TOYODA GOSEI CELEBRATES 10 YEARS IN CITY OF STRATFORD

Stratford's Japanese Tier One Auto Manufacturer Marks a Decade of Success

Stratford, Ontario, Canada – Sept. 19, 2023 . . . **TG Minto Corporation, a proud member of the City of Stratford's manufacturing family is celebrating its 10th anniversary at their Stratford location.** TG Minto, a division of Toyoda Gosei, is a world-class automotive supplier that produces injection molded interior/exterior parts & assemblies to Toyota and Honda including components for the Toyota Rav4, the Lexus RX, NX and the Acura RDX, MDX. TG Minto takes pride in providing high quality products while maintaining a commitment to safety, quality, and success for its employees. TG Minto began its Canadian operations in Palmerston, ON in 2001 before branching into Stratford and opening a second location in 2013. The company looks forward to its continued success in Stratford and continuing to contribute to the development of Ontario's automotive industry, together with the local community, its team members, and their families.

President Hirako Makoto on behalf of TG Minto: *"TG Minto appreciates the City's engagement and the participation of the Mayor and his team. We look forward to the Mayor's visit to our Japan Headquarters later this year."*

Plant Manager, Stratford, John Barker: *"TG Minto is grateful to the community and thanks all those who participated in its 10th anniversary event!"*

Martin Ritsma, Mayor, City of Stratford: *"We are thrilled and sincerely proud to celebrate TG Minto's 10th anniversary in Stratford. They are a world-class company and we're very proud to have them be a part of our business park landscape. Their environment policy is beyond admirable, and I'm impressed with the fact that they recycle approximately 40,000 kg of plastic per month, which accounts for 96-98% of all scrap plastic generated by TG."*

Joani Gerber, CEO, investStratford: *"I'm so pleased celebrate TG Minto reaching this landmark year. They are a wonderful company, dedicated to quality product, high employee satisfaction and strong environmental policies. I wish them continued success."*
