You will be able to work from home, or from our friendly office environment in Limassol.

Responsibilities:

- Design, develop, and maintain efficient, reusable, and reliable C# code
- Identify bottlenecks and bugs, and devise solutions to these problems
- Ensure the best possible performance, quality, and responsiveness of applications
- Collaborate with other team members and stakeholders

Requirements:

- University Degree in Computer Programming, or a related discipline
- Familiarity with C# and .NET Core/Framework
- Strong understanding of object-oriented programming

- Proficient understanding of code versioning tools such as Git
- Knowledge or experience with CDISC data standards (AdaM & SDTM) is a plus
- Self-learning and adaptability are the key requirements of this position
- Strong organization skills and aptitude to deliver independently high-quality results and on time
- Excellent communication skills in English, both written and verbal
- Faculty to work independently as well as part of a team

Any projects that you have developed or have contributed to and you can share with us is a plus.

If you are interested in this position, please e-mail a detailed CV in English to the attention of Renos Kakoullis at career@clinbay.com by April 1st 2024.

In return for your skills and commitment, ClinBAY offers a standard salary & benefits package adapted to your competency and experience. ClinBAY will also strongly support you in your career development path to enhance your skills, knowledge, professional value and well-being at work.
