Providing comprehensive health care for
everyone.

OUR MISSION

To provide access to comprehensive, integrated health care, regardless of the ability to pay, eliminating health disparities among the underserved.

Lakeshore's highly trained staff uses the latest technology to deliver the best care.

WE ACCEPT

- Private Insurance
- Medicaid (BadgerCare)
- Medicare
- Uninsured - We offer sliding-scale fees based on household income.

Lakeshore Community Health Care offers medical, mental health, dental care, in-house pharmacy and support services. We work with community partners to refer you to any specialty care we are unable to provide.

Our skilled health care professionals believe everyone has a right to quality health care and work hard to make sure all of our patients receive the help they need.

If you have struggled to find a dentist, doctor or mental health counselor, let us be your health home!

We respect and celebrate cultural differences and have interpreters for patients who speak a language other than English.

TWO LOCATIONS

We provide medical, mental health, dental care, pharmacy and support services in Sheboygan & Manitowoc.

SCHOOL-BASED CARE

We provide school-based dental services including exams, cleanings, sealants, fillings and more to students during their school day in most public schools in Manitowoc and Sheboygan Counties.

Our PATH counselors serve the Sheboygan Area School District.

LCHC also provides full-time counselors to the 'Providing Access to Healing' (PATH) program in the Sheboygan Area School District. The program makes mental health services and therapy accessible for children in elementary, middle and high school.

OUR FUNDING

Lakeshore Community Health Care is a 501(c)(3) nonprofit. Donations from local grants, foundations, businesses and individuals help us carry out our mission.

And we are a Federally Qualified Health Center (FQHC), which guides our mission and includes funding and benefits that help us serve uninsured patients. We also accept patients with insurance.
