

WARM
NORDIC

From Above

The light, elegant coffee table with a glass top and coloured steel frame is designed by Morten & Jonas in 2017. The transparent glass top of the From Above table sets off the structure, investing the coffee table with a graphic look. Everything about the structure of the From Above Table is well conceived, from the encounter between the legs and the table frame to the three equilateral triangles that are revealed when the glass table is viewed from above.

Product name: From Above
Designer: Morten & Jonas
Design year: 2017
Furniture type: Coffee table
Launched: 2018
