

# Jamboard Tech Talks

- Prepared and delivered by **Kashuan Hopkins**
  - Title: Instructional Technology Specialist
  - Also: Kurt Bernhardt – Technology Director
  - Email: [techteam@opsrc.net](mailto:techteam@opsrc.net)
  - Slides: [t.ly/g1H2](https://t.ly/g1H2) {case sensitive}
- [Jamboard example](#)

# What Are We Doing?

- Objective & Technology Integration
- Tool Overview and ISTE Standards.
- Tool Showcase.
- Tool applications.
- “Goodies”, evaluation, and questions.

# What Are We Learning?

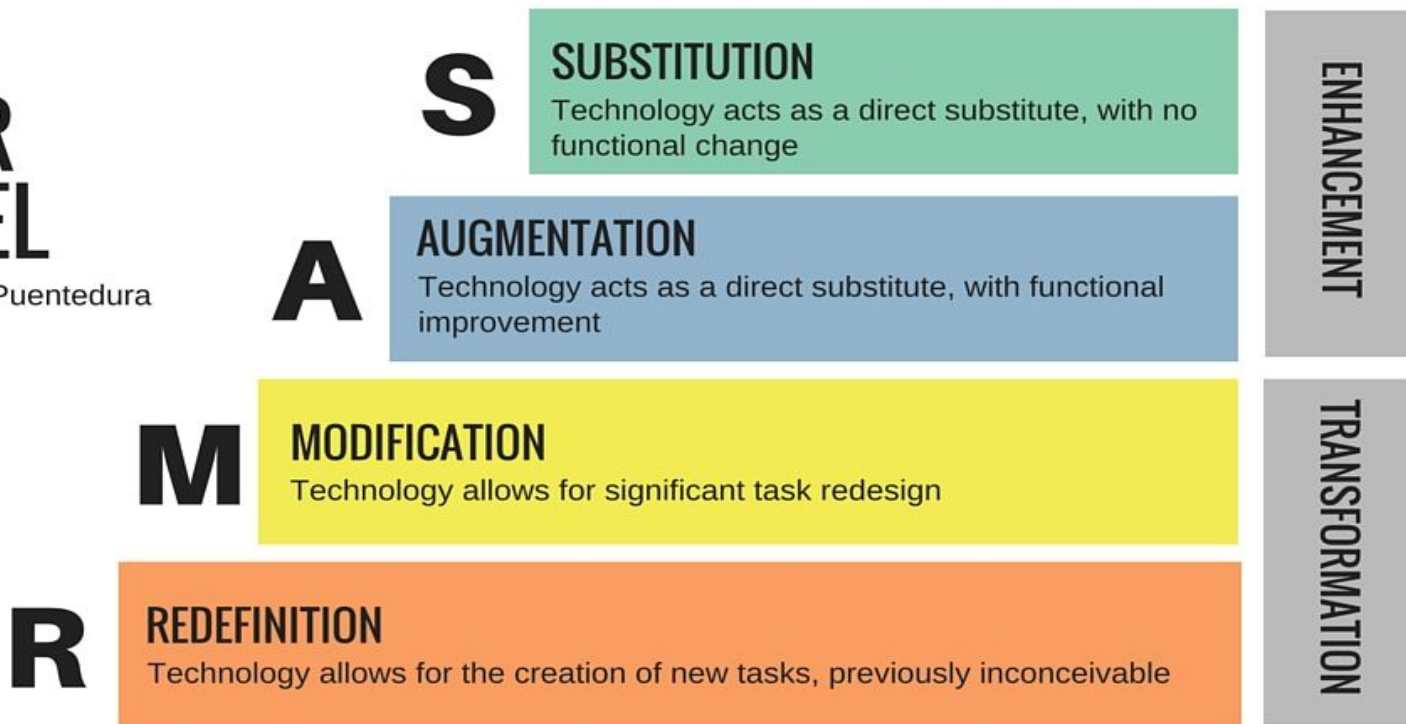

“After this training, teachers will be able to integrate **Jamboard** in their classroom to *help students organize information* and help them *achieve their learning goals.*”

# How to Integrate Technology?

## THE SAMR MODEL

Dr. Ruben R. Puentedura

# Jamboard Overview

- What is it? A digital collaborative whiteboard.
- What can it do for my classroom? Great for collaborative brainstorming, sticky note and image features, browser & mobile friendly, opportunity to build digital citizenship.
- Where do I access it? [jamboard.google.com](https://jamboard.google.com)

# Why Use This Tool?

## ISTE Student Standards

**7) Global Collaborator** – (a) connect with learners, (b) examine issues from multiple viewpoints, and (c) contribute constructively to teams.

2) Digital Citizen – (b) Students engage in positive, safe, legal and ethical behavior

6) Creative Communicator – (b) create original or remixed works and (c) communicate complex ideas using visualizations.

# Jamboard Applications

- Substitution: Educators work a problem that all students can see.
- Augmentation: Introduce a topic by having students brainstorm.
- Modification: Students develop a digital poster board filled with images, shapes, and text.
- Redefinition: Students get into small groups and debate ideas on a topic, then organize their best arguments to share with the class.
