

Westcon shall be a total supplier of innovative and environmentally friendly solutions, and we shall be a reliable partner.

We support the UN Global Compact, the UN Sustainable Development Goals, and the Paris Agreement, and we prefer to work with suppliers and partners who do the same.

- We shall deliver our products and services with focus on the lowest possible global footprint and monitor our emissions in accordance with the GHG Protocol.
- We shall take ownership in creating a more sustainable future by developing improved renewable and transition solutions, and promoting recycling, reuse, and circular design in our solutions and throughout our value chain.
- We will engage with our suppliers and partners to mitigate sustainability-related risks in our value chain and to identify opportunities for improvement.
- We shall act responsibly to the benefit of our employees and society and safeguard the health, safety and well-being of our employees and the communities where we do business.
- We shall ensure an inclusive working environment, promote equal opportunities, and facilitate for diversity among our employees.
- We shall safeguard human freedom and labour rights.
- We are committed to governing in a sustainable manner and have a zero-tolerance approach to corruption and bribery.
- We work with Sustainability as a continuous improvement process and recognize and act when and where we can and should improve.
- We shall publish an annual Sustainability report and adhere to required and recommended ESG reporting frameworks and disclosures.
