

WARRANTY

Cardinal Acoustics, Inc. panels meet the requirement of the IBC Building Code for Class A Interior finish. When tested in accordance to ASTM-84, the flame spread is 25 or less and the smoke development is 450 or less for all Cardinal Acoustics, Inc. Interior panels.

Cardinal Acoustics, Inc. extends a lifetime warranty against breakage from the date of final acceptance for its products and systems when installed in accordance with the company's published recommendations at the time of purchase as well as CISCA recommendations. Liability is limited to a refund of the purchase price or replacement of material. No responsibility will be assumed for other applications not referred to in this literature.

There is no asbestos, nor has there ever been any asbestos used in Cardinal Acoustics, Inc. products.
