Why Stratford, Ontario?

Size

A small urban community in the centre of South Western Ontario, Stratford's population of 33,232 on 30 km².

Location

Home to Stratford Festival and a wide range of global industry. Uniquely situated within North America's 2nd largest IT Cluster and North America's largest auto cluster.

Infrastructure

Stratford has ubiquitous WiFi, a dark fibre backbone, municipally owned data and hydro companies as well as leading edge DSRC and 5G capabilities, all of which give businesses a competitive edge.

Leadership & Community

Stratford's forward-thinking leadership and bold community allow for faster implementation of projects and initiatives compared to larger municipalities.

Crane West Business Park

Stratford's municipally owned Crane West Business Park is suitable for companies across all sectors. Ranked as a Top 7 Intelligent Community, Stratford's world-leading digital infrastructure gives it's businesses a competitive edge.

Flexible Lots

Four available lots can be sold individually or combined to create a larger parcel for development.

Flexible Zoning

Flexible zoning for various land uses from manufacturing to large-scale office environments.

Water Management

Storm water management (SWM) will be required on each of the four available lots. The City will assist in determining the design.

Broadband Connectivity

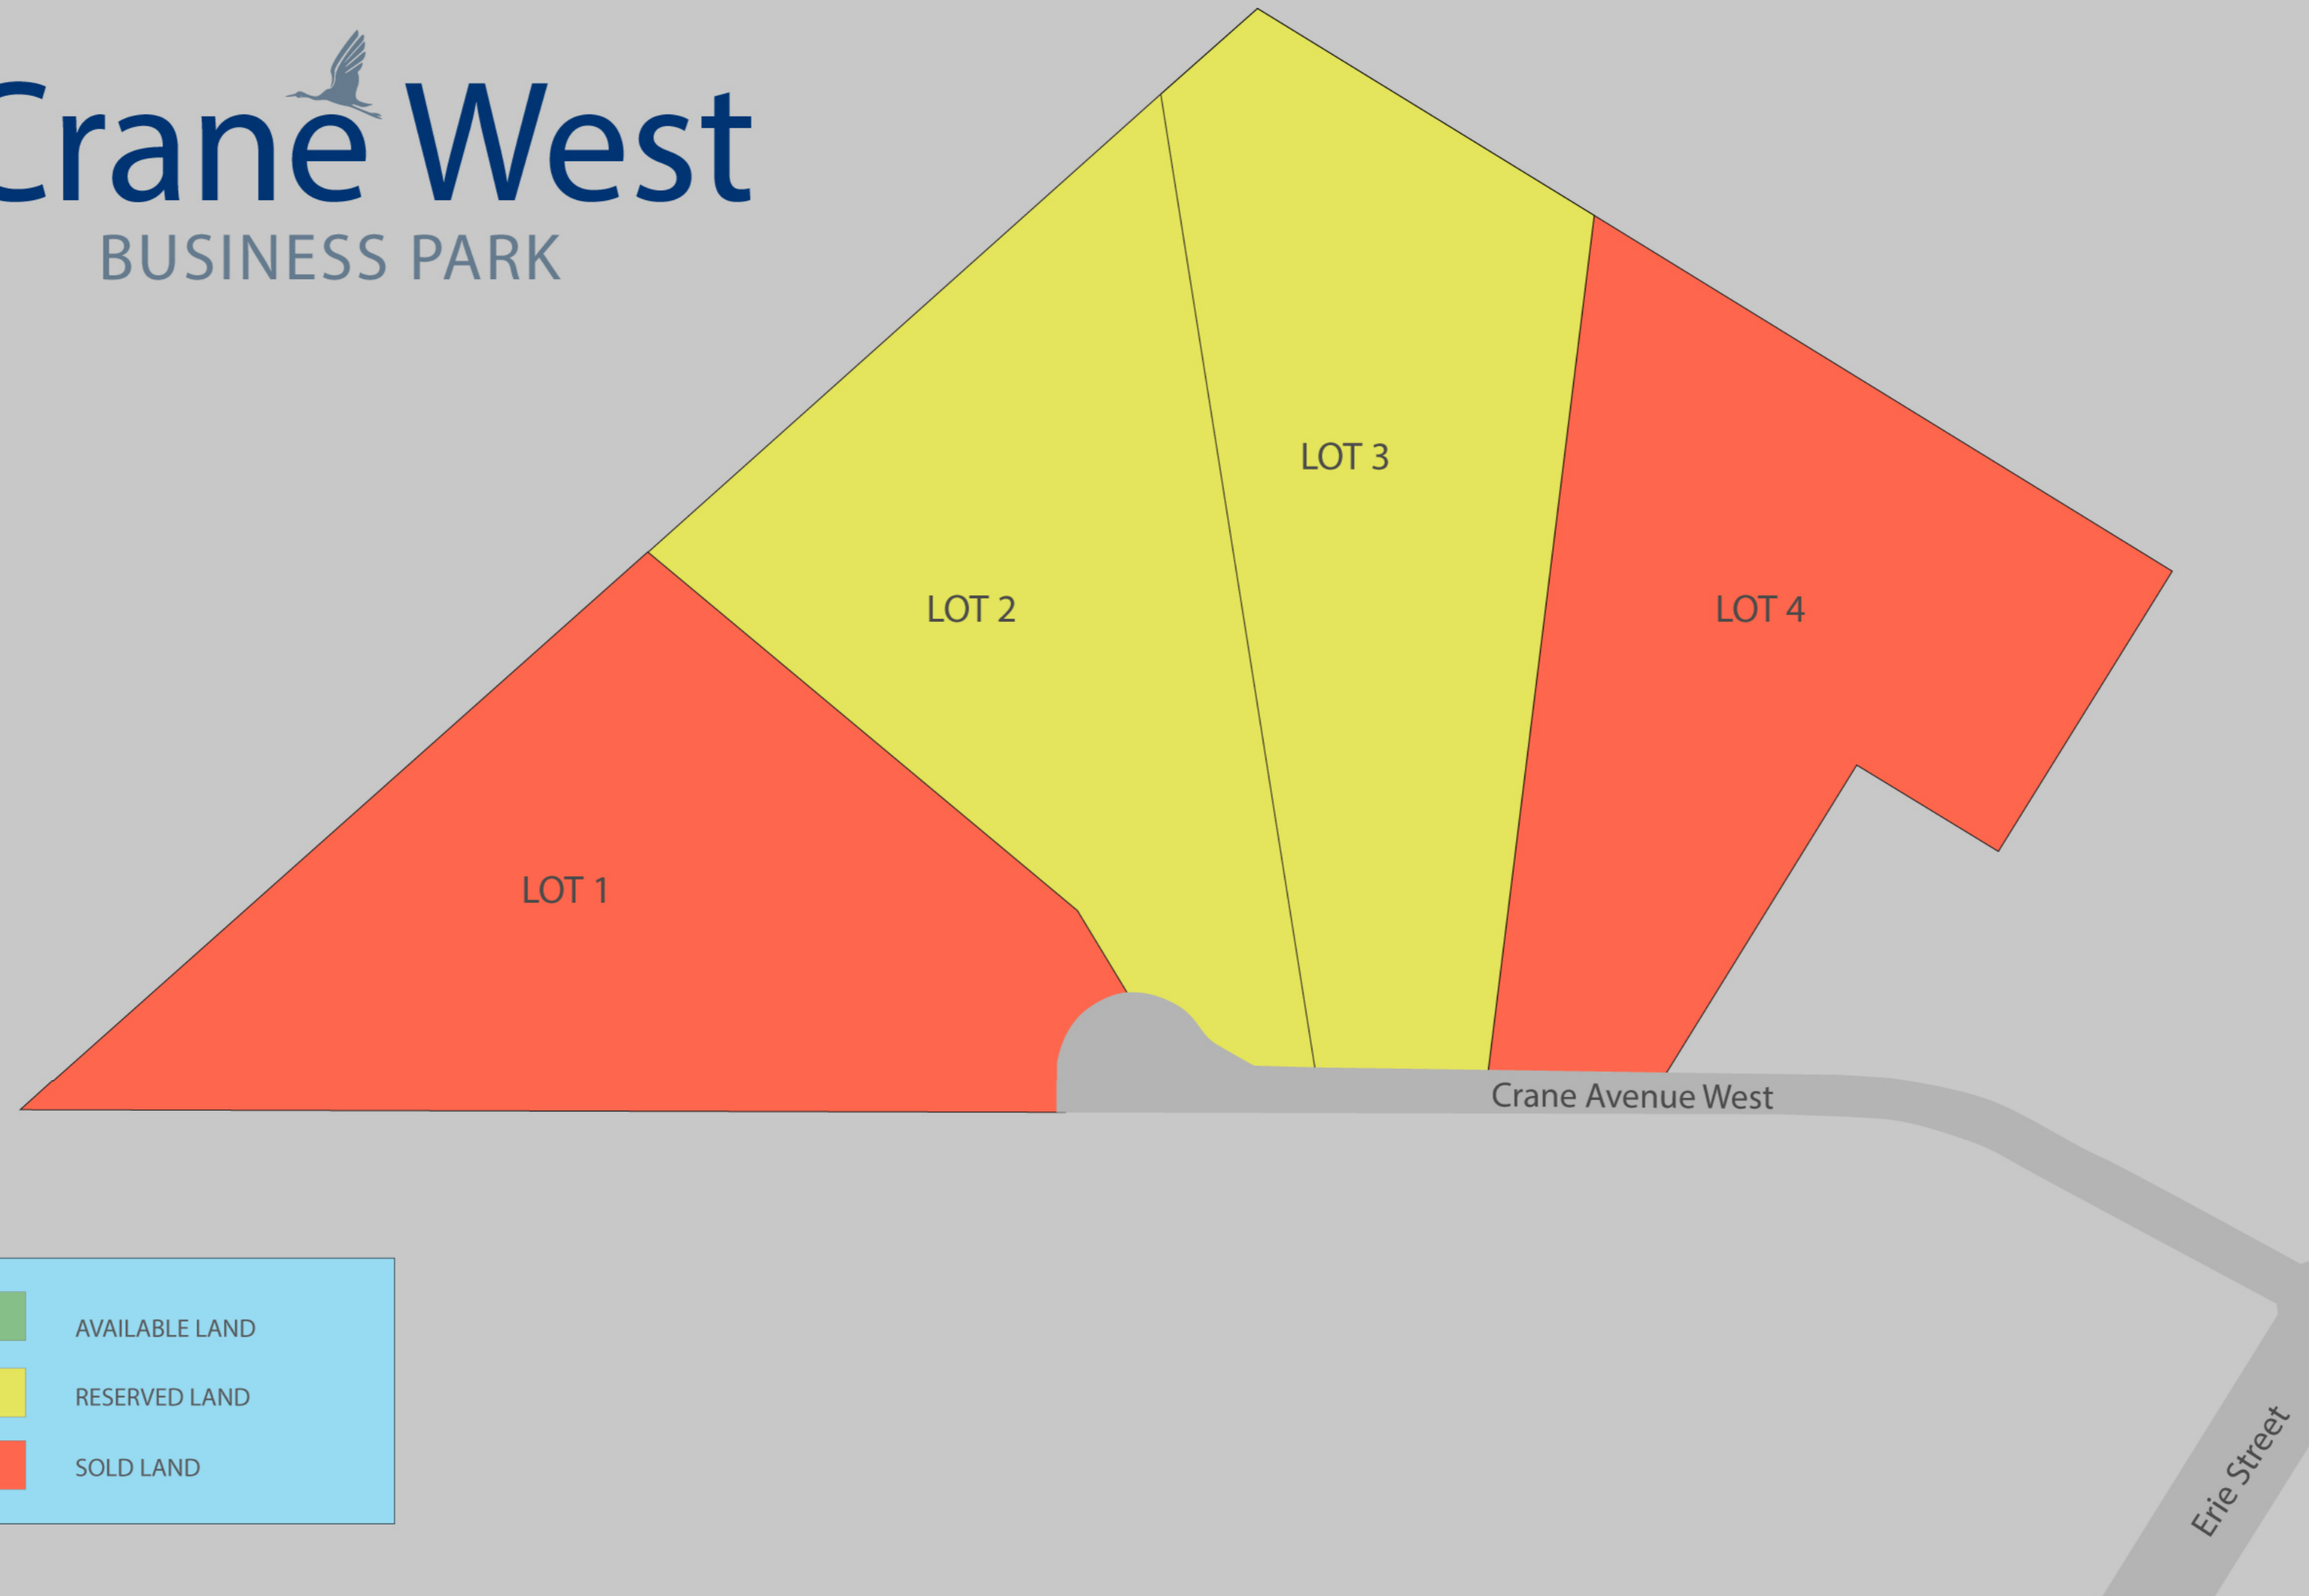

Broadband connectivity through a network of underground fibre optic cabling and a wireless MESH network is available.

Construction Ready

Lots are construction-ready and fully serviced with power, water, gas, sanitary, and storm.
