## CASA CARES

### About us:

CASA Cares is the non-profit segment of the Commerce and Administration Student Association (CASA) at John Molson School of Business. Our mission is to contribute to improving people's lives through fundraising, inspiring students to get actively involved within Montréal and Concordia University. We aspire to form a community of socially conscious students who will continue to improve their environment by making philanthropic choices as business leaders. CASA Cares hosts various events throughout the year, each with a mission to raise money for a local charity or non-profit organization. Some of our events include Terrasse Party, Reveal Party, Movember and Drag Brunch. However, our biggest event every year is the annual Fashion Show, which has been a part of CASA Cares for 20 years.

Concordia students who volunteer as models work with us throughout the following months to put on such a special event. In March, these students walk the runway and show off clothing from some of Montreal's most unique stores and fashionable designers. This is a great way to showcase community brands while also cheering on fellow classmates.

Money raised from this event is donated to the Montreal Children's Hospital (Last year, we raised over \$50,000!). The Montreal Children's Hospital Foundation's mission is to engage the community in supporting its never-ending innovation in research, teaching, and care. Their vision suggests that the more persistence in improving care, the higher the chance to improve the life of a sick child.

CASA Cares also takes on the initiative every November to create a committee of students to help organize and host events to raise money for men's mental health (Movember). Movember is the charity making the most impact in shifting the face of men's health. It aims to address the high prostate and testicular cancer rates as well as mental health concerns in men through the funding of hundreds of projects. Movember is especially known to have men across the globe grow a mustache during November inspiring conversation, donations, and real change. Keep an eye out for JMOSB!

## A) CASA JMSB Diversity Committee

@CASA JMSB Diversity Committee

The CASA-JMSB Diversity Committee is an internal standing committee within the CASA-JMSB Board of Directors.

This group consists of one chairperson, eight board-level members, and two students-at-large. The Diversity Committee aims to work with CASA and its subsidiaries to create a more diverse and inclusive space within involvement for all students. They work towards this goal by promoting various EDI resources, consulting and advising student groups on best practices, and pushing new initiatives at the board. The Diversity Committee encourages all students to reach out with ideas, concerns and/or questions!

## B) CASA JMSB Independent Directors

The Independent Directors are a group of five individuals, who sit on the CASA-JMSB Board of Directors. They are voted by the students during the annual JMSB

student elections. The Independent Directors are unbiased and unaffiliated to any other subsidiary under the CASA umbrella. They aim to bridge the gap between board-level activities and students at large; to ensure that the voice and sentiments of students are heard by all board members. All students curious about board activities such as how policies are created, subsidiary budgets are allocated, special project funding opportunities, and general operations of JMSB are encouraged to reach out to any of the Independent Directors!
