

Bride AND Breakfast

Intimate Phuket Beach Wedding

MARCH 9, 2016 / POSTED BY REBECCA COATES IN OVERSEAS WEDDINGS

I have a confession for you all today: I was not even four photos into this set before I let out an “Oh, wow.” This wedding in Phuket captured by [Darren LeBeuf](#) is truly beautiful beyond words. Stephanie and Brian opted for something laid-back and intimate, and they achieved it was so much grace, class, and *fun*. The looming rainclouds miraculously left them alone the entire day, and they were even blessed with a double rainbow by the time they had exchanged “I do’s.” And as our bride wisely stated: “Nothing really matters as long as you are getting married to the love of your life.” I think anyone would agree that this is a destination wedding quite magical in every sense of the word. It truly made my day, and I hope it makes yours!
