WARNING

This product is not intended to be used above ground level. This is not a climbing device. Failure to follow this warning could result in serious injury or even death.

Place Tree Bracket **B** so the feet are facing up and the rear of the bracket is facing you. Insert the **Bushings** from the **M8 x 75mm Bolts with Bushings** (75) into the holes on the upright feet.

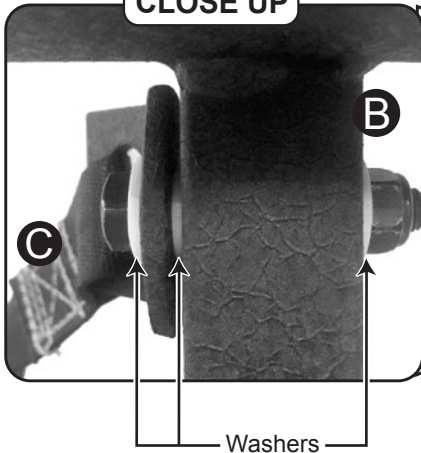

2 Lay Seat **A** top side up and align the holes on the back of the Seat **A** with the holes with Bushings on the Tree Bracket **B** and insert the **M8 x 75mm Bolts with Bushings** (75) (1 on each side).

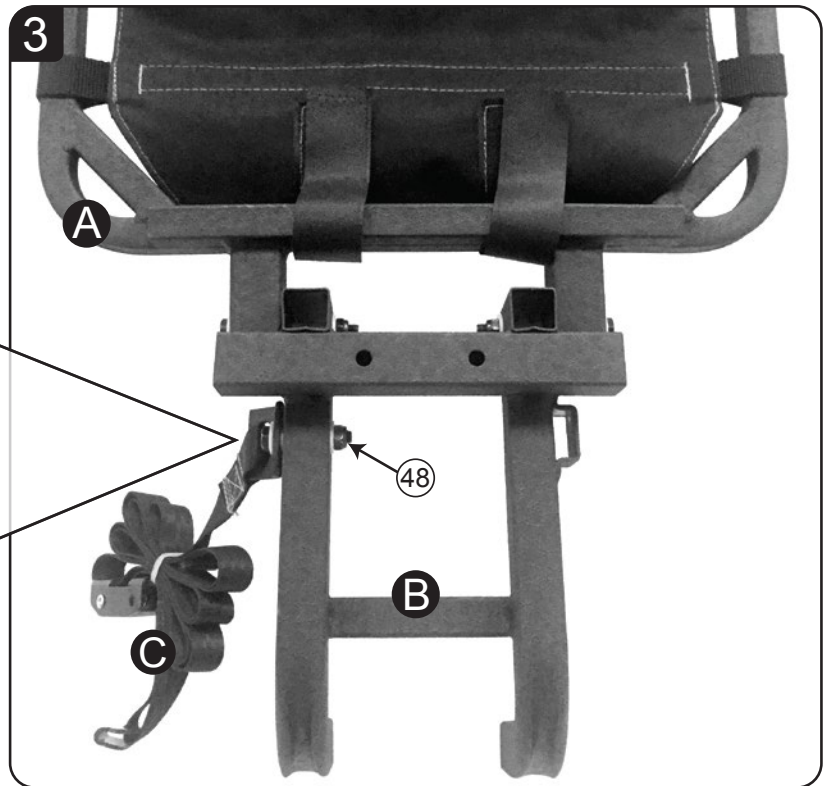

3

Flip entire assembly over so the feet of the Tree Bracket **B** are facing down. Attach the Cinch Buckle Strap **C** to the Tree Bracket **B** using **1 - 8 x 45mm Bolts with 3 Washers (48)** into the middle hole on the left side of the Tree Bracket **B**.

CLOSE UP
