Surgeon Linda Camp, M.D., FACS, performs the innovative Hydrafacial treatments at SRMC Plastic Surgery to revitalize skin in as little as 30 minutes, with no downtime. A Signature HydraFacial is available now for an introductory price of \$149.

“Gentler than most traditional facials, Hydrafacial combines the benefits of medical-grade technology to simultaneously cleanse, extract and hydrate skin in one session,” Dr. Camp said. “This treatment is designed for nearly all ages and skin types, and can be customized to address a person’s unique skin conditions and needs.”

According to Dr. Camp, Hydrafacial can help improve the appearance of a broad range of skin care concerns, including fine lines and wrinkles; uneven skin tone; elasticity and firmness; oily or acne prone skin; enlarged pores; dryness; sun damage; and dark spots.

“During a Hydrafacial treatment, pores are deeply cleaned with a gentle vacuum tip while infusing the skin with hydrating serums,” she explained. “Most patients experience visibly smoother, more radiant skin after just one treatment, and because Hydrafacial is non-invasive, there is minimal skin irritation and no downtime. Most patients are able to return to their normal activities immediately after the treatment.”

To book your appointment now for Hydrafacial or to schedule a consultation with Dr. Camp, call SRMC Plastic Surgery at 330-332-7383 or visit [www.srmcplasticsurgery.com](http://www.srmcplasticsurgery.com). SRMC Plastic Surgery is located at 2094 East State Street, Suite G, in Salem. SRMC Plastic Surgery is an affiliated practice of Salem Regional Medical Center.
