Welcome to Merinda Works

Merinda Works is a classic Inospace park, located in Boksburg and close to OR Tambo International Airport. It is home to eleven multi-use units with frontage onto the airport highway.

The park provides strategically located, flexible and modern industrial space. The self-contained units offer mezzanines, good roof height, reinforced concrete flooring, roof lights, generous yard space, and onsite parking - directly outside most units for loading, unloading and deliveries. Large roller shutter doors, private bathroom facilities and kitchens are available as standard and the site benefits from 24-hour access, so that clients can keep their businesses running around the clock. Merinda Works has great transport links. It is situated just off the N12 for easy access to Johannesburg and Pretoria. Boksburg's airport node offers a wide range of local facilities, including cafés, shops, supermarkets and petrol stations. Situated close to the main arterial routes and only a short drive from OR Tambo International Airport, this park is ideal for logistics, storage and distribution businesses.
