

## SW™ SERIES INDUSTRIAL SCALES

**Intercomp's SW™ Series Scales offer unbeatable accuracy...best repeatability.**

### SW20K™ System

High capacity, portable scale system, is ideal for wind tunnel testing, weighing trailers, tractors, coaches, mobile homes and other large wheeled vehicles. This system eliminates the need to guess your corner weights. System includes handheld control box with case, four heavy duty scale pads, color coded cables with mil spec connectors and battery charger.

- Available in 20,000 lb (10,000 kg) System Capacity
- Certified to 0.1% Accuracy
- RS232 Output
- 15" x 15" x 4" Billet Platforms with Adjustable Feet (381 mm x 381 mm x 100 mm)
- Operates on Standard 9-volt Battery
- Giant 0.5" Display Characters
- Controls Include Back Light, Total Percentage, Zero, and On/Off

SW™ Scale Systems offer diversity for your most exacting weighing applications. Intercomp's unique SW™ Series Scale Systems provide all the flexibility needed to fine tune weight and balance to varying design criteria.

Ramps and Bridges Available

### SW Deluxe™ System

High capacity scale system is ideal for applications that demand a variety of weight readings from a single weighing. This system features memory storage of up to 100 complete setups, including records for vehicle type and vehicle ID.
