## ABOUT THE DRIVER

In April 2021, a 5-year-old boy named James entered palliative care at the Saint John Regional Hospital. It had been a very fast deterioration from being diagnosed with a genetic disorder to suffering liver failure. The call went out to our community the week of April 19 for James' wish to be a parade of police vehicles, fire trucks, construction vehicles, cars and, of course, transport trucks. Make-A-Wish organized the parade that would drive by the hospital on April 24th at 10 am. James, surrounded by family members, watched the parade from his hospital bed that was wheeled outside to an ambulance bay. That day, so many people came together to make James' wish a reality including our Sunbury drivers. James passed away only hours after receiving his last wish. In December, during our company virtual Christmas party, the largest prize was a complete package for a Montreal Canadiens hockey game. As I sat praying to win as my son asked for a hockey trip for Christmas, the winner was drawn as Rob Dowe. In a moment's notice, it was announced that he and his family would be donating that gift to the Make-A-Wish foundation. I sat completely overwhelmed by such a beautiful gesture. This literally brought tears to my eyes as I was immediately brought back to that week of James' passing. It made me realize that dear James' parents will spend this year without him. Our company RST-Sunbury matched the donation as well. The donation will provide another beautiful child with a gifted memory to visit the hockey team of their dreams while they battle for their lives.
