

# PREDATOR vs PREY RECORD SHEET

Materials Used:

Procedure:

Hypothesis:

Data:

M&M Color				
# found with lights on				
# found with lights off				

## Results:

1. What colored M&M's were the easiest to find?

Why?

2. Were you able to find all the M&M's in the basket?

Why or why not?

3. Was it easier to find the M&M's in the light or dark?

Why?

4. Did you get the results that you had hypothesized before the activity?
