Philosophy.....

CONSUMER

Mission Statement:

....To empower all individuals to maximize the quality of their lives through selfdetermination and interdependence and membership in their families and their home communities.

REACH stands for the belief that each person, regardless of physical, intellectual or emotional limitations, earning power or productivity, is born with the same immeasurable worth and equality.

What is Delta?

The word DELTA is the Greek name for the symbol of the triangle, which is often used to represent the concept of change. REACH adopts a model that reflects an emphasis on three major components of change and growth within consumers: the *consumer*, the *family*, and the *support system* available.

Purpose.....

Delta Services is a program which lends support and training to individuals interested in becoming more independent in the areas of employment, continuing education, independent living strategies, social relationships, residential choice making and in financial/economic responsibilities. Delta Services was developed by REACH to respond to families, staff and community input through its strategic planning process. A great deal of feedback was given related to the need for enriched staffing for the level of disability represented in REACH programs; programs which more clearly reflect the public school standards for training and independence, and to better support those individuals currently in REACH programs.

Delta is different from other programs in a number of ways. Opportunities for accessing the community are much greater with Delta. Staffing is enriched and there is greater flexibility in determining schedules. Delta Services also breaks with tradition, offering service hours on any day of the week, in most cases between 7 AM and 11 PM. Delta Services also provides training in real life experiences rather than artificial environments created in site-based programs.

Things you can expect from Delta Services

- **△** Continual Engagement
- **△** Consumer Decision Making
- **△** Health and Safety First
- ∆ Well Trained, Competent, Caring Staff
- △ Developing Friendships And Relationships
