Overnight – Eka Hotel

Jan 15 – 18
Early morning departure with our senior guides for our transfer in Wildlife Safari’s custom built 4WD safari vehicles to our lodge in Amboseli National Park. Enjoy lunch followed by an afternoon game viewing drive in Amboseli National Park, possibly around the many lakes and springs fed by Kilimanjaro’s melting snows in search of one of Amboseli’s imposing elephant herds as well as the multitude of bird species. We will have four days of unlimited game viewing in the Amboseli, including the wonderful population of elephants known individually and studied by world famous Elephant Researcher Cynthia Moss for over 43 years. As one of Oakland Zoo’s Conservation Partners we are invited to visit the Amboseli Elephant Research Camp to get the most up to date information on their research and conservation work. We also have the option to visit a local Masai village and spend time learning about the Masai culture – a US$ 20 per person donation to the village is usually required and this payment should be made directly to the village.

Overnights – Ol Tukai Lodge (B,L,D)

Jan 19 – 21
Early morning flight from Amboseli to Samburu National Reserve, via Nairobi. Wildlife Safari will send another set of 4WD safari vehicles with expert guides from Nairobi to Samburu. Our new vehicles and guides will meet us on arrival in Samburu and conduct all of our game viewing activities. We will enjoy three full days in the Samburu sanctuary with unlimited game viewing. We are also invited to meet Oakland Zoo Conservation Partners from the Samburu Elephant Project, Reticulated Giraffe Project and the Ewaso Lion Project.

Overnights – Samburu Game Lodge (B,L,D)

Jan 22 – 25
The Oakland Zoo group will fly from Samburu to Maasai Mara National Reserve where our Wildlife Safari vehicles and guides from Amboseli will reunite with us for four days of unlimited game viewing in the Maasai Mara. Enjoy an extended game viewing drive with a special lunch from our lodge and enjoy a picnic in the sanctuary. We will also visit a local school and deliver school supplies for the children as part of our “Books 4 Kids” project.

Wildlife Safari is a full service tour operator, we take care of all land arrangements from the time you arrive at your destination to the time you depart on your flight home. We do not provide a hotel booking service only, nor are we a transportation company and we don’t handle partial land arrangements, as omissions can happen with more than one supplier involved in the mix. Unless noted otherwise, all hotel/lodge/camp/resort accommodations are quoted as “run of house” and room upgrades are available at a supplemental cost. As outlined in our published “Terms & Conditions”, our costs include expenses incurred for advertising, sales and marketing, promotions & reservation service.

Wildlife Safari offers exceptional destination and product knowledge learned from our forty years of “hands on” experience as a luxury travel company. Remember, booking on a website may be cheaper, but cannot provide the same level of assistance both in U.S.A. and on the ground at your destination.

All airfares and land costs are subject to change without prior notice due to events beyond the control of Wildlife Safari. Receipt of your full payment by Wildlife Safari will guarantee your travel arrangements and protects you from further cost increases, including future currency fluctuations, but only if Wildlife Safari receives your full tour payment by the due date. Receipt of payment by your agent does not constitute receipt of funds by Wildlife Safari. At times, the accommodations outlined in your itinerary may not be available due to reasons beyond the control of Wildlife Safari and comparable alternative accommodations will be provided. Changes to all reservations after confirmation will incur a $50.00 administrative fee and all changes made less than sixty days of your date of departure will be subject to the cancellation penalties as outlined in our published terms and conditions. Additional charges may apply to guarantee rooms for early arrival or late departure. Our Terms & Conditions of business as printed in all our brochures apply to every Wildlife Safari reservation. A copy is attached to this itinerary or available on request from Wildlife Safari.

Wildlife viewing may vary significantly due to numerous factors including wildlife movements and behavior, climatic conditions, human interference, species biodiversity and density in the various locations visited. Wildlife Safari works very hard to provide an outstanding wildlife experience but we cannot guarantee the quantity, density or diversity of wildlife species on any particular day, in any particular location, at any particular time.

Luggage on light aircraft flights within East Africa is limited to fifteen kilograms (15) including your hand luggage and camera equipment in soft sided luggage ONLY. Luggage is packed into the belly pod of the aircraft and hard sided suitcases or luggage with rigid wheel frames will not fit. Airlines reserve the right to charge for excess baggage. Extra luggage may be stored in your city hotel or nearest airport (fees may apply).
